

Operation Ouch The Humanual

THE RECORD-BREAKING NUMBER ONE BESTSELLER FROM THE UK'S BESTSELLING NON-FICTION AUTHOR. Discover all the weird and wonderful things that go on inside your body with Adam Kay. Covers key stage 2 / 3 human biology syllabus (in a slightly repulsive way). 'Hilarious and fascinating! I wish Adam had been my biology teacher' - Konnie Huq Do you ever think about your body and how it all works? Like really properly think about it? The human body is extraordinary and fascinating and, well . . . pretty weird. Yours is weird, mine is weird, your maths teacher's is even weirder. This book is going to tell you what's actually going on in there, and answer the really important questions, like: Are bogeys safe to eat? Look, if your nose is going to all that effort of creating a snack, the least we can do is check out its nutritional value. (Yes, they're safe. Chew away!) And how much of your life will you spend on the toilet? About a year - so bring a good book. (I recommend this one.) So sit back, relax, put on some rubber gloves, and let a doctor take you on a poo (and puke) filled tour of your insides. Welcome to Kay's Anatomy*. *a fancy word for your body. See, you're learning already. 'The sort of book I would have loved as a child' - Malorie Blackman 'Like listening to a teacher who makes pupils fall about' - The Times 'Absolutely packed with facts... Entertaining and highly informative' - Daily Mail 'As brilliant, and revolting, as the human body it celebrates' - The i newspaper 'Totally brilliant!' - Jacqueline Wilson 'If only this funny and informative book had been around when I was too embarrassed to teach my kids about bodily functions' - David Baddiel

Harry likes running and climbing and jumping - but he does not like his nappy! It's time to learn how to be a potty superstar. Join Harry on his journey to becoming a potty superstar and learn all about potties, washing hands and accidents. Soon, you'll have a potty superstar of your own! Toddler Triumphs will reassure, encourage and celebrate the successes (and sometime accidents!) of toddlers learning how to use the potty. Tabbed pages encourage toddlers to turn the pages themselves, and the funny text and bright art will have little ones coming back to the book over and over again.

Operation Ouch!Puffin

Transported to the land of Tusciana, Sophie accidentally saves the daughter of a wealthy family and is swept along on their journey to the Golden Tower. Now she is the only one standing between sisters Isabella and Bia and the terrible fate their stepmother has planned. Sophie doesn't think she is brave enough, but with the help of a talking cat, a stableboy and some very tiny mischief-makers, she might be able to save the day.

Help the busy vet as she listens to buster's heart, gives Carla her medicine and X-rays Bella's leg. With interactive action-flaps, you can do it too!

A New York Times Bestseller Explainer-in-Chief David Macaulay updates the worldwide bestseller The New Way Things Work to capture the latest

developments in the technology that most impacts our lives. Famously packed with information on the inner workings of everything from windmills to Wi-Fi, this extraordinary and humorous book both guides readers through the fundamental principles of machines, and shows how the developments of the past are building the world of tomorrow. This sweepingly revised edition embraces all of the latest developments, from touchscreens to 3D printer. Each scientific principle is brilliantly explained--with the help of a charming, if rather slow-witted, woolly mammoth. An illustrated survey of significant inventions closes the book, along with a glossary of technical terms, and an index. What possible link could there be between zippers and plows, dentist drills and windmills? Parking meters and meat grinders, jumbo jets and jackhammers, remote control and rockets, electric guitars and egg beaters? Macaulay explains them all.

Think you know your Smallpox from your Bubonic Plague? Try testing your knowledge of the history of medicine! a) What did the Ancient Egyptians treat with powdered ostrich egg? b) How did body snatchers help 19th-century medical students? c) Why did the Ancient Romans recommend drinking wee?

ANSWERS: Dive in and find out! Dr Chris and Dr Xand draw back the bed curtains of history to take you on a tour of the body, revealing the gruesome secrets of medicine through the ages.

