Oso pardo, oso pardo, ¿qué ves ahí? Henry Holt and Company (BYR)

Obra de divulgación monográfica sobre la particular situación del oso pardo en la cordillera. Ilustrada con numerosos mapas y fotografías en color, revisa la historia de esta especie, su biología, la importancia en la cultura pirenaica, la crónica de su exterminio y la problemática asociada a su conservación. Revisa los conocimientos que tenemos sobre la biología del oso pardo, y repasa su legado cultural, que ha dejado una profunda huella allí donde ha convivido con los humanos. Dedicó la mayor parte del libro al análisis de la conservación del

oso pardo en los Pirineos. El autor hace un especial esfuerzo en explicar los principales problemas que se dan a la hora de gestionar esta especie en un territorio en el que la ganadería ovina tiene gran fuerza, e intenta explicar cómo minimizarlos. Finalmente se sugiere por dónde podrían ir las cosas de cara al futuro en un intento de conservar esta especie. Este trabajo resulta de especial interés para aquellas personas interesadas en la conservación de la naturaleza, gestión de especies de fauna en territorios humanizados y su compatibilidad con el desarrollo de nuestra sociedad.

What does an elephant do? It stomps its foot. Can you? From the creator of such beloved classics as *The Grouchy Ladybug* and *The Mixed-Up Chameleon* comes this interactive story that invites kids to imitate animal movements. Watching giraffes bend their necks or monkeys wave their arms is fun, but nothing could be better than joining in. From their heads down to their toes, kids will be wriggling, jiggling, and giggling as they try to keep up with these animals! Alligators wiggle, elephants stop, gorillas thump, and giraffes bend. Can you do it? 'I can do it!' is the confidence-building message of this fun-filled interactive picture book. A variety of familiar animals invite young children to copy their antics, and as they play, they will learn such important skills as careful listening, focusing attention, and following instructions. Just as alphabet books introduce the very young child to letters and simple words, *From Head to Toe* introduces the basic body parts and simple body movements. And in the same way that children progress from understanding simple words to reading and writing sentences and stories, so they will progress from simple body movements to dancing, gymnastics, and other sports and activities, with confidence and pleasure. Eric Carle's colorful collages have delighted children for more than a generation. Each book provides hours of fun while encouraging them to stretch their imaginations. His matchless words and illustrations now send out a new challenge: Are you ready? Here we go! Move yourself *From Head to Toe*. A Main Selection of the Children's Book-of-the-Month Club

"Noah was a righteous man," says Isaac Bashevis Singer, so he and his family were to be saved from the flood. But rumor had it that only the best of all living creatures were to be taken aboard the Ark with Noah. In Why Noah Chose the Dove, a fresh and lively approach to the age-old account, Isaac Bashevis Singer sets down the dialogue of the animals as they vie with one another for a place on the Ark.

Por medio de una prosa cínica y desapegada, Después de matar al oso pardo relata la historia de Marcial, un superviviente de un accidente aéreo. Para Marcial no hay espacio para la gloria ni el fracaso. Su historia se desarrollará a partir de las reflexiones en torno al miedo, la muerte, la verdad y el heroísmo. A través de diferentes perspectivas narrativas, se entretienen reflexiones filosóficas

desde la ciencia, la fe religiosa, el pensamiento mágico, la reencarnación y sobre el significado de haber sufrido un momento previo a la muerte y no haber muerto para, al final, remarcar que todos somos meras anécdotas. "Quienes han seguido la obra narrativa de Josemaría Camacho ya se han percatado de la atención que le dedica al punto de vista de quien narra una historia. Esta novela, como ocurrió con *Interruptus* (2016), da fe de ello: vuelven los mecanismos precisos que animan la voz del relato. Además, en *Después de matar al oso pardo* se impone una tarea: el desmenuzamiento paciente de la idea de la mortalidad. Esta novela revela a las situaciones límite como maestras crueles: ante ellas las ideas se vuelven no mejores, ni reconfortantes, pero claras".
