Taking advantage of privileged access to letters, journals, family, friends, and Oates herself, an English professor presents an authorized study of the life and work--and the connection between the two--of the acclaimed, enigmatic writer. 12,500 first printing. A master storyteller's triumphant, moving collection about lost souls, found love, and rediscovered tradition Tim Gautreaux returns to the form that won him his first fans, with tales of family, sin, and redemption: from a man who realizes his grandchildren are growing up without any sense of right or wrong, and he's to blame; to a camera repairman who uncovers a young woman's secret in the undeveloped film she brings him; to a one-armed hitch-hiker who changes the life of the man who gives her a ride. Each one a small miracle of storytelling and compassion, these stories in *Welding with Children* are a joyous confirmation of Tim Gautreaux's rare and generous talent.

An incisive collection of interviews with one of the leading lights of American writing. Joyce Carol Oates has written some of the most enduring fiction of our time, including the national bestsellers *We Were the Mulvaney*s and *Blonde*, which was nominated for the National Book Award. In her acceptance speech for the National Book Award in 1970, Joyce Carol Oates remarked that "language is all we have to pit against death and silence." In this remarkable new collection of interviews spanning more than 35 years of Oates's career, she talks candidly and insightfully about literature, the writing life, her background, and many other topics. These interviews should interest not only Oates's many fans but anyone who cares about contemporary American literature. The interviews range from Robert Phillip's in *The Paris Review* to Lawrence Grobel's in *Playboy*. Though previously published, often in literary magazines, the majority have never appeared in book form. From the Interviews: "If art is, as I believe it to be, a genuinely transcendental function a means by which we rise out of limited, parochial states of mind then it should not matter very much what states of mind or emotion we are in. Generally I've found this to be true: I have forced myself to begin writing when I've been utterly exhausted, when I've felt my soul as thin as a playing card, when nothing has seemed worth enduring for another five minutes and somehow the activity of writing changes everything." "I take my writing seriously, but I don't take myself seriously that is, I don't feel pontifical or dogmatic. Writing is an absolutely fascinating activity, an immersion in drama, language, and vision."

This concise guide introduces students to the major elements of fiction, illustrating theory by examples from classic and contemporary practitioners of the short story. There is also a section on how to write about fiction.

No nation in modern history has had a more powerful sense of its own distinctiveness than the United States. Yet few Americans understand the immensely varied sources of that sense and the fascinating debates that have always swirled around our attempts to define "America" with greater precision. All too many have come to regard the study of their national history as tedious, just as they fail to embrace the past as something in which they must be consciously grounded. In this introduction to the study of American history, Wilfred M. McClay invites us to experience the perennial freshness and vitality of this great subject as he explores some of the enduring commitments and persistent tensions that have made America what it is.
