Gramática española: Variación social introduces intermediate to advanced students of Spanish to the main grammatical features of the language in a way that emphasizes the social underpinnings of language. Written entirely in Spanish, this unique approach to the study of grammar guides students in an examination of how Spanish grammar varies depending on place, social group, and situation. Students examine why some varieties of Spanish are considered prestigious while others are not, drawing on current and historical sociopolitical contexts, all while learning grammatical terminology and how to identify categories and constructions in Spanish. This is an excellent resource for students at level B1 or higher on the Common European Framework for Languages, and Intermediate High to Advanced High on the ACTFL proficiency scale.

En gran parte de lo que hoy es México, Guatemala, Belice y Honduras se han localizado docenas de grandes ciudades pertenecientes a la cultura maya. Los enormes logros intelectuales de los mayas en matemáticas, astronomía y conocimiento calendárico, y sobre todo su escritura jeroglífica, han experimentado grandes avances en su desciframiento. De los muros de los templos y las estelas de piedra erigidas en las plazas nos ha llegado una historia escrita: las crónicas de los reyes mayas.

Bibliography of American linguistics, 1926-1928 in v. 6, p. 69-75.

One of a new series of publications by Guatemala's leading indigenous press on the derivation of key words of native dialects, with material clearly organized by types of nouns, adjectives, transitive and intransitive verbs, tenses and composition.

Published as the catalog of the exhibition that began at the Los Angeles County Museum of Art—and later moved to the Dallas Museum of Art and New York City's famed Metropolitan Museum of Art—this book documents the manifestations of royal authority between the ancient Mayas and their descendants. Publicado como el catálogo de la exposición inaugurada en el Los Angeles County Museum of Art y trasladada más tarde al Dallas Museum of Art y al Metropolitan Museum of Art en Nueva York, este libro abre nuevos caminos al documentar las manifestaciones de autoridad real entre los antiguos mayas y sus descendientes.

A highly valuable dictionary of the Mopan (Mayan) language, providing introductory grammatical description, as well as parts of speech, examples, cross-references, variant forms, homophones, and indexes....

Este libro y cuaderno de trabajo se divide en siete unidades: Acentos; Ortografía; Homónimos; Palabras juntas o separadas; Parónimos; Puntuación, y Redacción. Cuenta además con Mapa conceptual por unidad y recomendaciones de la Real Academia con su índice.

Exam board: International Baccalaureate Level: IB Diploma Subject: Spanish First teaching: September 2018 First exams: Summer 2020 Develop competent communicators who can demonstrate a sound conceptual understanding of the language with a flexible course that ensures thorough coverage of the updated Spanish B Guide and is designed to meet the needs of all IB students at Standard and Higher Level. - Empower students to communicate confidently by exploring the five prescribed themes through authentic texts and skills practice at the right level, delivered in clear learning pathways. - Ensure students are able to produce coherent written texts and deliver proficient presentations with grammar and vocabulary introduced in context and in relation to appropriate spoken and written registers. - Improve receptive skills with authentic written texts, audio recordings spoken at a natural pace, and carefully crafted reading and listening tasks. - Promote global citizenship, intercultural understanding and an appreciation of Hispanic cultures through a wide range of text types and cultural material from around the world. - Deliver effective practice with a range of structured tasks within each unit that build reading, listening, speaking and writing skills. - Establish meaningful links to TOK and CAS, and identify learner profile attributes in action. The audio for the Student Book is FREE to download from www.hoddereducation.com/ibextras

As part of the larger, ongoing movement throughout Latin America to reclaim non-Hispanic cultural heritages and identities, indigenous writers in Mexico are reappropriating the written word in their ancestral tongues and in Spanish. As a result, the long-marginalized, innermost feelings, needs, and worldviews of Mexico's ten to twenty million indigenous peoples are now being widely revealed to the Western societies with which these peoples coexist. To contribute to this process and serve as a bridge of intercultural communication and understanding, this groundbreaking, three-volume anthology gathers works by the leading generation of writers in thirteen Mexican indigenous languages: Nahuatl, Maya, Tzotzil, Tzeltal, Tojolabal, Tabasco Chontal, Purepecha, Sierra Zapoteco, Isthmus Zapoteco, Mazateco, Ñahñu, Totonaco, and Huichol. Volume Three contains plays by six Mexican indigenous writers. Their plays appear first in their native language, followed by English and Spanish translations. Montemayor and Frischmann have abundantly annotated the Spanish, English, and indigenous-language texts and added glossaries and essays that introduce the work of each playwright and discuss the role of theater within indigenous communities. These supporting materials make the anthology especially accessible and interesting for nonspecialist readers seeking a greater understanding of Mexico's indigenous peoples.

Develop confident linguists, who appreciate other cultures with this course, based closely around the IB's desired learner profile. This text caters for Language B - students learning Spanish as a second language at Standard and Higher levels. It includes a starter unit to help bridge the gap from pre-16 exams into the distinctive requirements of the IB Diploma. - Builds language skills through carefully crafted tasks and grammar practice - Improves exam performance with activities for all aspects of IB Spanish assessment - Promotes global citizenship and an appreciation of Hispanic culture through stimulus material, including a particular emphasis on the Americas Each copy includes an Audio CD providing tracks for the listening exercises

Publicación anual del Centro de Estudios Mayas.

El presente volumen ofrece una revisión general de la situación del español como lengua en contacto con otras lenguas en diversos países del mundo hispano. Cada sección del libro cubre un área o país dentro de España, Latinoamérica y el Caribe, donde el español convive con otras lenguas desde hace siglos.

This edited book contributes to the growing field of self-translation studies by exploring the diversity of roles the practice has in Spanish-speaking contexts of production on both sides of the Atlantic. Part I surveys the presence of self-translation in contemporary Indigenous literatures in Spanish America, with a focus on Mexico and the Mapuche poetry of Chile and Argentina. Part II proposes to incorporate self-translation into the history of Spanish-American literatures- including its relation with colonial multilingual-translation practices, the transfers it allowed between the French and Spanish-American avant-gardes, and the insertion it offered for exiled Republicans in Mexico. Part III develops new reflections on the Iberian realm: on the choice between self and allograph translation Basque writers must face, a new category in Xosé Dasilva's typology, based on the Galician context, and the need to expand the analysis of directionality in Catalan self-translations. This book brings together contributions from some of the leading international experts in translation and self-translation, and it will be of interest to scholars and students in the fields of Translation Studies, Cultural Studies, Comparative Literature, Spanish Literature, Spanish American and Latin American Literature, and Amerindian Literatures.

El presente volumen recoge los estudios que escribió Henríquez Ureña sobre temas mexicanos: letras coloniales, literatura de la época de la independencia, crónicas de la empresa ateneísta, notas sobre escritores, artistas e instituciones y estudios sobre el español y el folclore de México. Se rescata así de la dispersión lo mucho y valioso que el maestro dominicano escribió sobre cosas de nuestro país, que también fue suyo. Esta edición conmemorativa recupera la edición que el FCE con la SEP hicieron en 1984 de esta obra.

Entre los temas tratados están la expansión de los mayas putunes en Yucatán, el despoblamiento de la zona central maya en tiempos de la conquista, la localización del controvertido límite oriental del ámbito maya, las relaciones comerciales entre las tierras altas y las bajas, el empleo de los alucinógenos y el tabaco, la religión, los mitos y los ritos