'We have had diaries from other Cabinet Ministers, but none I think which have been quite so illuminating... It is a fascinating diary... It is shorter than Barbara Castle's... and although it is rather more accurate than Dick Crossman's, it is distinctly funnier' - Lord Allen of Abbeydale (formerly Permanent Secretary at the Home Office) in The Times 'It has an entertainment and educational value which is unique. It is uproariously funny and passes the acid test of becoming more amusing at every subsequent reading... I will go so far as to claim that in the characters of Jim Hacker and Sir Humphrey Appleby, Messrs Lynn and Jay have created something as immortal as P.G. Wodehouse's Bertie Wooster and Jeeves' - Brian Walden in The Standard

A no-nonsense guide that equips children for the many challenging and confusing physical, emotional, and social issues they will face in adolescence. Children are reaching puberty at a much earlier age and therefore face many "teen" issues long before their actual teenage years. Aimed at 9–12-year-olds, Help! Why Am I Changing? helps children prepare for puberty and

adolescence by informing them about a wide range of issues and addressing common concerns. It covers physical changes such as starting periods and growing body hair, emotional changes such as mood swings and feelings for the opposite sex, and social issues such as cyber-bullying. With an accessible Q&A approach, it focuses directly on the concern at hand, providing practical factual information and advice and reassurance. Examples of some of the questions tackled are: "Why am I starting to get spots?" / "Why am I putting on weight?" / "Why do I feel like an outsider at school?" / "How can I deal with textual harassment?" / "Why are my parents so strict?" / "Why do I get angry all the time?"

'This book is what I needed as a kid! Empathetic, joyful and beautifully authentic. I loved it!' Elle McNicoll, author of A Kind of Spark *The beautiful true story of one girl's journey growing up autistic - and the challenges she faced in the 'normal'

world* I'm not like the other children in my class . . . and that's an actual scientific FACT. Hi! My name is Abigail, and I'm autistic. But I didn't know I was autistic until I was an adult-sort-of-person*. This is my true story of growing up in the confusing 'normal' world, all the while missing some Very Important Information about myself. There'll be scary moments involving toilets and crowded trains, heart-warming tales of cats and pianos, and funny memories including my dad and a mysterious tub of ice cream. Along the way you'll also find some Very Crucial Information about autism. If you've ever felt different, out of place, like you don't fit in . . . this book is for you. *I've never really felt like an actual-adult-person, as you'll soon discover in this book... 'Funny, fascinating . . . a rewarding and highly entertaining read' Guardian Told through the author's remarkable words, and just as remarkable illustrations, this is the book for those who've never felt quite right in the 'normal' world. Very important, very funny and very informative. This is the book the world needs right now.

Although the extinctions of certain species are normal, in no other time in the planet's history has the extinction rate climbed so high. Causes of this extinction rate include destruction of wildlife habitat, pollution, overfishing, and poaching. This work illustrates these urgent issues, useful for middle and high school readers.

A favourite character from BBC TV sitcom 'Allo 'Allo!, undercover British agent and head of Nouvion Police, Officer Crabtree, has usually sought to remain undercover if not exactly invisible—which befits his secret agent roots masquerading as a poloceman. In this delightful book, his self-taught yet masterly grasp of Fronch speaks for itself as it falls under the spotlight as never before. From 'Ploose may I hov a kippy of the dooly nosepooper?' to 'frigs logs', 'scrimbled oggs' and 'fosh and chops' the book is a tribute to mangled words, thoughts and phrases. Arthur Bostrom, who played Crabtree on stage and screen, mixes vowels and mispronunciation as he strives to educate those less well-versed in the French longwodge. Illustrated by John Cooper and ideal for travellers and fans of 'Allo 'Allo! alike, Good Moaning France! is a wake-up call for anyone conceited enough to think they are competent in French (or English or any other language for that matter). With readers' questions answered in Ask Crabtree, examples from Crabtree's poloce newtberks and a most unhelpful Undex. With a Foreword by music legend Rick Wakeman and permission of the estates of 'Allo 'Allo! screenwriters David Croft and Jeremy Lloyd this is the perfect book for anyone crossing or travelling beneath the Channel to France. Reviews 'Listen very carefully, you will read this more than once. I loaved it'-- Les Dennis. 'I've not laughed at anything like I've laughed at Crabtree ever in my life, this book is "very good nose"'-- Justin Moorhouse. 'Buck your fairy trip to Fronce now and take Crabtree's guide with you. A must-read. Hilarious'-- Su Pollard. 'DO NOT BUY ZIS BOOK!!! IF YOU DO, YOU VILL BE SHOT!!!'-- Helga.

