

## Orlando Furioso E Innamorato

In *The Romance Epics of Boiardo, Ariosto, and Tasso*, Jo Ann Cavallo attempts a new interpretation of the history of the renaissance romance epic in northern Italy, focusing on the period's three major chivalric poets. Cavallo challenges previous critical assumptions about the trajectory of the romance genre, especially regarding questions of creative imitation, allegory, ideology, and political engagement. In tracing the development of the romance epic against the historical context of the Ferrarese court and the Italian peninsula, Cavallo moves from a politically engaged Boiardo, whose poem promotes the tenets of humanism, to an individualistic Tasso, who opposed the repressive aspects of the counter-reformation culture he is often thought to represent. Ariosto is read from the vantage of his predecessor Boiardo, and Cavallo describes his cynicism and later mellowing attitude toward the real-world relevance of his and Boiardo's fiction. *The Romance Epics of Boiardo, Ariosto, and Tasso* is the first critical study to bring together the three poets in a coherent vision that maps changes while uncovering continuities.

Excerpt from *Orlando Innamorato* Di Boiardo; *Orlando Furioso* Di Ariosto, Vol. 1: With an Essay on the Romantic Narrative Poetry of the Italians; Memoirs, and Notes My original intention was to publish the text of the poem of Ariosto alone; but when I reflected that it would, as in all former editions, be an incomplete work, if unaccompanied by the *Innamorato* of Boiardo, which is in fact the commencement of the *Furioso*, I determined upon printing both the poems together. I was the more readily induced to republish the *Innamorato*, as it seemed to me very unjust, that the original work of Boiardo should be forgotten. Of its

merits I shall speak in the succeeding volume; and I shall here only observe, that Ariosto having composed his poem in continuation of that of Bojardo, as written by the author, and not as it was remade by Do Menichi or Berni, no choice was left, even had I been inclined to prefer either of the rifacimenti. A study of intertextuality, gender, and dynastic politics in Ariosto's *Orlando furioso* and in medieval and Renaissance chivalric epic.

The *Encyclopedia of Italian Literary Studies* is a two-volume reference book containing some 600 entries on all aspects of Italian literary culture. It includes analytical essays on authors and works, from the most important figures of Italian literature to little known authors and works that are influential to the field. The *Encyclopedia* is distinguished by substantial articles on critics, themes, genres, schools, historical surveys, and other topics related to the overall subject of Italian literary studies. The *Encyclopedia* also includes writers and subjects of contemporary interest, such as those relating to journalism, film, media, children's literature, food and vernacular literatures. Entries consist of an essay on the topic and a bibliographic portion listing works for further reading, and, in the case of entries on individuals, a brief biographical paragraph and list of works by the person. It will be useful to

(CMR 6) covers all the works on Christian-Muslim relations in the years 1500-1600. The essays and detailed entries it contains give descriptions, evaluations and comprehensive bibliographical details of nearly 300 works from this century.

The Italian romance epic of the fifteenth and sixteenth centuries, with its multitude of characters, complex plots, and roots in medieval Carolingian epic and Arthurian chivalric romance, was a form popular with courtly and urban audiences. In the

hands of writers such as Boiardo, Ariosto, and Tasso, works of remarkable sophistication that combined high seriousness and low comedy were created. Their works went on to influence Cervantes, Milton, Ronsard, Shakespeare, and Spenser. In this volume instructors will find ideas for teaching the Italian Renaissance romance epic along with its adaptations in film, theater, visual art, and music. An extensive resources section locates primary texts online and lists critical studies, anthologies, and reference works.

