

Paris 2017 Wall Calendar

Astrology, Almanacs, and the Early Modern English Calendar is a handbook designed to help modern readers unlock the vast cultural, religious, and scientific material contained in early modern calendars and almanacs. It outlines the basic cosmological, astrological, and medical theories that undergirded calendars, traces the medieval evolution of the calendar into its early modern format against the background of the English Reformation, and presents a history of the English almanac in the context of the rise of the printing industry in England. The book includes a primer on deciphering early modern printed almanacs, as well as an illustrated guide to the rich visual and verbal iconography of seasons, months, and days of the week, gathered from material culture, farming manuals, almanacs, and continental prints. As a practical guide to English calendars and the social, mathematical, and scientific practices that inform them, *Astrology, Almanacs, and the Early Modern English Calendar* is an indispensable tool for historians, cultural critics, and literary scholars working with the primary material of the period, especially those with interests in astrology, popular science, popular print, the book as material artifact, and the history of time-reckoning. "For the first time, Ryan Berkley's iconic animal portraits are collected in book

form (along with some exclusive new ones), with accompanying stories for each animal by his wife Lucy Berkley. This tongue-in-cheek illustrated social commentary from one of the most popular Etsy artists of all time will delight as well as make you think."

Dear Friends of the seas, There are still hidden places in the world that combine majesty with solitude, sailing adventure with beauty. Last year's Seven Seas Calendar had us cruising through the tropical paradise of the Windward Islands with its deserted beaches, crystalline waters, and warm and gentle Trade Winds. This year, besides our world wide travels, we will be sailing half-a-world away both in longitude and latitude to the wild coasts of British Columbia and Alaska, arguably the most dramatic and mysterious cruising grounds on the planet. Stretching from the romantic old-England harbor of Victoria to the port of Skagway, are chains of majestic mountains and evergreen islands. It is a breathtaking seaway. And most of it within the protected waters of the fabled Inside Passage. The route is less than 800 miles as the crow flies but the mariner will weave among glaciers, fjords, ancient native villages and over 1,200 islands, which combined, yield over 40,000 miles of coastline to explore and discover. Your companions will be eagles, cormorants, sea otters and bears. And the fishing is the very best. Buon Voyage. - Ferenc Máté

Fill your upcoming 2018, with 16 months of Paris all year round. This beautiful mini calendar contains 16 months and 3 mini 2017, 2018, and 2019 year calendars.

The focus of this book is on the classic, ageless, and enduring flowers, which we have dubbed Vintage roses. This user-friendly term encompasses both the true Old roses and the best of the Modern roses. All Vintage roses have one thing in common; they are garden-friendly roses that celebrate the style and grace of the old. Vintage roses can be overblown, multi-petalled or deliciously simple, and this sumptuous tome is a love letter to these beautiful blooms. Unearth the hands-on know-how and history of the world's favourite flower. This book will appeal to the armchair gardener, gardening novice and seasoned expert alike. At the heart of the book are over 60 specially selected specimens – including those that have the best visual appearance, the most fragrant perfume, are easy to grow and produce beautiful flowers for cutting. The book covers not just original varieties such as Rosa Mundi (with its beautifully variegated stripes of deep pink and white), but also the wonderful new varieties that have been developed over the last 20 years. The no-fuss notes on pruning and care and the straightforward advice that accompanies each variety completely dispel the myth that roses are difficult or time-consuming to grow – proving that you can just as easily grow

roses in a pot on your front steps as you can in a large country garden. Covering the best rambling, climbing and shrub roses, from bourbon to tea and floribunda to polyantha, you'll be sure to find your new favourite variety. Plus, tips and tricks on arranging your cut roses makes it even easier to enjoy these fabulous flowers at home. With contemporary commentary on each bloom, easy-to-follow advice and glorious photography, this book will appeal to everyone who appreciates the classic beauty of the vintage rose.

Already we're expecting something special. And that's exactly what Gary Zuercher gives us in this gorgeous collection of photographs. Over a period of five years, he took his cameras out into the Parisian night to capture stunningly evocative images of the bridges that span the Seine. Using his artistic eye and sophisticated photographic technique, he created these glorious black-and-white photographs, rich with detail and possessing a clear, luminous, quality. This collection is unique, and remarkable. No one else has ever photographed all the bridges that cross the Seine in Paris in this way. We don't see crowds of people, or heavy traffic. Nothing obscures the beauty and strength of the structures, the romance and symbolism of the bridges. Shooting in black and white allows the details to shine: the architectural elements, artwork, nearby buildings, trees on the riverbanks, and starry lamps casting paths of light across the water.

