Most people think of the Oxford English Dictionary (OED) as a distinctly British product. Begun in England 150 years ago, it took more than 60 years to complete and, when it was finally finished in 1928, the British prime minister heralded it as a 'national treasure'. It maintained this image throughout the twentieth century, and in 2006 the English public voted it an 'Icon of England', alongside Marmite, Buckingham Palace and the bowler hat. However, this book shows that the dictionary is not as 'British' as we all thought. The linguist and lexicographer, Sarah Ogilvie, combines her insider knowledge and experience with impeccable research to show that the OED is in fact an international product in both its content and its making. She examines the policies and practices of the various editors, applies qualitative and quantitative analysis, and finds new OED archival

materials in the form of letters, reports and proofs. She demonstrates that the OED, in its use of readers from all over the world and its coverage of World English, is in fact a global text.

This completely revised International Express, with 100% new material, meets all the practical language needs of adult professional learners. The series retains the popular student-centred approach and strong communicative focus, while adding a range of new features. The Student's Book and Workbook are now combined, and every unit is supported by stunning new video footage, bringing the outside world into the classroom.

The Oxford Book of English Short Stories celebrates the excellences of the English short story. The thirty-seven stories featured here are selected from the nineteenth and twentieth centuries, by authors ranging from Dickens, Trollope, and Hardy to J. G. Ballard, Angela Carter, and Ian McEwan. They pack together comedy and tragedy, farce and delicacy, elegance and the grotesque, with language as various as the subject-matter.
