Over the past seven years, Bruce Springsteen has privately devoted himself to writing the story of his life, bringing to these pages the same honesty, humor, and originality found in his songs. He describes growing up Catholic in Freehold, New Jersey, amid the poetry, danger, and darkness that fueled his imagination, leading up to the moment he refers to as The Big Bang: seeing Elvis Presley's debut on The Ed Sullivan Show. He vividly recounts his relentless drive to become a musician, his early days as a bar band king in Asbury Park, and the rise of the E Street Band. With disarming candor, he also tells for the first time the story of the personal struggles that inspired his best work. Born to Run will be revelatory for anyone who has ever enjoyed Bruce Springsteen, but this book is much more than a legendary rock star's memoir. This is a book for workers and dreamers, parents and children, lovers and loners, artists, freaks, or anyone who has ever wanted to be baptized in the holy river of rock and roll. Rarely has a performer told his own story with such force and sweep. Like many of his songs ("Thunder Road," "Badlands," "Darkness on the edge of Town," "The River," "Born in the U.S.A.," "The Rising," and "The Ghost of Tom Joad," to name just a few). Bruce Springsteen's autobiography is written with the lyricism of a singular songwriter and the wisdom of a man who has thought deeply about his experiences. This is a complete, year-long programming guide that shows librarians how to integrate nonfiction and poetry into storytime for preschool children in order to build literacy skills and overall knowledge. • Helps librarians meet children's interests in "real stuff" and reach more children—especially boys—in storytime • Provides new and effective ways to build early literacy skills using a unique blend of the "literary" and the "real" • Supports national and state standards that emphasize the use of more nonfiction and informational text • Enables librarians to make better use of their existing

collections

Ten years ago one of America's most important public figures, First Lady Hillary Rodham Clinton, chronicled her quest both deeply personal and, in the truest sense, public to help make our society into the kind of village that enables children to become able, caring resilient adults. *IT TAKES A VILLAGE* is a textbook for caring, filled with truths that are worth a read, and a reread. In her substantial new introduction, Senator Clinton reflects on how our village has changed over the last decade, from the internet to education, and on how her own understanding of children has deepened as she has watched Chelsea grow up and take on challenges new to her generation, from a first job to living through a terrorist attack. She discusses how the work she is doing in the Senate is helping children and looks at where America has been successful, improvements in the foster care system and support for adoption, and where there is still work to be done, providing pre-school programmes and universal health care to all our children. This new edition elucidates how the choices we make about how we raise our children, and how we support families, will determine how all nations will face the challenges of this century.

While always well-stocked with clean sheets, Lily Hill is not expecting visitors. At least not in the numbers that descend upon her genteely dilapidated New England ancestral home in the summer of '89. Brother Harvey arrives first, thrice-widowed and eager for company; then perennially self-dramatizing niece Ginger and her teenaged daughter Betsy; then Alden, just laid-off from Wall Street, with his wife Becky, and their rowdy brood of four . . . As summer fades into fall, it becomes clear that no one intends to leave. But just as Lily's industrious hospitality gives way to a somewhat strained domestic routine, the Hill clan must face new challenges together. Brimming with wit and a compendium of Yankee curiosities, *The Hills at Home* is an irresistible modern take on an old-fashioned comedy of manners.

Grandpa, Bibi, Yeye and Grann . . . This striking album captures the intergenerational relationships between children and grandparents around the world. The brief text and striking photographs bring their joy and affection into focus. Includes a touching foreword by Archbishop Desmond Tutu.

This book celebrates both the past and present existence of the Indian diasporic grandparents who live their daily lives in different countries – the United Kingdom, the United States, Canada, South Africa, Fiji, Mauritius, Australia, Suriname and Malaysia – and in different economic, social, cultural, religious contexts and specific household and family situations. The achievements of the few rich and the famous Indians living in diaspora have been given the celebratory treatment; similar status is not often given to the achievements of the diasporic Indian grandparents. However, “the vanquished and the victors, the subalterns and the sahibs, have equal claims on our attention ... clearly there are areas where Indian communities have been settled for long periods of time ... without having a significant effect on the countries of their residence ... [but] they, too are integral parts of the diaspora” (Brij Lal, Peter Reeves & Rajesh Rai, 2006, p. 15). This book is about voices of contemporary Indian grandparents and their grand parenting practices. The diasporic Indian grandparents are engaged in keeping diverse “Indian families” and “communities” as strong as possible in the current era of globalization process and social policy initiatives that are dominated by the ideology of neo-liberalism. This book claims that the diasporic Indian grandparents have significant effects on the countries of their residence and too are integral parts of the Indian diaspora who deserve the celebratory treatment and status. The book can be used for courses in the areas of critical social work, family studies, gerontology, nursing, rural development, critical pedagogy, and diaspora studies. “A veritable archive of stories, anecdotes, memories and reminiscences, of love, longing and search for a legacy, by diasporic Indian

#1 NEW YORK TIMES BESTSELLER • ONE OF ESSENCE'S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS In this iconic memoir of his early days, Barack Obama "guides us straight to the intersection of the most serious questions of identity, class, and race" (The Washington Post Book World). "Quite extraordinary."—Toni Morrison In this lyrical, unsentimental, and compelling memoir, the son of a black African father and a white American mother searches for a workable meaning to his life as a black American. It begins in New York, where Barack Obama learns that his father—a figure he knows more as a myth than as a man—has been killed in a car accident. This sudden death inspires an emotional odyssey—first to a small town in Kansas, from which he retraces the migration of his mother's family to Hawaii, and then to Kenya, where he meets the African side of his family, confronts the bitter truth of his father's life, and at last reconciles his divided inheritance. Praise for *Dreams from My Father* "Beautifully crafted . . . moving and candid . . . This book belongs on the shelf beside works like James McBride's *The Color of Water* and Gregory Howard Williams's *Life on the Color Line* as a tale of living astride America's racial categories."—Scott Turow "Provocative . . . Persuasively describes the phenomenon of belonging to two different worlds, and thus belonging to neither."—The New York Times Book Review "Obama's writing is incisive yet forgiving. This is a book worth savoring."—Alex Kotlowitz, author of *There Are No Children Here* "One of the most powerful books of self-discovery I've ever read, all the more so for its illuminating insights into the problems not only of race, class, and color, but of culture and ethnicity. It is also beautifully written, skillfully layered, and paced like a good novel."—Charlayne Hunter-Gault, author of *In My Place* "*Dreams from My Father* is an exquisite, sensitive study of this wonderful young author's journey into adulthood, his search for community and his place in it, his quest for an understanding of his roots, and his discovery of the poetry of human life. Perceptive and wise, this book will tell you something about yourself whether you are black or white."—Marian Wright Edelman Grandude brightens a dreary weekend for his visiting grandchildren, Lucy, Tom, Em, and Bob, by using his magic compass and postcards to take them on adventures around the world.