In this fun, fact-packed science book for kids, young readers will discover the bacteria, viruses, and other germs and microbes that keep our bodies and our world running, as well as how and when they can be harmful and the precautions we can take to prevent them from becoming so. Meet a glowing squid, traveling fungus spores, and much more. The Bacteria Book walks the line between "ew, gross!" and "oh, cool!," exploring why we need bacteria and introducing readers to its microbial mates - viruses, fungi, algae, archaea, and protozoa. The Bacteria Book is a fun and informative introduction to a STEM subject that brings kids up-close to the big world of tiny science. With remarkable photography, kooky character illustrations, and lots of fun facts, this book uses real-life examples of microbiology in action to show how tiny microbes affect us in big ways.

All aboard the Scomo Express as our hero pulls back the lid on the life and times of one of history's great leaders and humbly serves up - a steaming meat pie of everyman wisdom for the hungry masses. These are the unofficial chronicles of Scotty's first 18 months in his new role as head honcho of the largest marketing firm in the country - the Australian Federal Government - as it unfolded, completely devoid of any self-aggrandisement, double-speak, sleight-of-hand or other dirty shenanigans played by the Opposition. Thrill as the man who put the Scotty into Marketing tells how he honed his Sharkies lovin', beer drinkin', God fearin', cap wearin', Daggy Dad alter ego and used it to such miraculous effect. Marvel at how he developed such classic slogans as 'The Bill Australia can't afford', 'I'm listening. I'm hearing. I'm doing', and the immortal 'If you have a go, you'll get a go'. Like an egg to the back of your head, you will be blindsided by the rush of adrenaline as the Boy from Bronte waltzes from the boardroom to the world stage, becoming besties with The Donald, all while keeping the Lucky Country lucky, the Newspolls honest and the Prince of Darkness from reanimating himself in the form of backstabbing Coalition aspirants. From the inner-workings of BORDERFORCE!, to what really happened at the Engadine Maccas, this candid, compelling and completely unofficial diary is your backdoor access to the halls

of power. With all that sweat, blood and cheers, who wouldn't deserve a tropical holiday?

Set in Derry, Northern Ireland in the 1990s, *Derry Girls* is a candid, one-of-a-kind comedy about what it's like to be a teenage girl living amongst conflict. It's a time of armed police in armoured Land Rovers and British Army check points. But it's also the time of *Murder She Wrote*, *The Cranberries*, *Salt-N-Pepa*, *Doc Martens* and *The X Files*. And while *The Troubles* may hang over her hometown, Erin has troubles of her own, like the fact that the boy she's in love with (actually in LOVE with) doesn't know she exists. Or that her Ma and Aunt Sarah make her include her weirdo cousin Orla in everything she does. Or that head teacher Sister Michael refuses to acknowledge Erin as a literary genius. Not to mention the fact that her second best friend has ALMOST had sex, whereas Erin's never even kissed anyone yet. These are Erin's Troubles. Described by the *Guardian* as 'daft, profane and absolutely brilliant', by the *New Statesman* as 'pitch-perfect' and by *i-D* as 'the greatest show on British (and Irish) TV', *Derry Girls* has dazzled audiences for two series, with Channel 4's biggest UK comedy launch since 2004 and the biggest television series in Northern Ireland since modern

records began. Now, this autumn, comes the first official tie-in. In the manner of the very best TV comedy books, Erin's Diary is a hilarious 'in world' publication that extends the laugh-out-loud humour of Derry Girls onto the page. With Erin's inner take on everything that has happened so far, this book will both dive deeper into the events we have seen unfold on the screen and unveil brand new stories and never-before-revealed details about characters. Complete with newspaper clippings, doodles, poetry, school reports, handwritten notes from her friends, and much much more, Erin's Diary is as warm, funny and brilliantly observed as the TV; a must-have for fans this Christmas. 'Erin is sixteen and wishes she had a boyfriend and a life. Nothing else really happens... It's boring.' Orla McCool
