## Marc Levy

**Où es-tu ?** Marc Levy, 2012-04-20T00:00:00Z Il avait rêvé d'un amour idéal, elle l'aimait... tout simplement. Adolescents, ils représentaient tout l'un pour l'autre. Avec l'optimisme de leur jeunesse, ils se sont promis de s'aimer pour toujours - quand bien même le destin devrait les séparer. Et la vie va les écarter l'un de l'autre comme deux étoiles soumises aux lois de la gravitation. Elle affrontera la violence des ouragans en Amérique centrale, tandis qu'il réussira à Manhattan. À l'exception de quelques rencontres furtives à l'aéroport de Newark, ils ne sauront de leurs vies réciproques que ce que disent les lettres qu'ils vont s'écrire pendant des années. Sans jamais que se brise le lien qui les unit... Philip avait alors promis à Susan qu'il serait toujours là s'il lui arrivait quelque chose. Il ne pouvait pas savoir que cette promesse allait profondément bouleverser sa vie. Que pour l'honorer, il devrait ouvrir son cœur à l'inconnu... Classé sur les listes des best-sellers plus de 70 semaines, Et si c'était vrai..., le premier livre de Marc Levy, fut le roman le plus vendu en France en 2000. Dans ce nouveau roman, différent dans son esprit et dans sa construction, on retrouve les thèmes qui ont bouleversé l'immense public de Marc Levy: la complexité des rapports humains, la force irréductible des attachements sincères, le prix à payer pour garder le respect de soi et des autres. Où es-tu ? est un récit aussi haletant qu'émouvant, dans lequel on va de surprises en révélations, et qui nous mène, avec ses protagonistes, vers l'accomplissement de soi.

**If Only It Were True** Marc Levy, 2005-05-17 What do you do when you find a stranger in your closet and she can disappear and reappear at whim? What if she then tells you that her body is actually in a coma on the other side of town? What starts off as a dilemma that Arthur is faced with when he discovers Lauren in his apartment, becomes a heartwarming love story.

**Seven Days for an Eternity** Marc Levy, 2012-06-01T00:00:00Z They've tried to destroy each other for centuries, but they've failed... So God and the Devil plan a contest to finally decide who will rule eternity: each will send their top candidate to earth. The champions will have seven days to draw mankind towards good or evil, respectively. God picks his favorite

angel, a ravishing young woman named Zofia. Lucifer picks Lucas, a male demon with devilishly good looks. The battlefield: present day San Francisco. The winner will rule mankind forever after: they have seven days for an eternity. Neither God nor the Devil could foresee that the two rivals, unaware of the other's identity, would cross paths from the very start of the contest. Nor did they imagine that they could fall in love... A love story that is both funny and moving...' - Le Parisien

**All Those Things We Never Said** Marc Levy,2017-11-14 Days before her wedding, Julia Walsh is knocked sideways twice: once by the sudden death of her estranged father...and again when he appears on her doorstep after his funeral, ready to make amends, right his past mistakes and prevent her from making new ones. Surprised to say the least, Julia reluctantly agrees to turn what should have been her honeymoon into a spontaneous road trip with her father to make up for lost time. But when an astonishing secret is revealed about a past relationship, their trip becomes a whirlwind journey of rediscovery that takes them from Montreal to Paris to Berlin and back home again, where Julia learns that even the smallest gestures she might have taken for granted have the power to change her life forever.

Hope Marc Levy,2021-05-11 For anyone who's dreamed of immortality comes a twice-in-a-lifetime love story by Marc Levy, the phenomenal, internationally bestselling French author of P.S. from Paris and The Last of the Stanfields. In Massachusetts, neuroscience students Luke, Josh, and Hope have formed an unbreakable and unconditional friendship. Bound by their wit, brilliance, and curiosity, they throw themselves heart and soul into their research and are on the verge of a revolution, pushing the limits of what's possible. Their new computer program can capture a person's entire consciousness, memory, and personality--a digital map of the brain's connections that promises to bridge the relationship between human and machine, between the past and the future. When Hope is diagnosed with a fatal and aggressive illness, their work takes on a new significance and urgency. Everything that defines who Hope is, and everything Luke and Josh love about her, will not be lost. Memory by memory, they're going to make sure of it. Hope is a heartwarming story about the boundaries of love, life, and death--and what will endure with us forever.

**The Unspoken Rules** Gorick Ng,2021-04-27 Named one of 10 Best New Management Books for 2022 by Thinkers50 A Wall Street Journal Bestseller ...this guide provides readers with much more than just early careers advice; it can help everyone from interns to CEOs. — a Financial Times top title You've landed a job. Now what? No one tells you how to navigate your first day in a new role. No one tells you how to take ownership, manage expectations, or handle workplace politics. No one tells you how to get promoted. The answers to these professional unknowns lie in the unspoken rules—the certain ways of doing things that managers expect but don't explain and that top performers do but don't realize. The problem is, these rules aren't taught in school. Instead, they get passed down over dinner or from mentor to mentee, making for an unlevel playing field, with the insiders getting ahead and the outsiders stumbling along through trial and error. Until now. In this practical guide, Gorick Ng, a first-generation college student and Harvard career adviser, demystifies the unspoken rules of work. Ng distills the wisdom he has gathered from over five hundred interviews with professionals across industries and job types about the biggest mistakes people make at work. Loaded with frameworks, checklists, and talking

points, the book provides concrete strategies you can apply immediately to your own situation and will help you navigate inevitable questions, such as: How do I manage my time in the face of conflicting priorities? How do I build relationships when I'm working remotely? How do I ask for help without looking incompetent or lazy? The Unspoken Rules is the only book you need to perform your best, stand out from your peers, and set yourself up for a fulfilling career.

Alice is very good at her job. She's on the rise at a prominent PR firm, and there is no image-management disaster she can't fix. Though an avowed atheist, Alice is determined to apply her skills to the problem. She plunges into research, immersing herself in the world of spirituality, from Christianity to Hinduism, from self-empowerment seminars to the Tao Te Ching. In her quest to understand how thinkers through the centuries have tried to answer the age-old questions of existence, Alice uncovers an astonishing truth--almost lost to time--that will forever change the way she thinks about humankind's place in the universe, and her own. In this moving and captivating novel, Laurent Gounelle takes us on a journey of spiritual and intellectual discovery that is sure to surprise and enlighten.
