For one, there were unusual circumstances surrounding her birth, for another, she is the only pack member to never shift into a wolf form. So now she doesn't quite belong anywhere. Not quite human and not quite wolf. She thought she would be able to live her life how she wanted when she had turned eighteen. Go to college, make some friends, have some fun. But what is she to do when the dangerously sexy Alpha literally falls right into her lap? "I am not human, and I am not a wolf. I don't belong anywhere..." "...we both know that no one is going to mate with me, and even if they did, they would just reject me anyway."

What is the sexy, brooding Alpha going to do? The elders are making him hold these ridiculous parties to search for a mate. He doesn't want a mate, but he knows he needs a mate to finish the Alpha Circle. Without a mate, a Luna for the pack, his people would suffer. And what is he going to do when he stumbles across the girl that fate has chosen for him and he finds out she has no wolf? "This cannot be!" I roared.

"There is no way that I can mate with a girl that does not even have a wolf. She will be too weak. She will be inferior. She will not be strong enough to be a Luna." "I simply could not accept her as my mate. Not fully. It wasn't safe for her. She would get herself killed. And she would bring my pack down with her." When these two meet, sparks will surely fly. But will it be from passion, or their constant fighting? Neither of them wanted a mate. Neither of them wants the mate that fate chose for them. And neither of them can make that mate bond go away. What are they going to do now that they're literally stuck with each other?

Launching into new territory that the author hadn't mapped out when he embarked on the series, NEKOMONOGATARI (White) tells the tale of heroine Tsubasa Hanekawa from her own perspective, in her own voice—if that can hold true for a damaged soul who, depending on who you're asking, suffers from a split personality or a supernatural aberration. The bone-chilling brokenness of her household, where father and mother and daughter keep three separate sets of cookware in the same kitchen and only ever prepare their own meals, and the profound darkness nurtured in the genius schoolgirl's heart, come to life, if that is the word, through her self-vivisection. As for our customary unreliable narrator, Araragi, we seem to learn revealing tidbits about him now that we have an outside view of him at last, while his lady friends Senjogahara, Hachikuji, et al, freed from his predilection for proudly inane banter, show subtly new faces to us via their female interlocutor. Welcome to the Second Season.
