From the duo behind the massively successful and award-winning podcast Stuff You Should Know comes an unexpected look at things you thought you knew. Josh Clark and Chuck Bryant started the podcast Stuff You Should Know back in 2008 because they were curious—curious about the world around them, curious about what they might have missed in their formal educations, and curious to dig deeper on stuff they thought they understood. As it turns out, they aren't the only curious ones. They've since amassed a rabid fan base, making Stuff You Should Know one of the most popular podcasts in the world. Armed with their inquisitive natures and a passion for sharing, they uncover the weird, fascinating, delightful, or unexpected elements of a wide variety of topics. The pair have now taken their near-boundless "whys" and "hows" from your earbuds to the pages of a book for the first time—featuring a completely new array of subjects that they've long wondered about and wanted to explore. Each chapter is further embellished with snappy visual material to allow for rabbit-hole tangents and digressions—including charts, illustrations, sidebars, and footnotes. Follow along as the two dig into the underlying stories of everything from the origin of Murphy beds, to the history of facial hair, to the psychology of being lost. Have you ever wondered about the world around you, and wished to see the magic in everyday things? Come get curious with Stuff You Should Know. With Josh and Chuck as your guide, there's something interesting about everything (...except maybe jackhammers).

This value-packed collection of easy origami projects from master paper-folder Michael G. LaFosse is perfect for paper folding beginners! Fun & Easy Origami Animals contains 19 beginner origami models that everyone loves and anyone can fold--and it comes complete with 20 sheets of high-quality origami papers. Fold and display papercraft works of art with this intermediate to advanced origami book. Adirondack animals, cephalopods and arctic marine mammals are just a few of the realistic and elegant origami models you'll be able to fold with this unique book. Origami Animal Sculpture offers a refreshing take on the endlessly fascinating field of animal origami paper folding. In this book, folders will find beautiful photos, clear directions and streamable or downloadable video that make the creatures in this new collection a joy to fold and display. Author John Szinger has put together expressive lifelike 3D origami with intermediate-to-advanced models of unusual animals and related objects. This origami book contains: 128 page, full-color book 22 original origami models Step-by-step instructions Colorful diagrams and photographs Origami folders will find that the sculptures they create are customized to exhibit the subjects' personality and attitude. Szinger's attention to detail is the hallmark of his work. He's been folding paper for most of his life, starting with paper airplanes at a young age. He devoured origami books at his local library and soon began experimenting with his own designs. Ten years ago, Szinger came back to origami after a long hiatus and began attending conventions, where he met other dedicated folders and was inspired to create his own original models. From these encounters, he began folding origami pieces for personal enjoyment, and to share with other origami makers. Origami models include: Foxy Fox Brown Bear Octopus Giant Squid Bull Walrus Elephant Seal Narwhal Inchworm Butterfly And many more!

A complete introduction to origami paper folding for beginners at an unbeatable price! Easy Origami for Beginners is the ideal beginner's introduction to the magic of origami. This value-packed collection shows you how to fold the 20 most popular origami models that everyone loves to make. It is fully illustrated in color with simple and clear step-by-step instructions for each model. Included are the following delightful projects: A Picture Frame — a useful and inexpensive way to display your favorite family photos A Mother Duck and Duckling —an adorable duck and duckling pair that requires only one sheet of paper! A Hibiscus Blossom — one of two "modular" designs in the book that use several folded sheets to form a blossom that looks complicated (but isn't!)
