When Vivian left town for a three-month residency, she had no idea that she'd come back to find her life turned upside down.

The casual boyfriend who'd seemed ready to commit? Changed his mind.

The job she'd loved so much? Gone.

The parents she'd assumed would be there for emotional support? Off on the adventure of their lives.

When she realizes that she's essentially homeless, jobless and boyfriend-less, Vivian knows something has to change. She needs to take charge.

Inspired by her aunt's idea that a girl has to kiss at least fifty frogs to find her prince, Vivian comes up with a plan: she's going to go on a series of first dates only, and each one must end in a kiss. She'll chronicle each date--the good, the bad and the downright unbelievable--and turn the stories into an in-depth magazine series about the realities of dating in the twenty-first century.

While none of the frogs she meets--and kisses--make her heart leap, there's a guy closer to home who definitely does . . . and despite the fact that Charlie always seems to catch Vivian at her most awkward and embarrassing moments, she can't help wondering if it's time to ditch the plan . . . and kiss just one more frog.

This groundbreaking work draws on a vast range of research into human sexuality to demonstrate that homosexuality is not a phenomenon limited to a small minority of society, but is an aspect of a complex sexual harmony that the human race inherited from its animal ancestors. Through a survey of the patterns of sexual expression found among animals and among societies around the world, and an examination of the functional role homosexual behavior has played among animal species and human societies alike, the author arrives at some provocative conclusions: that a homosexual or bisexual phase is a normal part of sexual development, that same-sex relations play an important balancing role in regulating human reproduction, that many societies have institutionalized homosexual traditions in the past, and that the harsh condemnation of homosexuality in Western society is a relatively recent phenomenon, unique among world societies throughout history. This well researched and meticulously documented book is the first that integrates into a coherent picture the startling revelations about human sexuality coming from the recent work of sexual researchers, psychologists, anthropologists and historians. The view that emerges, of an ambisexual human species whose complex sexual harmony is being thwarted by the imposition of an artificial understanding of nature, represents a new way of thinking about sex.

Foreign Accents examines the various transpacific signifying strategies by which poets of Chinese descent in the U.S. have sought to represent cultural tradition in their articulations of an ethnic subjectivity, in Chinese as well as in English. In assessing both the dynamics and the politics of poetic expression by writers engaging with a specific cultural heritage, the study develops a general theory of ethnic literary production that clarifies the significance of "Asian American" literature in relation to both other forms of U.S. "minority discourse," as well as canonical "American" literature more generally. At the same time, it maps an expanded textual arena and a new methodology for Asian American literary studies that can be further explored by scholars of other traditions. Yao discusses a range of works, including Ezra Pound's *Cathay* and the Angel Island poems. He examines the careers of four contemporary Chinese/American poets: Ha Jin, Li-young Lee, Marilyn Chin, and John Yau, each of whom bears a distinctive relationship to the linguistic and cultural tradition he or she seeks to represent. Specifically, Yao investigates the range of rhetorical and formal strategies by which these writers have sought to incorporate Chinese culture and, especially, language in their works. Combining such analysis with extensive social contextualization, *Foreign Accents* delineates an historical poetics of Chinese

American verse from the early twentieth century to the present.

An Excerpt from the Book: I arrived at the Skin Deep Tattoo Parlor on a warm, mid-summer morning just prior to opening. In fact, the neon sign was still on. It was flashing the words "Tattoo" in hot pink and "Parlor" in the color of a blossoming orchid. How fitting I thought... I was wearing my favorite strapless pleated sundress for the occasion. Its warm yellow mineral coloring made my skin glow. And, of course, since it was short, it would allow easy access to the spot where I wanted to place my tattoo. As I peered through the window, I could see the figure of a heavily tattooed, yet incredibly good-looking man. I realized that he had caught my glance and I felt a deep warm flush overcome my body. The man motioned with his index finger as if to say, 'wait just a second', and then he began walking towards me. As he got closer to the door, a last second tsunami of self-doubt crashed over me. What am I doing? This is nuts. This just isn't me; I can't get a tattoo. But before I had a chance to turn and walk away, I heard the door unlock. I turned to look and before me stood the most delicious looking man that I've ever laid eyes upon. Oh. My. God.

