"The Motivation Manifesto is a poetic and powerful call to reclaim our lives and find our own personal freedom. It's a triumphant work that transcends the title, lifting the reader from mere motivation into a soaringly purposeful and meaningful life. I love this book." —Paulo Coelho The Motivation Manifesto is a pulsing, articulate, ferocious call to claim our personal power. World-renowned high performance trainer Brendon Burchard reveals that the main motive of humankind is the pursuit of greater Personal Freedom. We desire the grand liberties of choice—time freedom, emotional freedom, social freedom, financial freedom, spiritual freedom. Only two enemies stand in our way: an external enemy, defined as the social oppression of who we are by the mediocre masses, and an internal enemy, a sort of self-oppression caused by our own doubt and fear. The march to Personal Freedom, Burchard argues, can be won only by declaring our intent and independence, stepping into our personal power, and battling through self-doubt and the distractions of the day until full victory is won. Recalling the revolutionist voices of the past that chose freedom over tyranny, Burchard—at times poetic yet always fierce—motivates us to free ourselves from fear and take back our lives once and for all.

"Good leaders know the importance of relationships to a healthy organization. From Stuckness to Growth will raise your awareness as a leader. Knowing how each individual's unique personality type drives his or her behavior will improve the value of every interaction and relationship in your workplace. Every leader should keep this book nearby and refer to it often." -- KEN BLANCHARD Co-author of "The One Minute Manager(r)" and "Great Leaders Grow" "Throughout my career of over forty years I've seen all kind of management fads come and go. Perhaps the common denominator of these temporary fads is that they offer "one-size-fits-all" solutions together with unrealistic promises of "total transformation" of your personality and behavior. Against the trend of canned approaches that keep plaguing the market suggesting ungrounded approaches to today's managers' challenges, here is a methodology that goes counter-current. Yechezkel and Ruth Madanes' approach is innovative and intellectually stimulating as well as professional and practical. It will challenge you not only to think but also to act out of the box." -- ICHAK ADIZES, Ph.D., world-renowned authority in organizational transformation "We highly admire the spirit and depth of the authors approach to coaching with the Enneagram" -- DON RISO & RUSS HUDSON, Authors of the international best-sellers "Personality Types" and "The Wisdom of the Enneagram" This immensely practical book will teach you what no MBA program will: that leadership begins with self-leadership. Let's imagine you have a prestigious degree from an Ivy League university. Let's even say that you

have a lot of money. But if you lack self-leadership, if you are stuck in the chatter of your own mind, your education won't be worth the paper it's written on because you cannot apply it. And your money will be like having a Rolls-Royce without the keys to turn it on. Total waste. With a powerful methodology that combines the Enneagram and the Adizes PAEI systems of personality types, this book addresses the internal interferences that can block your way to success. It will help you understand what drives and shapes your thoughts, feelings, and behavior. This will allow you to "Know thyself," thereby gaining the tools to deal effectively with your own personality limitations. You will become able to free your energy, fulfill your leadership potential, and achieve your goals and dreams.

Internationally acclaimed, bestselling author Byron Katie's most anticipated work since *Loving What Is* we live in difficult times, leaving far too many of us suffering from anxiety and depression, fear and anger. In her new and most anticipated work since *Loving What Is*, beloved spiritual teacher Byron Katie provides a much-needed beacon of light, and a source of hope and joy. In *A Mind at Home with Itself*, Byron Katie illuminates one of the most profound ancient Buddhist texts, *The Diamond Sutra* (newly translated in these pages by Stephen Mitchell) to reveal the nature of the mind and to liberate us from painful thoughts, using her revolutionary system of self-inquiry called "The Work." Byron Katie doesn't merely describe the awakened mind; she empowers us to see it and feel it in action. At once startlingly fresh and powerfully enlightening, *A Mind at Home with Itself* offers us a transformative new perspective on life and death. In the midst of a normal American life, Byron Katie became increasingly depressed and over a ten-year period sank further into despair and suicidal thoughts. Then one morning in 1986 she woke up in a state of absolute joy, filled with the realization of how her own suffering had ended. The freedom of that realization has never left her. Its direct result, *The Work*, has helped millions of people all over the world to question their stressful thoughts and set themselves free from suffering. Emotions are the driving force behind all human action and experience. The most sublime acts of creation and the most depraved behaviour are products of human emotion unleashed. And within each one of us is the potential for the whole range of those emotions. In *INNER STRENGTH*, Tony Robbins shows you how to master the powerful emotional forces that drive everything you do. In this new blockbuster Robbins takes you on a journey into your deepest self, and into the next stage of your evolution where instead of ignoring or suppressing your emotions, you embrace all of them, good and bad. Robbins challenges you to strip away your intellect and your daily routines to get at your essence – "what's behind your drive to achieve? Is it the desire to find love? To raise your children well? To be financially free? What are you doing it all for? To get more out of life, you have to own your own nature. *INNER STRENGTH* offers you a personal emotional fitness plan. This step-by-step regimen will help you discover which emotions dominate your life, and provide you with an emotional 'prescription' – an antidote to the patterns that have been holding you back. The 12-minute

