Discover the secret trading method that Ross Cameron used to turn \$583.15 into over \$97k - it's easier than you think! Do you wonder why so many people frown upon trading penny stocks? Have you already tried investing in penny stocks on your own, only to lose thousands overnight? Do you want to know how to consistently turn a profit on your penny stock investments, without feeling like you're secretly being played? You might've heard that you shouldn't trade penny stocks. Hundreds of experienced day traders and so-called "experts" will laugh in your face the moment you ask them why investing in penny stocks is a horrible idea. According to the US Securities and Exchange Commission, in total, investors lose over \$18 billion per year in penny stocks. And yet a select few individuals are still able to turn stocks worth less than \$1 into 6-figure profits. Like Roland Wolf, who was living paycheck-to-paycheck before he passed \$1 million in trading profits on penny stocks. And Ross Cameron, founder of Warrior Trading, who lost \$15k in penny stocks before converting \$583.15 into upwards of \$130,000 in profits. And Tim Grittani, who transformed his life savings of \$1,500 into over \$12 million in returns. You might think it's impossible to recreate these results. After all, most people who trade penny stocks end up losing money. But that doesn't have to be you. Because if you use the right trading methodology for your penny stock investment strategy, you can stand to make steady short-term gains that'll bring you incredible earnings in the long run. And all you need to do is follow the simple, step-by-step advice laid out right here. In Penny Stock Investing, you'll discover: ? 5+ unique reasons why you're still not making money on stocks ? The #1 mistake beginner traders make - why most people fail at trading penny stocks before they've even started ? The 4 different tiers of penny stocks, and which ones you should avoid at all costs ? The most important thing you should do before trading real money that only very few investors take advantage of ? How to get started trading penny stocks with no money and minimal risk ? Why you should pick these particular stocks in the beginning to set you up for success later on ? 6+ tips for avoiding stock scams - look out for these red flags ? How to find the best penny stock winners before they spike ... and much more! Figuring out how to turn pocket change into huge gains doesn't have to be complicated. With this guide, you'll find straightforward techniques and all the fundamental knowledge you need to start trading with confidence... and without drowning in technical jargon. Even if you've never read about investing in stocks before, you'll immediately understand the key to success with trading penny stocks. You can keep losing money on low-priced shares and not understanding why... or you can master the mindset behind winning with penny stocks. Success as a day trader will only come to 10 percent of those who try. It's important to understand why most traders fail so that you can avoid those mistakes. The day traders who lose money in the market are losing because of a failure to either choose the right stocks, manage risk, and find proper entries or follow the rules of a proven strategy. In this book, I will teach you trading techniques that I personally use to profit from the market. Before diving into the trading strategies, we will first build your foundation for success as a trader by discussing the two most important skills you can possess. I like to say that a day trader is two things: a hunter of volatility and a manager of risk. I'll explain how to find predictable volatility and how to manage your risk so you can make money and be right only 50 percent of the time. We turn the tables by putting the odds for success in your favor. By picking up this book, you show dedication to improve your trading. This by itself sets you apart from the majority of beginner traders.

What is Penny stocks ? Penny Stocks are those which trade at very low price and has a low market capitalization. While there is no simple definition, penny stocks in India generally trade at Rs 0.05 to Rs 10 per share. Individuals invest in these penny stocks and lose money as their share price is highly fluctuating. Pennystocking-that's what you're all here for, right? So what is pennystocking? Well, pennystocking is the game of trading penny stocks-or, stocks trading under \$5 dollars a share-in pursuit of profits. Forget value investing where you buy positions in strong companies and hold them for the long-term. Pennystocking is all about riding the waves of penny stock price moments. The better you learn to surf these waves, the better your profits will be. Read this paragraph over and over again. This is very important. This isn't investing-this is a game, and you have to look at it like a game. How do you learn the game? In my experience, the real reason why most traders lose money - and 90% of all traders will eventually lose money - is that they don't consider all the variables. You can't afford to make that mistake. You have to understand how Wall Street and all the characters involved work in order to adapt to change. The individual players and the stocks may change, but Wall Street never changes. For more information click on BUY BUTTON

Penny stocks are great stocks to trade for the right trader as there are many advantages. A great advantage to trading penny stocks is that they create a great starting point for beginning traders as they have a lower entry of capital. This helps reduce your total monetary risk in the stock market as you learn the art of trading. It allows you to practice, execute trades, and watch the markets with a lower dollar amount invested. One of the other major advantages is that many people who trade penny stocks are often retail traders - it is not the professionals. This means if you have a read a few books, build up a set of skills, and practiced you will often have an edge over the average trader. Even though there are more retail traders than hedge fund managers trading penny stocks, this doesn't mean it is easy. You still have to learn the fundamentals of trading, chart basics, and learn how penny stocks move and behave because they move differently than the Blue Chip companies. If you learn to spot these little signals, have the right mindsets, understand the behavior, and natural tendencies of penny stocks then your trading decisions will be more favorable and you will be more confident. That is what this book focuses on teaching

you. This book focuses on training your visual senses so that you can learn to spot the subtle signals as well as entry and exit opportunities when trading penny stocks. By looking at hundreds of charts you will notice a pattern and improve your visual senses. This book focuses on trading penny stocks to the long and short side. Use books in the series for samples with other types of charts that will allow you to continue your education. The more charts that you look at the easier it gets!

