From the influence of 1920s fashion on asparagus growers to an heirloom watermelon lost and found, *Taste the State* abounds with surprising stories from South Carolina's singularly rich food tradition. Here, Kevin Mitchell and David S. Shields present engaging profiles of eighty-two of the state's most distinctive ingredients, such as Carolina Gold rice, Sea Island White Flint corn, and the cone-shaped Charleston Wakefield cabbage, and signature dishes, such as shrimp and grits, chicken bog, okra soup, Frogmore stew, and crab rice. These portraits, illustrated with original photographs and historical drawings, provide origin stories and tales of kitchen creativity and agricultural innovation; historical receipts and modern recipes, including Chef Mitchell's distillation of traditions in Hoppin' John fritters, okra and crab stew, and more. Because Carolina cookery combines ingredients and cooking

techniques of three greatly divergent cultural traditions, there is more than a little novelty and variety in the food. In *Taste the State* Mitchell and Shields celebrate the contributions of Native Americans (hominy grits, squashes, and beans), the Gullah Geechee (field peas, okra, guinea squash, rice, and sorghum), and European settlers (garden vegetables, grains, pigs, and cattle) in the mixture of ingredients and techniques that would become Carolina cooking. They also explore the specialties of every region--the famous rice and seafood dishes of the lowcountry; the Pee Dee's catfish and pinebark stews; the smothered cabbage, pumpkin chips, and mustard-based barbecue of the Dutch Fork and Orangeburg; the red chicken stew of the midlands; and the chestnuts, chinquapins, and corn bread recipes of mountain upstate. *Taste the State* presents the cultural histories of native ingredients and showcases the evolution of the dishes and the variety of preparations that have emerged. Here you will find true Carolina cooking in all of its cultural depth, historical vividness, and sumptuous splendor--from the plain home cooking of sweet potato pone to Lady Baltimore cake worthy of a Charleston society banquet.

traditional Southern with current ingredients and flavors that embody world cuisines. Here you'll find Neuvo Latino Shrimp and Grits, Apple and Bourbon Pecan Bread Pudding, Indiana Sweet Corn and Country Ham Chowder, and Macadamia Crusted Striped Bass with Red Chile Bluegrass Soy Butter. Anthony's food reflects his life's experiences, from his Latin heritage to the street vendors of Los Angeles, life on a farm as a young boy, culinary training in southern California, and the cuisine of the South after he moved to Kentucky. Anthony calls his style of cooking modern Southern that reflects the flavors of his life. In this first cookbook, *Southern Heat*, Anthony's pride in being part of the largest American regional food movement is evident. His appreciation for his heritage, mentors and local farmers, his dedication to using sustainable ingredients, and his passion for layering flavors to achieve the perfect balance between brightness, citrus, acidity, heat and spice is conveyed through stories and tips as well as through stunning photography that sets the foundation for the more than 125 inspired recipes. Now, far from home and surrounded by his enemy, Scot Harvath must battle his way out. Wall Street Journal best-selling author Fred Minnick creates an easy-to-read interactive tasting journey that helps you select barrel-aged bourbons based on your flavor preferences. Using the same tasting principles he offers in his Kentucky Derby Museum classes and as a judge at the San Francisco World Spirits Competition, Minnick cuts to the chase, dismissing brand marketing and judging only the flavor of this all-American whiskey. Bourbon Curious groups bourbon into four main flavor profiles—grain, nutmeg, caramel, and cinnamon. While many bourbons boast all four flavor notes, one delicious sensation typically overpowers the rest. This book reveals more than 50 bourbon brands' predominate tastes and suggests cocktail recipes to complement them. In addition, Minnick spends some time busting bourbon's myths; unraveling its mysteries; and exploring distiller secrets, disclosing the recipes you won't find on a bottle's label. This updated edition contains all the best new bourbons and revised tasting notes on any bourbons that have undergone a substantial change since the original edition. And like good-tasting bourbon, Bourbon Curious is approachable to all!

Rye, Irish Pot Still, and Bourbon have all seen a massive resurgence in recent years not least thanks to the visionary campaigning of the world's first-ever full time professional whisky writer. The whiskies from over 30 different countries are included and evaluated in his forthright, honest, amusing, fiercely independent, and non-pretentious style.