A blistering romantic suspense novel from the New York Times bestselling author of Pursuit. Far from her sensible life as an English teacher in Kansas, Lora looks forward to a relaxing vacation in Cancun. But fate thwarts her careful plans when a darkly handsome American named Max jumps into her car with a loaded gun.

Everyone lies. When working for a sex mage, it's the only way to stay safe. That's the first thing Jaeda learns when she's named as the Chosen. The mage needs a sacrifice, and she's willing to give it. Maybe too willing. After all, this man is lust incarnate; a woman would have to be insane not to want him, even if he is dangerous. But desiring someone's body is very different from falling in love. In her line of work, the two must never be confused. She doesn't even know his name! He's simply The Jackal, a terrifyingly powerful sex mage, and she's his altar. Her lust fuels him. He needs it. And that puts her in control. Now, she gets to spend her days with a mage who wields sex like a weapon and his assistant who's as irresistible as some long-lost god brought to life. The things they do to her body are amazing, and the rest? These men want to spoil her with the kind of riches she's always dreamed of. It's the best job she can imagine. Unfortunately, it's never that easy. This is supposed to be about making magic - that's it. Feelings have no place in a mage's temple. Affection is a curse. But when the enemy decides she'll make the perfect weapon to steal the Jackal's power, what's she supposed to do? After all, she's just a stupid girl caught in the middle. Her job is to just lie back and take it. Except, someone's been lying. It might even be her. POWER OF LIES is a complete novel with a reverse harem, polyamorous storyline. It is intended for a mature audience due to the presence of consensual sex, group sex, M/M scenes, and plenty of vulgar language - as well as some potentially triggering violence since the bad guys don't always play nice. While this is a love story, it may not be right for all readers. A beast. Not quite wolf or bear, gorilla or dog but a horrible new creature who walks upright—a creature with fangs and claws and hair springing from every pore. I am a monster. You think I'm talking fairy tales? No way. The place is New York City. The time is now. It's no deformity, no disease. And I'll stay this way forever—ruined—unless I can break the spell. Yes, the spell, the one the witch in my English class cast on me. Why did she turn me into a beast who hides by day and prowls by night? I'll tell you. I'll tell you how I used to be Kyle Kingsbury, the guy you wished you were, with money, perfect looks, and the perfect life. And then, I'll tell you how I became perfectly . . . beastly.

The rules of magic are changing, and she's going to make sure they work for her. Mages are always men. Until her. They harvest the power of simple, primitive emotions. Until her. Jaeda is something new, and the best way to protect herself is to make sure the enemy doesn't have a clue. That's going to be difficult with an Adevian mage about to take her town. Shahwa has become her home. A haven of pirates, whores, and vagabonds, this desert oasis is a myth to many and a scourge to the rest, but there's something special about it. It's filled with compassion and made up of people who know exactly what it's like to belong nowhere else. Now, it's her job to protect them.

Hopefully, she won't have to do it alone, because the Jackal still hasn't shown up. She thought what they had was special. Now, she's not so sure, even though her heart says he'll still come. Her mind says she'll save herself either way. But the Jackal promised her everything, and he meant it. One woman, three men, and they're all bound together by magic. He's not about to let that go. Together, they have a chance to find happiness,

yet before any of that is possible, they have to sort out their own issues. If they can figure out how to do that, then these four have something worth fighting for: each other. Because what they have is more than just the magic of lust. MAGIC OF LUST is a complete novel with a reverse harem, polyamorous storyline. It is intended for a mature audience due to the presence of consensual sex, group sex, M/M scenes, and plenty of vulgar language - as well as some potentially triggering situations since the bad guys don't always play nice.