This straightforward, accessible guide clearly explains what options are and how they work, their pros and cons, their relationship with stocks, and how to use them to gain leverage, generate extra income, and protect against adverse price movements.

Everyone has heard of the major stock exchanges where ownership shares of major companies are bought and sold and the fortunes of day traders are won and lost. While it is certainly possible to get rich while trading in the big leagues, it can often be difficult for those who are starting off from a relatively cash-strapped place to ever generate the momentum required to ensure a massive payday when dealing with stocks. Enter the penny stock, a variation of traditional stock that will never sell for more than \$5 per share meaning that anyone can get started making significant trades for as little as a few hundred dollars. If you like the sound of that, then Penny Stocks: A Quick and Easy Guide for Beginners to Start Investing is the book you have been waiting for. The name penny stocks is the general classification given to a wide variety of stocks that can actually trade at anything less than \$5.00 per share. In addition to sticking to smaller amounts per share, these types of stocks are going to be able to first be listed after a much less strict overall overview process than they would with the larger exchanges which means that they are subject to a much greater degree of overall volatility than more tested stocks. This can work both for and against you, leading to major wins or major losses. This book will help you to ensure that you have more of the former than the latter thanks to an in-depth discussion of everything you ever wanted to know about penny stocks, creating a personalized trading plan, choosing a trading style and analyzing potential penny stocks with plenty of tips and tricks and mistakes to avoid thrown in for good measure. Penny stocks are big business, even though they sound small. Tens of millions of people trade them, and while some win and some lose, none can argue the place of small stocks on the markets. The broad appeal of these small shares is also notable. Unlike most other investment vehicles that cater to very select niche audiences, people from all walks of life are getting involved with penny stocks. Whether you're a beginner learning the ropes or an experienced trader looking to get in early on tomorrow's up-and-coming corporations, you'll find that others just like you are already involved in the smallest stocks. Of course, the rules for penny stocks are a little different from other investment types. There are certain risks and pitfalls that could cost you. Thankfully, most of these are easily avoidable, especially if you've read Invest in Penny Stocks in its entirety. You can protect yourself even more by performing Leeds Analysis on any penny stock you're interested in, and by applying the same research to that company's competitors for comparison purposes. Hopefully, the tactics detailed in this book will get you over the "penny stock phobia" from which most investors suffer. Involved in small stocks because they bought the wrong stocks at the wrong times and for the wrong reasons. In contrast to this, while dumb decisions and phobias keep some investors out of the penny stock arena, there are many who've been playing the game right. They're the ones investing in the right stocks at the right times and for the right reasons. They're the ones using Leeds Analysis to research their options. They're the ones making fortunes by trading penny stocks. The good news is that you can get started easily. If you've read through this entire book, then you've been introduced to all the concepts needed to become a successful penny stock investor. From paper trading to getting a good broker, from the best markets to due diligence, you've covered it all. Most importantly, you've been introduced to Leeds Analysis. By applying it to investments that you may be interested in, you'll be significantly ahead of other investors. You'll avoid those common pitfalls that take some traders out of the game, and profit from tremendous Delving into a company from a fundamental analysis perspective tells even more. First, there's the financials, which reveal the health and momentum of a corporation, from both past and present perspectives. Then, you can get even more granular and review the financial ratios, which allow very valuable comparisons to other companies of all sizes and produce many very telling results. Yet fundamental analysis goes even deeper. From reading press releases to reviewing legal battles, from researching the share structure to looking into insider trading, you can learn almost everything there is to know about a company.

The penny stock market is not the most misunderstood market in the world. So many people think that market with little knowledge but the skill to trade, and other things that are required to be successful. Everyone knows that if someone has thousands of dollars in their pocket, and not a hundred, they won't do the same. The fact of the matter is that many people think that market is not the most profitable market in the world, but it doesn't take a lot of money to get started. I can tell you from experience that when you make your first trade, that's not the best feeling in the world, but I must warn you that the profit in the penny stock market isn't the quick scheme. That's false belief that the primary reason that so many people fail. The key to consistent profit in the penny stock market is to trade medium size profits and compound your profits.
