In the present Supplementary Volume the premises and subjects of HSK 5.1–5.3 are complemented by new articles that take account of the practice-internal and theoretical developments of the last 15 years. Special attention has been given to the following topics: the status and function of lexicographic reference works, the history of lexicography, the theory of lexicography, lexicographic processes, lexicographic training and lexicographic institutions, new metalexicographic methods, electronic and, especially, computer-assisted lexicography.

This dictionary features more than 52,000 references, idiomatic expressions, and examples. The illustrations and grammar notes, plus the coverage of culture and usage, make it invaluable for Mexican students.
