Many sellers do not understand that and do not make the proper adjustments to their listings. We can help any seller adapt to this new world of online selling. Just recently eBay and Amazon changed their search algorithm again and many sellers have seen drastic decreases in sales because they did not understand the algorithm. eBay and Amazon fail to understand that if more and more sellers drop out and there are less and less products on their sites, buyers will just move on to some other venue. We understand that as well and want to make sure eBay and Amazon has a diverse group of sellers who continues to offer great products. What is the item's value? There are many more recommendations we can offer you but to sell anything on eBay or Amazon, the buyer first needs to easily put a value on what you are trying to sell. Once a value is assigned to your item, then we can help you strategize how to effectively list it on eBay or Amazon. We can help buyer's value your item in such a way that they will buy it at the price you would like to sell. We offer recommendations and strategies to help increase your sales. If you are already a seller, please email us 2 to 3 listings you would like us to look at. We will then send you our recommendations. Thousands of sellers have found our recommendations very useful and applied them to their listings.

**101-Tips for Buying and Selling on eBay** 101-Tips for Buying and Selling on eBay, 2022-11-26 Introduction: Quit Your 9-to-5 Job and Become a Solopreneur 1. Your phone's alarm goes off. 2. It's time to get up, shower, grab a bagel and coffee on the way to work, and drive there. 3. You appear to be on autopilot every day. There's no need to think about it; just do it. For many people, a traditional 9-5 job, while somewhat secure, is not what they expected when they signed up for it. You may only have two weeks of vacation per year; the pay is pitiful; the people are a bunch of gossipers; and the work - well, let's just say you don't really need your degree to do what you're doing. People, particularly Millennials, are increasingly abandoning full-time employment. Climbing to the top of a company is no longer a common career path. Millennials, on the other hand, frequently see eBay, starting your own company, or growing your own business as the new norm. And the data backs this up: eBay is on the rise. eBay is one of the most active online marketplaces, with a multibillion-dollar turnover and over 180 million users. They were only 10% of the workforce seven years ago. And it's only going to get worse as more people realize the freedom that being a solopreneur provides. If having \*no\* boss is what you're looking for, here's how to get it right away. There are some people who despise their 9-5 jobs. When they describe their job, it sounds like a prison sentence, complete with roadside manual labor and the old' shackle and chains. Their job makes them a prisoner, which they despise. Others adore their 9-to-5 jobs. They go to work and enjoy the fact that they have no ownership in the company and can leave at any time without incurring any liability. I've had several jobs. I spent the first half of my twenties starting seven businesses, six of which failed miserably and one of which became an overnight success (that I later walked away from). I then got a corporate job in a bank and had to wear a suit to work. The lobby resembled a hotel, and the language used was never profane. My next

position was a cross between a startup and a corporate, with a focus on people management. You're trapped. As each day passes, you can't wait for the weekend to be over, so you don't have to think about work. No more bosses breathing down your neck, no more pre-planned breaks, and certainly no more long commutes. Weekends are your life. You know you don't want this job, but you're stuck with it. You want out but don't know how, whether you want to quit your job to travel more, try something new, or if you're just bored or unhappy with what you're doing. What are you going to do? How do you leave a stable and secure job to pursue a life of hustling for work? And can you make a living from eBay? Rarely Revealed Secrets to Making Money on eBay that Are Ideal for Complete Beginners “Do you believe you squandered an eBay opportunity? Consider again. eBay is one of the most active online marketplaces, with a multibillion-dollar turnover and over 180 million users. Its business model is so simple that you can start making money from your unwanted items in your cupboards, garage shed, or basement in as little as seven days. It's the ideal first side hustle, and this book will show you how. It's written for ambitious people who want to make money on eBay as quickly as possible. From your very first listing, you'll discover a step-by-step plan for generating consistent sales for your new business. It makes no difference whether you're selling your old items or have discovered a fantastic product that everyone requires. You'll get a behind-the-scenes look at what it takes to make money from day one.
