A playdate is an organized meeting where parents come together with their children at a public or private location to interact socially or “play.” Children no longer simply “go out and play,” rather, play is arranged, scheduled, and parentally-approved and supervised. How do these playdates happen? Who gets asked and who doesn’t? What is acceptable play behavior? In *The Playdate*, Tamara R. Mose focuses on the parents of young children in New York City to explore how the shift from spontaneous and child-directed play to managed and adult-arranged playdates reveals the structures of modern parenting and the new realities of childhood. Mose argues that with the rise of moral panics surrounding child abuse, pedophilia, and fears about safety in the city, as well as helicopter parenting, and over-scheduling, the playdate has emerged as not just a necessity in terms of security and scheduling, but as the very hallmark of good parenting. Based on interviews with parents, teachers, childcare directors, and nannies from Brooklyn, Manhattan, Queens, and Long Island, the book provides a first-hand account of the strategies used by middle-class parents of young children to navigate social relationships—their own and those of their children. Mose shows how parents use playdates to improve their own experiences of raising children in New York City while at the same time carefully managing and ensuring their own social and cultural capital. Mose illustrates how the organization of playdates influences parents’ work lives, friendships, and public childrearing performances, and demonstrates how this may potentially influence the social development of both children and parents. Ultimately, this captivating and well-researched book shows that the playdate is much more than just “child’s play.”

Together, they draw on the highly effective "pivotal response" approach developed at the center to provide concrete ways of improving the symptoms of autism and the emotional struggles that surround it, while reminding readers never to lose sight of the humor that lurks in the disability's quirkiness or the importance of enjoying your child. From the shock of diagnosis to the step-by-step work with verbal communication, social interaction, self-stimulation, meltdowns, fears, and more, the answers are here—in a book that is as warm and nurturing as it is authoritative.

The COMPLETE COLLECTION of the Love In Santa Lena series all in one place!! **FALLING FOR JACK:** When your heart has been broken, the last thing you should do is fall into another man's arms, let alone his bed. Yet that's exactly what I did. And then I ran like a thief in the night. If I never see Jack again, it will be too soon. But I guess fate has a sense of humor, because the sexy chef who saw me at my worst is my new client. \*\*\* The beautiful creature stumbled into my life and fled just as quickly. Harper's disappearance left me confused and frustrated. But when she appears, flustered and gorgeous in my morning meeting, I can't resist the chance to see if I can rekindle the spark we had. Another relationship is the last thing I need, but I can't resist the flame Harper ignites inside me. No one said love was easy, but why does it have to be so damn hard? **CONVINCING HARPER:** Sometimes love means walking away...and that's exactly what I did. I swore off men and then I met Jack. Consumed with desire, I fell hard and fast. Maybe he would be different? Turns out he was keeping a secret... a big one. I was hoping I was wrong about love, but he just proved me right. And he's going to have a heck of a time convincing me otherwise. **WAITING ON JASON:** I've been waiting for the right man to come along my whole life...Screw that. I'm done desperately watching my biological clock tick down, so I decided to take matters into my own hands. Or the hands of a turkey baster. But then Jason drove into my life and my resolve nearly crumbled. One night is all I can give him. It's all he wants. At least, that's what I thought. I made the mistake of assuming he wasn't a forever kind of guy. Turns out Jason just might be the one I've been waiting for. **HEALED BY CHELSEA:** I never thought I'd fall for an older man. He's smart. Sexy. Irresistible. Everything I've ever

wanted, but I can't have him. He's broken. Guarded. He'll never give me what I need. So why do I still want him? Because I am going to show him how to live again... and how to love. At least, that was the plan

Doris Lessing's contemporary gothic horror story—centered on the birth of a baby who seems less than human—probes society's unwillingness to recognize its own brutality. Harriet and David Lovatt, parents of four children, have created an idyll of domestic bliss in defiance of the social trends of late 1960s England. While around them crime and unrest surge, the Lovatts are certain that their old-fashioned contentment can protect them from the world outside—until the birth of their fifth baby. Gruesomely goblin-like in appearance, insatiably hungry, abnormally strong and violent, Ben has nothing innocent or infant-like about him. As he grows older and more terrifying, Harriet finds she cannot love him, David cannot bring himself to touch him, and their four older children are afraid of him. Understanding that he will never be accepted anywhere, Harriet and David are torn between their instincts as parents and their shocked reaction to this fierce and unlovable child whose existence shatters their belief in a benign world.

In the family of Jen Lancaster and Elizabeth Gilbert, Kyran Pittman is the laid-back middle sister: warm and witty and confiding, with an addictively smart and genuine voice--but married with three kids and living in the heartland. Relatable and real, she writes about family in a way that highlights all its humor, while at the same time honoring its depth. A regular contributor to Good Housekeeping, Pittman is well loved because she is funny and honest and self-deprecating, because her own household is in chaos ("semi-domesticated"), and because she inspires readers in their own domestic lives. In these eighteen linked, chronological essays, Pittman covers the first twelve years of becoming a family, writing candidly and hilariously about things like learning to maintain a marriage over time; dealing with the challenges of sex after childbirth; saying good-bye to her younger self and embracing the still attractive, forty-year-old version; and trying to "recession-proof" her family (i.e., downsize to avoid foreclosure). From a fresh new talent, celebrating the joys and trials of a new generation of parents, Planting Dandelions is an entertaining tribute to choosing the white-picket fence over the other options available, even if you don't manage to live up to its ideals every day.

In this new collection of thirteen essays, Arlie Russell Hochschild—author of the groundbreaking exploration of emotional labor, *The Managed Heart* and *The Outsourced Self*—focuses squarely on the impact of social forces on the emotional side of intimate life. From the “work” it takes to keep personal life personal, put feeling into work, and empathize with others; to the cultural “blur” between market and home; the effect of a social class gap on family wellbeing; and the movement of care workers around the globe, Hochschild raises deep questions about the modern age. In an eponymous essay, she even points towards a possible future in which a person asking “How’s the family?” hears the proud answer, “Couldn’t be better.”

Features thematic parties for children ages three to six, including games, crafts, treats, and decorations for birthday, holiday, or just-for-fun parties

There’s a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don’t know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You’ll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you’re being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate’s loud speakerphone is making you homicidal • you got drunk at the holiday party

Planning such events has become a profession in itself. More and more, parents are turning to event consultants to plan their children's celebrations. If you've dreamed of your own home business, planned parties for your own children, and want to put your creative ideas to work, this book is for you.