emotional 'workout' will transform your outlook and level of fulfillment in a matter of weeks. Harness the power of your emotions and you will not only be fulfilled, you will also achieve more and greater things than you ever thought yourself capable of.

From legendary investor Ray Dalio, author of the #1 New York Times bestseller *Principles*, who has spent half a century studying global economies and markets, *Principles for Dealing with the Changing World Order* examines history's most turbulent economic and political periods to reveal why the times ahead will likely be radically different from those we've experienced in our lifetimes—and to offer practical advice on how to navigate them well. A few years ago, Ray Dalio noticed a confluence of political and economic conditions he hadn't encountered before. They included huge debts and zero or near-zero interest rates that led to massive printing of money in the world's three major reserve currencies; big political and social conflicts within countries, especially the US, due to the largest wealth, political, and values disparities in more than 100 years; and the rising of a world power (China) to challenge the existing world power (US) and the existing world order. The last time that this confluence occurred was between 1930 and 1945. This realization sent Dalio on a search for the repeating patterns and cause/effect relationships underlying all major changes in wealth and power over the last 500 years. In this remarkable and timely addition to his *Principles* series, Dalio brings readers along for his study of the major empires—including the Dutch, the British, and the American—putting into perspective the “Big Cycle” that has driven the successes and failures of all the world's major countries throughout history. He reveals the timeless and universal forces behind these shifts and uses them to look into the future, offering practical principles for positioning oneself for what's ahead.

NATIONAL BESTSELLER • “A startling vision of what the cycles of history predict for the future.”—USA Weekend William Strauss and Neil Howe will change the way you see the world—and your place in it. With blazing originality, *The Fourth Turning* illuminates the past, explains the present, and reimagines the future. Most remarkably, it offers an utterly persuasive prophecy about how America’s past will predict its future. Strauss and Howe base this vision on a provocative theory of American history. The authors look back five hundred years and uncover a distinct pattern: Modern history moves in cycles, each one lasting about the length of a long human life, each composed of four eras—or “turnings”—that last about twenty years and that always arrive in the same order. In *The Fourth Turning*, the authors illustrate these cycles using a brilliant analysis of the post-World War II period. First comes a High, a period of confident expansion as a new order takes root after the old has been swept away. Next comes an Awakening, a time of spiritual exploration and rebellion against the now-established order. Then comes an Unraveling, an increasingly troubled era in which individualism triumphs over crumbling institutions. Last comes a Crisis—the Fourth Turning—when society passes through a great and perilous gate in history. Together, the four turnings comprise history’s seasonal rhythm of growth, maturation, entropy, and rebirth. *The Fourth Turning* offers bold predictions about how all of us can prepare, individually and collectively, for America’s next rendezvous with destiny.

