

Photocopiable Oxford University Press Solutions Elementary

The Workbook offers plenty of extra practice, revision, and reviews. Mirroring the Student's Book content, with the same clear structure, it provides extra reading and writing practice opportunities for both weaker and stronger students. The Writing Bank at the back of the book gives a quick guide to text types, with model structures and key language as well as exam strategies, plus a Functions Bank for functional phrases for speaking and writing. There is plenty of exam practice in the Get Ready for your Exam sections and these, along with the Self-Check pages after each unit and the review sections at the back of the books, allow students and their teachers to keep track of their progress as they work towards their exams. The accompanying Audio CD offers students a huge amount of listening practice. There are audio recordings for tasks in every lesson (not only for the Vocabulary & Listening lessons).

Exploring the relationship between ASD and mental health difficulties, this book offers practical guidance to help parents and professionals recognise and handle co-morbid conditions, and dispels the myth that they are just a part of autism. The authors cover a wide range of common mental health problems experienced by children with ASD, including Obsessive Compulsive Disorder (OCD), anxiety, ADHD, eating disorders, psychosis, stress, tics and depression, and illustrate these issues with case studies. They also provide vital advice in an accessible format and suggest strategies to ease the difficulties which arise from these co-morbid conditions. This book is essential reading for professionals working with children on the autism spectrum and is an accessible and practical resource for parents and carers.

The Solutions 2nd Edition Workbook supports the Student's Book content with plenty of extra practice and revision.

"Texts must be interesting enough for students to want to read them in their own language. Otherwise, how can we expect students to want to read them in English?" This is the authors' golden rule when they choose texts and topics for every level of American English File. It ensures you get material that learners will enjoy reading and will want to talk about. Texts such as "Could you live without money?" really help to generate opinion and discussion. They create a desire to communicate. Having created the desire, American English File then helps you to develop learners' communication skills. One way it does this is with a strong focus on pronunciation. Research shows that poor pronunciation is a major contributor to breakdowns in communication (Jennifer Jenkins: The Phonology of English as an International Language). American English File integrates pronunciation into every lesson - the "little and often" approach. But that's not all. The unique English File Sounds Chart puts a picture to each sound in the phonetic alphabet, so learners find it easier to remember the sounds and, ultimately, improve their pronunciation.

The Solutions 2nd Edition Teacher's Book provides a comprehensive package to support Solutions teachers, and is perfect for mixed-ability classrooms.

This bestselling text offers both teacher and the assurance that its new enriched content and range of material meets the exacting requirements of the latest GCSE and Standard Grade examinations.

Solutions: Upper-Intermediate: Teacher's Pack Upper-Intermediate Teacher's Pack

English File's unique, lively and enjoyable lessons are renowned for getting students talking. English File, fourth edition, has been built on tried and trusted methodology and contains uniquely motivating lessons and activities that encourage students to discuss topics with confidence. NEW TO THIS EDITION New and updated texts, topics, and listenings, based on feedback from English File teachers. Each Student Book comes with access to new Online Practice, providing learners with extra practice and activities for each File. Online Practice includes new Sound Bank videos, with the unique opportunity to watch a native speaker pronounce the sound, and new interactive videos where students can take part in the drama themselves. New video listening activities are integrated into each even-numbered File. These short documentaries and dramas make class time more dynamic and exciting. The Classroom Presentation Tool shows the course content on screen, making it easier for you to deliver engaging lessons. Teacher's Resource Centre allows you to manage all English File resources and download teaching materials in one place. Find out more here

Gives background to the business learner's world and strategies for approaching the training task, focusing on the learner's professional knowledge and experience. This book is suitable for teachers, trainers, and course organizers in the field of Business English or considering a move into it.

'How Languages Are Learned' provides a readable introduction to the main theories of first and second language acquisition, relating them to approaches to classroom methodology and practice.

An accessible introduction to language learning research, which provides a 'feel' for what research activities are like by engaging the reader in several roles across a range of research design types, both quantitative and qualitative. Roles include research subject, research organizer, data collector, data analyst, and research reporter. The book systematically explains the characteristics and purposes of various types of research, including terminology, the logic underlying selection, and the steps typical of each type of research design. It also offers an introduction to some classic research studies.

Student Book: Specific listening and word skills lessons, to help develop well-rounded, confident communicators. Student Book: Additional resources, including exam skills trainer sections and extra speaking practice help consolidate what students have covered in the lessons. Student Book: Exam skills trainer sections prepare students for typical school-leaving/Cambridge tasks, and provide them with the language, strategies, and exam skills they need to achieve success. Student Book: Culture Bank includes 9 ready-to-use culture lessons linked to the topic and language of the main units, providing extra reading and listening practice. Online Practice: A particular focus on more in-depth practice of grammar, vocabulary, reading, writing, listening, and speaking skills. Online Practice: Media-rich content (vox pops, vlogs, grammar animations) with interesting and engaging topics and texts. Online Practice: Automatic marking with instant feedback, and progress tracked in the gradebook to save time. Online Practice: Content aligned to the CEFR and the Solutions syllabus which complements and extends the contents of the book.

Consists of the Print Essentials Teacher's Book and the Teacher's Resource Disk. Print Essentials Teacher's Book contains an abridged version of the Teaching notes, answer keys, audio scripts, and unit map of resources. Unabridged version of the Teacher's Guide is available on the Resource Disk, and includes full teaching notes, ideas for extra activities, differentiated tasks for stronger and weaker students, culture and language notes, and more. Additional resources on the Disk, including 47 photocopiable activities, 3 21st Century Skills Projects, and 9 DVD worksheets, can be drawn upon to give students extra practice.

One hundred stereotype maps glazed with the most exquisite human prejudice, especially collected for you by Yanko Tsvetkov, author of the viral Mapping Stereotypes project. Satire and cartography rarely come in a single package but in the Atlas of Prejudice they successfully blend in a work of art that is both funny and thought-provoking. The book is based on Mapping Stereotypes, Yanko Tsvetkov's critically acclaimed project that became a viral Internet sensation in 2009. A reliable weapon against bigots of all kinds, it serves as an inexhaustible source of much needed argumentation and -occasionally- as a nice slab of paper that can be used to smack them across the face whenever reasoning becomes utterly impossible. The Complete Collection version of the Atlas contains all maps from the previously published two volumes and adds twenty five new ones, wrapping the best-selling series in a single extended edition.

A new course with a strong focus on student motivation and communicative outcomes. The package includes DVDs and interactive whiteboard resources.

With 100% new content, the third edition of Oxford's best-selling secondary course offers the tried and trusted Solutions methodology alongside fresh and diverse material that will spark your students' interest and drive them to succeed.
