NO PRIOR EXPERIENCE REQUIRED. ALL INSTRUCTIONS ARE FULLY DETAILED AND STEP-BY-STEP SO ANYONE CAN FOLLOW THEM EASILY. Online passive income is the ultimate dream. Making money while you sleep. Everybody wants it. But is it really possible? The short answer is "YES" The longer answer is "yes, but it isn't easy to accomplish." If it was, wouldn't everyone be doing it? In my ebook, I give you a step-by-step plan on how to develop a passive income online business and show you how making money online actually works (with links to supporting lessons for extra clarity). The specific plan I teach is designed to make you \$5,000+ per month in passive income earnings, based on Blogging, Affiliate Marketing,

Freelancing and Selling of Digital Products. Once you understand the process though, you can decide to work with any of them or with all. When you stop is up to you (and yes, there are people making tens of thousands of dollars per month on the Internet based on these concepts—they just love the work and don't ever stop. What's great about the business plan that I teach you is not only the income level you will accomplish if you follow through, but all that you will learn in the process. The skills you learn in this ebook will enable you to build all kinds of online businesses and open the door for all kinds of entrepreneurial projects you may have. Not only that, you will be able to evaluate business ideas much more intelligently once you've gone through this whole process. You will understand the fundamentals of keyword research & analysis, traffic & lead generation, social & affiliate marketing, monetization & conversion testing, and traffic analysis. These skills will help you immensely in ANY business you ever decide to start (online or not, passive or not). Generating an online passive income won't happen overnight and takes a lot of hard work, but going through the process is completely worth it and having an exact plan of action is the ONLY way to ensure success. Let me put it this way: if you were offered no pay for six months for 40+ hours of work per week, but after those six months, you got \$5,000+ per month for the rest of your life, would that be worth it to you? If that idea isn't unbelievably exciting to you, then this isn't the business for you. This isn't a get rich quick scheme. This is a business. Except with this business, instead of trading your time for money (like most jobs), you are investing your time. You work hard now and continue to reap the benefits indefinitely. Building an online business takes a lot of work and a lot of patience, but the rewards can be amazing. That's the kind of business that I teach you in this ebook. Here's what you will learn 1. The Truth Behind the Internet and making money online 2. The only ways you can truly make money online 3. Blogging - What is blogging? 4. Affiliate Marketing – What is Affiliate Marketing? 5. Freelancing - what is freelancing? and much more things you will learn.

In this day and age where everything is Internet oriented, online businesses seem to be booming, and will continue to flourish in the years to come. Ever since businesses decided to move from real streets to virtual alleys, there seems to be an increase in both productivity and sales. The rise and success of online businesses made us realize that people are not interested in visiting physical stores anymore, especially when they have the option of buying things or doing business from the comfort of their homes. With the current and future generations poised to make the Internet their shopping hub, it is only wise for entrepreneurs to move their existing businesses onto an online platform. However, it is easier said than done, as a lot goes into setting up an online business. Starting an online business may sound like a great idea but will require quite a bit of effort from your side to establish and run it. There are many little things to look into, which are essential for you to understand and know. Whether you turn to it as a means to avail passive income or make it your full time business, online businesses will work only if you go about it in a step-by-step manner. The right efforts coupled with patience will help you establish yourself on the Internet and usher you towards attaining your desired goals. I have collated this class, which will act as your course guide and give you lessons that will allow you to not only set up your online business but also turn it into a roaring success. Introduction Thank you and congratulations on taking this class, "Online Business: Passive Income: 21 Tips to Make Money Online While You Sleep!" Everyone dreams about making money by doing what they love. However, most aspiring dreamers end up trading in their ideal career for a more realistic and stable job opportunity. Although more people are finding new ways to make enough time in their busy lives to enjoy beloved hobbies and time with friends, you should not have to make sacrifices or compromises just to do the simple things you love. What if I told you that you can have everything you want just by making a few financial and career changes? You can make money, spend time with your family and friends, travel, and do everything you love and dream of with a passive income. Passive income is often referred to as "making money while you sleep." While this statement is an oversimplified description of passive income, the general idea is true. A passive income is money that you make while not actively being involved the in business or directly a part of the commercial exchanges.
