Atlanta-born Victoria Johnson quickly became one of the 70's top commercial models selling camera, airlines, shampoo, lipstick and on TV as the wholesome mom for Shake'n'Bake and the definitive 80's urban cowgirl for Jordache Jeans. When the legendary publisher of Penthouse Magazine Bob Guccione photographed her, she became the ultimate centerfold, crowning her the Penthouse Pet of the Decade giving her international fame, and millions of fans, some famous and infamous. Hollywood beckoned with movie parts, roles on top-rated TV shows, and a poster whose sales rivalled those of Farrah Fawcett's. She walked away from the false glamour of it all, and the demons that came with it, and ran to Europe finding love and loss, among the rich, royals and aristocracy. But she realized her real talent was making friends. The readers are treated to the worlds of 70's New York, 80's Los Angeles and 90's Eurotrash -- meeting a host of celebrities and notorious names at elite clubs, restaurants, and resorts that recall a scandalous, chic world long gone but still a subject for gossip and whispers. Victoria's life took a sudden turn when she was diagnosed with Stage IV Cancer and decides to determine how she was going to save her life. Houston's M.D.Anderson became her lifeblood where for the next 20 years she recreated herself as patient and student learning through questions, research, and self-awareness what her body was going through. She kept records for each medical consultation, surgery, miracle drugs, and treatment to determine her personal cause

and effect, while relying on her Holistic Medicine degree for advice on topics to improve her daily well-being, and she kept herself fortified and encouraged by her strong faith. She made her life a blueprint for cancer survivors, as a speaker at conferences, symposiums, and the Komen Breast Cancer Foundation events as well as appearances on CNN and PBS. Honest, entertaining, and inspirational, *Naked: Inside and Out* is a book that tells you how to break the rules when life is no longer being fair. And Kenny thank you for these last few days -- I got to fill my late hours just thinking about Victoria and her life and how to put it in words.

In October 1957, Screen Gems made numerous
horror movies available to local television stations
around the country as part of a package of films
called Shock Theater. These movies became a huge
sensation with TV viewers, as did the horror hosts
who introduced the films and offered insight--often
humorous--into the plots, the actors, and the
directors. This history of hosted horror walks readers
through the best TV horror films, beginning with the
1930s black-and-white classics from Universal
Studios and ending with the grislier color films of the
early 1970s. It also covers and explores the horror
hosts who presented them, some of whom faded into
obscurity while others became iconic within the
genre.

Ruth Williams traces the genre's exploitation of pornography and noir, discusses mainstream stars (including Michael Douglas and Sharon Stone) as well as genre-branded direct-to-video stars, charts the work of key producers and directors, and considers home videos as a distinct form of viewing pleasure. She maps the history of the genre, analyzing hundreds of movies from blockbusters such as *Basic Instinct*, *Fatal Attraction*, and *In the Cut* to straight-to-video film titles such as *Carnal Crimes*, *Sins of Desire*, and *Night Eyes*. Williams's witty and illuminating readings tell the story of this sensational genre and contribute to the analysis of mainstream screen sex--and its censorship--at the beginning of the 21st century. She shows that as the erotic thriller plays out the sexual fantasies of contemporary America, it also provides a vehicle for marketing those fantasies globally.

From the New York Times bestselling author of *Just Desserts: Martha Stewart: The Unauthorized Biography* comes a scrupulously researched investigative biography that tells the inside story of Anna Wintour's incredible rise to power. From her exclusive perch front row center, glamorous *Vogue* magazine editor in chief Anna Wintour is the most powerful and influential style-maker in the world. politically correct to wear fur. She influences designers, wholesalers, and retailers globally from Seventh Avenue to the elegant fashionista enclaves of L'Avenue Montaigne and Via della Spiga. In the U.S. alone a more than \$200 billion fashion industry can rise or fall on Anna Wintour's call. And every month millions of women-and men-read Vogue, and are influenced by the pages of the chic and trendy style wish-book that she has controlled with an iron hand in a not-always-so-velvet glove since fighting her way to the most prestigious job in fashion journalism. Anna Wintour's fashion influence extends to celebrities and politicians: because of it, Hillary Clinton underwent a drastic makeover and became the first First Lady to strike a pose on the cover of Vogue in the midst of Monicagate; Oprah Winfrey was forced to go on a strict diet before Wintour would put her on Vogue's cover. And beauties like Rene Zellweger and Nicole Kidman follow Anna Wintour's fashionista rules to the letter. Now in her mid-fifties, as she nears her remarkable second decade at the helm of Vogue, comes this revealing biography that will shock and surprise both Anna's fans and detractors alike. Based on scores of interviews, Front Row unveils the Anna Wintour even those closest to her don't know. exposed, how she artfully crafted and reinvented herself along the way. She's been called many things-"Nuclear Wintour," by the British press, "cold suspicious and autocratic, a vision in skinniness," by Grace Mirabella, the editor she dethroned at Vogue, and the "Devil" by those who believe she's the inspiration for a recent bestselling novel written by a former assistant. Included among the startling revelations in *Front Row* are: * Anna's "silver spoon" childhood spent craving time with her father. * Anna's rebellious teen years in London, obsessed with fashion, night-clubbing and dating roguish men. * Anna's many tempestuous romances. * Anna's curious marriage to a brilliant child psychiatrist, her role as a mother, and the shocking scandal that led to divorce when she had an affair with a married man.