2017-2018 24 Month DATED Planner is the only tool you need to track everything from spending to work projects! Keep your life and activities at your fingertips for fast, easy reference! Planner contains: 24 Months, January 2017 to December 2018. Personal Info - 2 pages - Insurance Info and Emergency Contacts in one handy place for immediate reference Dates to Remember - 4 pages - 2 pages for 2017, 2 pages for 2018 - Birthdays, Anniversaries, Special Days 2017 Holidays 2 pages and 2018 Holidays 2 Pages Yearly calendars for 2017, 2018, 2019, 2020 2 Page Calendar Spread for each month of the year - January thru December 2017 and 2018 Address Book - 4 pages - Email and Phone Numbers at your fingertips Internet Password Log - 2 pages - Never forget your log-in info again! Notes - 12 pages - Room to write, plan, and organize! Francophiles and Paris buffs will find something new and fascinating in this timeless guidebook, filled with sites, passageways, hotels, shops, and more What if—walking around Paris—instead of seeing only the Paris of 2017, you glimpsed Paris in Revolutionary times? Or Paris when it was home to 80,000 horses; or Paris lit by gaslight; or medieval Paris? What if—walking down a block in Paris—you recognized the signs, mosaics, pieces of hardware, and architectural details as relics of many centuries that have stories to tell of past eras? This is what Curiosities of Paris reveals. Each of the book's 800 photos of unique locations and architectural oddities—as well as

Download Ebook Paris 2017 Wall Calendar

utilitarian objects whose functions have long been obscured with the passage of time—discloses a previously unnoticed city. Even those who know Paris well might never have registered the thousands of details on every street that testify to the enduring presence of the past: the solar cannon at Invalides, street signs with the word “saint” and all fleur-de-lys removed; the unique features of Parisian street lighting. You’ll never look at an elm tree the same way again. And, with *Curiosities of Paris* as your guide, you’ll feel very in-the-know as you walk down the Champs-Élysées past all the auto dealerships. Organized by subject—including fountains and wells; centuries-old shop signs; vestiges of wars and ancient Egypt; hotels of legend; remarkable trees; sundials and meridians; equestrian Paris; romantic ruins; unusual tombs, stairways, and passageways; religious relics; mosaics; public barometers and thermometers; and hundreds more urban elements and anachronisms—the book also includes three themed walks (along the city’s ancient walls, in the steps of Quasimodo, and through the French Revolution), as well as an index of street names. This absorbing compendium is an essential addition to the library of the armchair traveler and flâneur alike.

Fill your upcoming 2018, with 16 months of Paris all year round. This beautiful calendar contains 16 months and 3 mini 2017, 2018, and 2019 year calendars. In 1972 the world still lives in the wake of chaos created by the assassination of President John F. Kennedy and the Vietnam War rages on. After a young farmboy by the name of Templeton Hawks escapes an infamous Vietcong prison camp, unprecedented events are set into motion as he makes his way home after many years of being presumed dead. When he finally returns to his Texas hometown, Natalie, the girl he left behind, is overcome by the happiness of discovering him alive. But their joy is soon disrupted by the unexplainable abduction of Natalie's four year old daughter. Feeling his return and the disappearance of the little girl are somehow connected, Temp sets out on an elaborate search for the child. As he pieces together the terrifying clues and dodges the suspicions of a wily police lieutenant, Temp must avoid an array of deadly traps set before him by using his knowledge of the past, the gifts of his physical prowess and the superior abilities of his cunning mind. The search for the four-year-old soon becomes a labyrinth of mystery leading him through the dark streets of Dallas Texas and finally to a clandestine state of the art security compound hidden deep within the city. Temp soon discovers that the truth of JFK's death lies not with Lee Harvey Oswald, but with a child who wasn't born

Download Ebook Paris 2017 Wall Calendar

Capitalist societies need to undergo major change to provide for the material needs of all the people who work within the system, not just the 1 percent. They have become dysfunctional and need a different kind of orientation to continue in existence. Instead of creating wealth, which is what they are supposed to accomplish, they have created nothing but debt for the past several decades and are now in serious trouble with regard to finding the wherewithal to keep on functioning as viable societies that can provide job opportunities for their workers and the promise of a better life in the future for their citizens. The coronavirus pandemic has exposed just how many people live paycheck to paycheck and have not been able to accumulate any kind of savings. The 1 percent, meanwhile, have benefited greatly and have vastly increased their wealth over the past several decades. This book does not advocate the need to turn to a form of socialism, however, to give most workers a chance at a decent life for themselves. What is needed is a redefinition of capitalism to make it work for everyone. Capital and Capitalism seeks to uncover various myths about capitalism that hinder our ability to change the system and discuss the task of redefining capitalism by examining where neo-liberalism went wrong and what role restructuring the corporation along stakeholder lines can play in making capitalism more responsive to the entire society. It will be of interest to researchers, academics, and students in the fields of business and society, leadership, and business ethics.
