This is the first book to translate a broad spectrum of the informal, improper and generally comic side of 31-syllable Japanese poetry called 'kyōka, ' or 'kyōka, ' literally, "mad-poems" or "madcap verse," representing in the words of Aston (1899), "absolute freedom both in respect of language and choice of subject." Literary anthologies have only translated a handful of kyōka to date, and the sole exception, recent catalogues of the color prints called 'surimono, ' stick to the rather tame kyōka of the early 19c that accompany the prints. The 2000 poems in Robin D. Gill's 740-page book include hundreds of "wild waka" ('waka' being the formal side of 31-syllable poetry) to help define the field and demonstrate how humors presence or absence depends upon our expectations and, in the case of an exotic tongue, our translation. "Mad In Translation" re-creates the wit of the originals in English on the one hand, while explaining what requires Japanese on the other. Many poems will delight those who appreciate the best of the Metaphysical Poets, the grooks of Piet Hein and all that might be called 'light verse for

egg-heads.' Because of the narrow focus of most work published on kyōka in Japan, even specialists in Japanese literature may be surprised to discover in this book a brave old world of humor far larger and more entertaining than they might have imagined.

The Films of Kore-eda Hirokazu: An Elemental Cinema draws readers into the first 13 feature films and 5 of the documentaries of award-winning Japanese film director Kore-eda Hirokazu. With his recent top prize at the Cannes Film Festival for Shoplifters, Kore-eda is arguably Japan's greatest living director with an international viewership. He approaches difficult subjects (child abandonment, suicide, marginality) with a realistic and compassionate eye. The lyrical tone of the writing of Japanese film scholar Linda C. Ehrlich perfectly complements the understated, yet powerful, tone of the films. From An Elemental Cinema, readers will gain a special understanding of Kore-eda's films through a novel connection to the natural elements as reflected in Japanese traditional aesthetics. An Elemental Cinema presents Kore-eda's oeuvre as a connected whole with overarching thematic concerns, despite frequent generic experimentation. It also offers an example of how the poetics of cinema can be practiced in writing, as well as on the screen, and helps readers understand the films of this contemporary

Born of Japan's cultural encounter with Western entertainment media, manga (comic books or graphic novels) and anime (animated films) are two of the most universally recognized forms of contemporary mass culture. Because they tell stories through visual imagery, they vault over language barriers. Well suited to electronic transmission and distributed by Japan's globalized culture industry, they have become a powerful force in both the mediascape and the marketplace. This volume brings together an international group of scholars from many specialties to probe the richness and subtleties of these deceptively simple cultural forms. The contributors explore the historical, cultural, sociological, and religious dimensions of manga and anime, and examine specific sub-genres, artists, and stylistics. The book also addresses such topics as spirituality, the use of visual culture by Japanese new religious movements, Japanese Goth, nostalgia and Japanese pop, "cute" (kawaii) subculture and comics for girls, and more. With illustrations throughout, it is a rich source for all scholars and fans

of manga and anime as well as students of contemporary mass culture or Japanese culture and civilization.

A portrayal of how and why Japan waged war from 1931-1945 and what life was like for the Japanese people in a society engaged in total war.

Winner of the Akutagawa Prize, *The Hole* is by turns reminiscent of Lewis Carroll, David Lynch, and *My Neighbor Totoro*, but is singularly unsettling. Asa's husband is transferring jobs, and his new office is located near his family's home in the countryside. During an exceptionally hot summer, the young married couple move in, and Asa does her best to quickly adjust to their new rural lives, to their remoteness, to the constant presence of her in-laws and the incessant buzz of cicadas. While her husband is consumed with his job, Asa is left to explore her surroundings on her own: she makes trips to the supermarket, halfheartedly looks for work, and tries to find interesting ways of killing time. One day, while running an errand for her mother-in-law, she comes across a strange creature, follows it to the embankment of a river, and ends up falling into a hole—a hole that seems to have been made specifically for her. This is the first in a series of bizarre experiences that drive Asa deeper into the mysteries of this rural landscape filled with eccentric characters and unidentifiable creatures, leading

her to question her role in this world, and eventually, her sanity.