In 1988, Mitch Russo had a problem. His little software company, Timeslips Corp was overwhelmed with tech support calls and he needed more revenue to expand. Almost by accident, he stumbled upon a process called "certification" which, at first, almost crashed the company but later, when refined and revised, became the foundation for growth to 8 figures. By 1991, Mitch had built a massive group of Certified Consultants that reduced tech support costs by 20%, gave his little company a national presence with over 350 offices nationwide while also evolving into his 3rd largest sales channel. Eventually, that very process that took Timeslips to its peak, was deployed by CEO friend Scott Cook for Intuit. Today, Intuit has thousands of Certified Pro-Advisors which all came from the information Mitch shared with Scott. Modernized and streamlined, Mitch Russo created a set of tools, templates, and processes that can help anyone who wants to create their own certification program accomplish that on their own. This book takes certification one step further and helps companies create a massive force of loyal, enthusiastic fans who pay for the privilege of becoming a member of your tribe and help build a bright and rewarding future working with you. See exactly how Intuit, Microsoft, Salesforce, Infusionsoft, Hubspot, and others created unstoppable brands all by using certification. Not just letting some customers buy a "certificate" The PowerTribes book explains how to build an unassailable force of nature that can carry your company long into the future, as both an alternate sales channel and as a culture-driven community! ABOUT THE ORIGINAL BOOK: In his book, Anthony Robbins presents his basic theory of the power of attitude and individual thought. The theory states that the essential problem of people is not in the circumstances that they live with, but in the vital attitude which they assume. "Life will pay any price you ask," says the author, but then clarifies that it is necessary to give our best in any activity that we engage in. The quest for success is to know exactly what one aspires to achieve and then moving on with the action plan that allows that desire to be fulfilled. "Unlimited Power" shows you the steps that you must take on the path that will guarantee the success and achievement of your goals. It is a guide for your actions that will bring you to a good life.

Questions of power, identity, interaction, ideology, and the nature of language and other semiotic systems are woven throughout the third edition of *Making Sense of Language*, making it an exemplary text for courses in language and culture, linguistic anthropology, sociolinguistics, and four-field anthropology.

Tim Ferriss, the #1 New York Times best-selling author of *The 4-Hour Workweek*, shares the ultimate choose-your-own-adventure book—a compilation of tools, tactics, and habits from 130+ of the world's top performers. From iconic entrepreneurs to elite athletes, from artists to billionaire investors, their short profiles can help you answer life's most challenging questions, achieve extraordinary results, and transform your life. From the author: In 2017, several of my close friends died in rapid succession. It was a very hard year, as it was for many people. It was also a stark reminder that time is our scarcest, non-renewable resource. With a renewed sense of urgency, I began asking myself many questions: Were my goals my own, or simply what I thought I should want? How much of life had I missed from underplanning or overplanning? How could I be kinder to myself? How could I better say "no" to the trivial many to better say "yes" to the critical few? How could I best reassess my priorities and my purpose in this world? To find answers, I reached out to the most impressive world-class performers in the world, ranging from wunderkinds in their 20s to icons in their 70s and 80s. No stone was left unturned. This book contains their answers—practical and tactical advice from mentors who have found solutions. Whether you want to 10x your results, get unstuck, or reinvent yourself, someone else has traveled a similar path and taken notes. This book, *Tribe of Mentors*, includes many of the people I grew up viewing as idols or demi-gods. Less than 10% have been on my podcast (*The Tim Ferriss Show*, more than 200 million downloads), making this a brand-new playbook of playbooks. No matter your challenge or opportunity, something in these pages can help. Among other things, you will learn:

- More than 50 morning routines—both for the early riser and those who struggle to get out of bed.
- How TED curator Chris Anderson realized that the best way to get things done is to let go.
- The best purchases of \$100 or less (you'll never have to think about the right gift again).
- How to overcome failure and bounce back towards success.
- Why *Humans of New York* creator Brandon Stanton believes that the best art will always be the riskiest.
- How to meditate and be more mindful (and not just for those that find it easy).
- Why tennis champion Maria Sharapova believe that "losing makes you think in ways victories can't."
- How to truly achieve work-life

balance (and why most people tell you it isn't realistic). • How billionaire Facebook co-founder Dustin Moskovitz transformed the way he engages with difficult situations to reduce suffering. • Ways to thrive (and survive) the overwhelming amount of information you process every day. • How to achieve clarity on your purpose and assess your priorities. • And much more. This reference book, which I wrote for myself, has already changed my life. I certainly hope the same for you. I wish you luck as you forge your own path. All the best, Tim Ferriss

Drawing on wide research into 'lead time' and the 'ten-year rule', bestselling personal development author Tom Butler-Bowdon shows that, contrary to popular belief, people, companies, products and ideas invariably need time to realise their potential. At the age you are