The instant New York Times bestseller! From one of America's most beloved sportswriters and the bestselling author of Pappyland, a collection of true stories about the dream of greatness and its cost in the world of sports. "Wright Thompson's stories are so full of rich characters, bad actors, heroes, drama, suffering, courage, conflict, and vivid detail that I sometimes thinks he's working my side of the street - the world of fiction." - John Grisham There is only one Wright Thompson. He is, as they say, famous if you know who he is: his work includes the most read articles in the history of ESPN (and it's not even close) and has been anthologized in the Best American Sports Writing series ten times, and he counts John Grisham and Richard Ford among his ardent admirers (see back of book). But to say his pieces are about sports, while true as far as it goes, is like saying Larry McMurtry's Lonesome Dove is a

book about a cattle drive. Wright Thompson figures people out. He jimmys the lock to the furnaces inside the people he profiles and does an analysis of the fuel that fires their ambition. Whether it be Michael Jordan or Tiger Woods or Pat Riley or Urban Meyer, he strips the away the self-serving myths and fantasies to reveal his characters in full. There are fascinating common denominators: it may not be the case that every single great performer or coach had a complex relationship with his father, but it can sure seem that way. And there is much marvelous local knowledge: about specific sports, and times and places, and people. Ludicrously entertaining and often powerfully moving, *The Cost of These Dreams* is an ode to the reporter's art, and a celebration of true greatness and the high price that it exacts.

liquor to the myriad distilleries that have proliferated around the country today, bourbon has come to symbolize America. In "Bourbon: The Rise, Fall, and Rebirth of an American Whiskey," award-winning whiskey author Fred Minnick traces bourbon's entire history, from the 1700s with Irish, Scottish, and French settlers setting up stills and making distilled spirits in the New World through today's booming resurgence. He also lays out in expert detail the critical role this spirit has played throughout the cultural and even political history of the nation -- from Congress passing whiskey-protection laws to consumers standing in long lines just for a glimpse of a rare bottle of Pappy Van Winkle -- complemented by more than 100 illustrations and photos. And most importantly, Minnick explores the mystery of who most likely created the sweet corn liquor we now know as bourbon. He studies the men who've been championed as its inventors over time -- from Daniel Boone's cousin to Baptist minister Elijah Craig -- and, based on new research and never-before-seen documentation, answers the question of who deserves the credit.

narrative, Hopkins entertains and educates the readers on whiskey's place in the history of the world. She visited historians and pub owners, went to distilleries owned by corporations who sell thousands of gallons per day, and artisans who sell thousands of gallons per year, and interviewed the aficionados and the common drinkers, because one of the best aspects of whiskey is not just its taste, but the stories about the drink that are told around the bar. As an added bonus, she discusses the fine art of distilling, the proper ways to drink whiskey, and provides tasting notes on different brands, all in the hope of discovering the best shot of the liquor.

An instant New York Times bestseller From the bestselling author of *The Cost of These Dreams* The story of how Julian Van Winkle III, the caretaker of the most coveted cult Kentucky Bourbon whiskey in the world, fought to protect his family's heritage and preserve the taste of his forebears, in a world where authenticity, like his product, is in very short supply. As a journalist said of Pappy Van Winkle, "You could call it bourbon, or you could call it a \$5,000 bottle of liquified, barrel-aged unobtainium." Julian Van Winkle, the third-generation head of his family's business, is now thought of as something like the Buddha of Bourbon - Booze Yoda, as Wright Thompson calls him. He is swarmed wherever he goes, and people stand in long lines to get him to sign their bottles of Pappy Van Winkle Family

Reserve, the whiskey he created to honor his grandfather, the founder of the family concern. A bottle of the 23-year-old Pappy starts at \$3000 on the internet. As Julian is the first to say, things have gone completely nuts. Forty years ago, Julian would have laughed in astonishment if you'd told him what lay ahead. He'd just stepped in to try to save the business after his father had died, partly of heartbreak, having been forced to sell the old distillery in a brutal downturn in the market for whiskey. Julian's grandfather had presided over a magical kingdom of craft and connoisseurship, a genteel outfit whose family ethos generated good will throughout Kentucky and far beyond. There's always a certain amount of romance to the marketing of spirits, but Pappy's mission statement captured something real: "We make fine bourbon - at a profit if we can, at a loss if we must, but always fine bourbon." But now the business had hit the wilderness years, and Julian could only hang on for dear life, stubbornly committed to preserving his namesake's legacy or going down with the ship. Then something like a miracle happened: it turned out that hundreds of very special barrels of whiskey from the Van Winkle family distillery had been saved by the multinational conglomerate that bought it. With no idea what they had, they offered to sell it to Julian, who scrambled to beg and borrow the funds. Now he could bottle a whiskey whose taste captured

his family's legacy. The result would immediately be hailed as the greatest whiskey in the world - and would soon be the hardest to find. But now, those old barrels were used up, and Julian Van Winkle faced the challenge of his lifetime: how to preserve the taste of Pappy, the taste of his family's heritage, in a new age? The amazing Wright Thompson was invited to be his wingman as he set about to try. The result is an extraordinary testimony to the challenge of living up to your legacy and the rewards that come from knowing and honoring your people and your craft. Wright learned those lessons from Julian as they applied to the honest work of making a great bourbon whiskey in Kentucky, but he couldn't help applying them to his own craft, writing, and his upbringing in Mississippi, as he and his wife contemplated the birth of their first child. May we all be lucky enough to find some of ourselves, as Wright Thompson did, in Julian Van Winkle, and in Pappyland.
