Women's Gynecologic Health, Third Edition is a trusted, comprehensive, and evidence-based text that presents women's gynecologic health from a woman-centered and holistic viewpoint. Encompassing both health promotion and management of gynecologic conditions, it provides clinicians and students with a strong foundation in gynecologic care and the knowledge necessary to apply it in clinical practice. With an emphasis on the importance of respecting the normalcy of female physiology, it is an essential reference for all women's healthcare providers. The Third Edition includes four new chapters on prenatal and postpartum care, including anatomy and physiologic adaptations of normal pregnancy, diagnosis of pregnancy and overview of prenatal care, common complications of pregnancy, and postpartum care.

A better way to learn maternal and newborn nursing! This unique presentation provides tightly focused maternal-newborn coverage in a highly structured text

AJN Book of the Year 2009 The ENHANCED, REVISED, REPRINT of Maternal-Child Care Nursing is the same great book that won an AJN Book-of-the-Year Award... made even better with the feedback we received from instructors across the country and Canada. BONUS! The Women's Health Companion, packaged with every copy of the book, is a \$29.00 value that's absolutely FREE when you purchase the ENHANCED, REVISED, REPRINT. It's a complete guide to the role of the nurse in promoting women's health. From class to clinical through NCLEX to practice, it presents all of the information nursing students need to know and shows them how to apply it in both traditional and community settings. There are even teaching and learning resources for this content online at DavisPlus. The perfect balance of maternal and child nursing care in a new textbook conceived and written to be a combination textbook! An extensive review by nursing educators ensures that it offers just the right depth and breadth of coverage for students in today's maternity/pediatric courses. Its unique emphasis on optimizing outcomes, evidence-based practice, and research supports the goal of caring for women, families and children not only in traditional hospital settings, but also wherever they live, work, study, or play. Clear, concise, and easy to follow, the content is organized around four major themes, holistic care, critical thinking, validating practice, and tools for care that help students to learn and apply the material.
