Il ritratto di un uomo libero che ha scelto di essere giornalista, esploratore della vita e viaggiatore attraverso la sua voce, le fotografie, gli oggetti e i libri amati. La biblioteca di Tiziano Terzani, i libri che lo hanno fatto pensare e viaggiare, e l'archivio personale, lettere, oggetti e fotografie, sono stati affidati dalla famiglia Terzani alla Fondazione Giorgio Cini di Venezia. Aprire i suoi libri e scorrere i suoi appunti significa leggere i suoi stati d'animo e raccontare l'uomo attraverso le parole, le immagini e le memorie della sua vita. Un volume illustrato che è un ritratto intimo del grande giornalista, della sua curiosità insaziabile e irrequieta, della sua ansia di libertà, arricchito da numerose testimonianze e contributi sull'uomo, lo scrittore, il fotografo, l'appassionato di cultura asiatica, la spiritualità, fra cui quello della moglie, Angela Staude.

In a large apartment house in central Rome, two crimes are committed within a matter of days: a burglary, in which a good deal of money and precious jewels are taken, and a murder, as a young woman whose husband is out of town is found with her throat cut. Called in to investigate, melancholy Detective Ciccio, a secret admirer of the murdered woman and a friend of her husband's, discovers that almost everyone in the apartment building is somehow involved in the case, and with each new development the mystery only deepens and broadens. Gadda's sublimely different detective story presents a scathing picture of fascist Italy while tracking the elusiveness of the truth, the impossibility of proof, and the infinite complexity of the workings of fate, showing how they come into conflict with the demands of justice and love. Italo Calvino, Pier Paolo Pasolini, and Alberto Moravia all considered *That Awful Mess on the Via Merulana* to be the great modern Italian novel. Unquestionably, it is a work of universal significance and protean genius: a rich social novel, a comic opera, an act of political resistance, a blazing feat of baroque wordplay, and a haunting story of life and death.

Leonardo osservato da una nuova prospettiva, non come artista, architetto, ingegnere o scienziato ma come designer. Esiste infatti un solo vero filo rosso capace di legare insieme e coerentemente tutte le multidisciplinari attività di Leonardo: la passione per il progetto. Leonardo fu un grande progettista, capace di passare dalla micro alla macro scala, 'dal cucchiaino alla città', ed è questa sua capacità progettuale, che mischia arte e scienza, armonia e ingegneria, ad affascinarci ancora. Da un'idea di Mario Viscardi, gli autori analizzano con competenza e abilità tutte le caratteristiche dei più celebri progetti leonardeschi, dal monumento equestre a Francesco Sforza alle micidiali armi militari, passando agli oggetti di uso quotidiano come le macchine per il tessile e per il cantiere. Non mancano infine riferimenti a grandi figure del design italiano e internazionale che hanno calcato le orme di Leonardo in epoca contemporanea.

The changing attitude of Catholic culture towards modernity After decades of a problematic, if not plainly hostile, approach to modernity by Catholic culture, the 1960s marked the beginning of a new era. As the Church employed a more positive approach to the world, voices in the Catholic milieu embraced a radical perspective, channeling the need for social justice for the poor and the oppressed. The alternative and complementary world views of 'universalism' and 'liberation' would drive the engagement of Catholics for generations to come, shaping the idea of international community in Catholic culture. Because of its traditional connection with the papacy and because of its prominent role in the map of European progressive Catholicism, Italy stands out as an ideal case study to follow these dynamics. By locating the Italian scenario in a broader geographical frame, Universalism and Liberation offers a new vantage point from which to investigate the social and political relevance of religion in an age of crisis.

In this powerful book, the renowned exorcist of Rome tells of his many experiences in his ministry as an exorcist doing battle with Satan to relieve the great suffering of people in the grip of evil. The importance of the ministry to "expel demons" is clearly seen in the Gospels, from the actions of the Apostles, and from Church history. Fr. Amorth allows the reader to witness the activities of the exorcist, to experience what an exorcist sees and does. He also reveals how little modern science, psychology, and medicine can do to help those under Satan's influence, and that only the power of Christ can release them from this kind of mental, spiritual or physical suffering. An Exorcist Tells His Story has been a European best-seller that has gone through numerous printings and editions. No other book today so thoroughly and concisely discusses the topic of exorcism.
