Another difference between MLM and pyramid marketing is that Pyramid marketing requires each level to DOUBLE before a new level is created so it isn't fair to people lower down in the levels and also unethical. MLM, however, awards a commission based upon the volume of product sold through own sales efforts as well as that of the down line organization. These two actions take some creativity and trial and error. The chapters were short but really had a lot of valuable information on the subject. The author was so kind as to give suggestions to different websites that one could use for the menagerie that it marketing, also I did not know that some of the biggest social networking sites had built in schedulers to schedule your posts. I have always used Hootsuite, which she also mentions. The chapter titled "Skills to Work On" was really helpful and brought together things and skills I never thought of or never thought of as important. If you are into social marketing, internet marketing or network marketing, this quick and concise book is a great guide to get you started!" ~Sara Linville "A short, fact-based and very informative book.