Il Boiardo tutto trasforma e rifoggia, e a tutto dà l'impronta sua propria. E dalla sua stessa fantasia trasse tanto, quanto assolutamente nessun altro poeta italiano, all'infuori di Dante. Pio Rajna Poche opere letterarie hanno avuto la forza rivoluzionaria del capolavoro di Matteo Maria Boiardo, noto dal Cinquecento come Orlando innamorato, ma il cui titolo originale più probabile è L'inamoramento de Orlando. Nell'immaginario cavalleresco fa il suo clamoroso ingresso l'amore, che sconvolge il cuore del casto Orlando spingendolo sulle tracce dell'affascinante Angelica, mentre anche altri guerrieri cristiani e saraceni inseguono invano la dama. È l'inizio di una storia nuova, che cambierà per sempre le regole del romanzo cavalleresco. La sorprendente narrazione di Boiardo è nutrita da una ricchissima quantità di influssi che mescolano generi e modelli diversi, dalle letterature classiche al

Medioevo più favoloso, in un susseguirsi di invenzioni che aprono la strada al romanzo moderno. Il seguito sarà raccontato da Ludovico Ariosto nell'Orlando furioso.

Il volume raccoglie gli atti del XXème Congrès International de la Société Rencesvals pour l'étude des épopées romanes (Sapienza - Università di Roma, 20-24 luglio 2015) e presenta lo stato dell'arte e le ricerche in corso sull'epica romanza medievale propriamente detta, sulla sua posterità nell'età moderna e sulla produzione non romanza a essa correlata, offrendo un panorama ricco ? se non completo ? degli attuali orientamenti scientifici e dei risultati raggiunti. Per il congresso di Roma ? cui hanno preso parte studiosi provenienti dall'Europa, dal Nord e dal Sud America e dall'Africa ? sono stati proposti i seguenti temi: I. Rome et l'Italie dans les chansons de geste; II. Phénomènes de cyclisation: grandes et petites gestes; III. Le XVe siècle: proses et renouvellements; IV. L'histoire des recherches sur la matière de France; a questi si aggiungono gli interventi raccolti nella sezione Varia.

Renaissance Drama, an annual interdisciplinary

publication, is devoted to drama and performance as a central feature of Renaissance culture. The essays in each volume explore traditional canons of drama, the significance of performance (broadly construed) to early modern culture, and the impact of new forms of interpretation on the study of Renaissance plays, theater, and performance. This special issue of Renaissance Drama on "Italy in the Drama of Europe" primarily builds on the groundwork laid by Louise George Clubb, who showed that Italian drama was made in such a way as to facilitate its absorption and transformation into other traditions, even when it was not explicitly cited or referenced. "Italy in the Drama of Europe" takes up the reverberations of early modern Italian drama in the theaters of Spain, England, and France and in writings in Italian, English, Spanish, French, Hebrew, Latin, and German. Its scope is an example of the continuing force of and interest in one of the most rewarding, wide-ranging, and productive early modern aesthetic modes, and a tribute to the scholarship of Louise George Clubb, who, among others, recalled our attention to it.

The romance or chivalric epic was the most popular form of literature in Renaissance Italy. This book shows how it owed its appeal to a successful fusion of traditional, medieval tales of Charlemagne and Arthur with the newer cultural themes developed by the revival in classical antiquity that constitutes the

key to Renaissance culture.

Edited collection discusses the first historically important debate on what constitutes modern literature, which focused on two 16th century works: ORLANDO FURIOSO and GERUSALEMME LIBERATA.

This Companion surveys over four thousand years of epic poetry in a series of accessible essays.

This study offers a sustained examination of the presentation of eastern Asia, the Middle East, and

northern Africa in two of the most important chivalric epics of the fifteenth and sixteenth centuries, Matteo Maria Boiardo's *Orlando Innamorato* (1495) and Ludovico Ariosto's *Orlando Furioso* (1516). Comparing the narratological strategies used to depict non-European characters in these stories, Jo Ann Cavallo argues that Boiardo's cosmopolitan vision of humankind increasingly became replaced by Ariosto's crusading ideology, which emphasized a binary opposition between Christians and Saracens. Cavallo addresses the poems' mixing of imaginary sites and the geographical reality of a rapidly expanding globe, contextualizing them against current events and concerns, as well as ancient, medieval, and Renaissance texts influential at the time. As the prize committee for the Scaglione Publication Award for a Manuscript in Italian Literary Studies noted: "This articulate, engaging, and well-documented study represents an important work of scholarship in its cross-cultural considerations of Italian Renaissance epic poetry."

This collection of essays brings together twelve noted Italian and American scholars to provide a complete picture of Ariosto and all his works as an integration of tradition and invention.
