

Piaggio Ape

The Getaway Book holds something for everyone as fictional characters face dilemmas and a Canadian writer amusingly reflects on the world around her. Solve a case with Terrorist Intelligence Bureau Agent Alex Cara in *Spiral*, take on the past with Dr. Sofia Battista and Laura Amalfi in *Letters to the Grave and Struck*, and laugh at the humorous stories told from the Toronto suburbs in *WTF? Tales from the Burbs*. Reader Views reviews: *Spiral* will be enjoyable to all readers who like international terrorism intrigue. Lucia Cascioli has mastered a complex plot, edge-of-your-seat thriller. *Spiral* is definitely worth reading, a four star in my book. *WTF? Tales from the Burbs* by Lucia Cascioli is a fun read! *Letters to the Grave* is both sobering and fascinating. This is definitely a book that will hold your attention, and have you reflecting upon it after you finish.

For fans of James Rollins and Matthew Reilly comes a gripping, globe-spanning adventure in Andy McDermott's thrilling series featuring American archaeologist Nina Wilde and ex-SAS bodyguard Eddie Chase. History's most sought after treasure is now mankind's worst fear. In Los Angeles, a desperate man seeks out renowned archaeologist Nina Wilde and her husband, ex-SAS soldier Eddie Chase—only to be gunned down in front of them. The assassin is soon identified as a ninety-year-old Nazi war criminal—with the body of a healthy forty-year-old. Following the victim's final warnings, Nina and Eddie travel to Cairo to inspect the newly discovered tomb of Alexander the Great. But the real find is hidden in one of its treasures—a mechanical guide leading to one of antiquity's most tantalizing myths: a spring of water said to give eternal life to those who drink it. Nina, Eddie, and a team of Mossad agents realize that the myth is real, and that a group of former SS men who have tasted this water are now hunting for its source. But before they can act, Nina is kidnapped and spirited away to a secret Nazi enclave in Argentina, igniting a fierce, fateful, globe-spanning struggle in which her life hangs in the balance. All the while a terrifying possibility emerges—that the world's darkest evil could live on forever. Praise for the novels of Andy McDermott "Raises the bar to please adventure junkies who prefer to mainline their action."—Publishers Weekly (starred review), on *The Hunt for Atlantis* "A fun, action-filled James Bond/Indiana Jones-esque story."—Geek Speak Magazine, on *Return to Atlantis* "Adventure stories don't get much more epic than this."—Daily Mirror (U.K.) Praise for *Kingdom of Darkness* "When it comes to archaeological adventure thrillers, I'm not sure that there's anyone writing in the genre today who is stronger, smarter, or more consistent than Andy McDermott. His Nina Wilde and Eddie Chase series is like a mixture of Indiana Jones, James Bond, Dirk Pitt, and Jack Bauer. . . . *Kingdom of Darkness* is smart, clever, and exciting stuff. . . . If you're looking for a solid archaeological adventure that is as committed to the history as to the thrills, then this is definitely worth a read."—Beauty in Ruins "Nonstop, relentless extreme action . . . [McDermott's] thrillers have become increasingly accomplished, confident and rounded. The characters of Nina and Eddie are so well developed they appear almost to have a life of their own and their story has become arguably the most important aspect of the books. The plots are always exciting, pacy and gobsmacking [and] the runaway train action is matched by heart, with many laugh-out-loud lines as well as other scenes of devastating sadness or cruelty. What a fantastic series!"—For Winter Nights "As ever, Andy McDermott mixes high-action car chases, gun battles and mysterious quests, then shakes them well to provide an explosive cocktail. A breakneck running battle on a speeding train is an absolute classic, reminiscent of Bond films at their best."—Crime Review "An excellent thriller, exhausting, laugh-out-loud funny and gobsmackingly heartbreaking. If you like high octane thrillers then you cannot miss this book."—Parmenion Books

After the Second World War Europe was in economic crisis and manufacturing lay in ruins. Materials were in short supply, and factories were forbidden from building aircraft. There was a need for cheap, economical transport, but acquiring a new car was difficult, and secondhand cars were not as readily available as they are today. By the 1950s, a myriad of economy cars had appeared on the market to fill this vacuum. Former aircraft companies – and even a refrigerator manufacturer – turned their hand to producing tiny cars that were often quirky and eccentric. Many of these little cars earned the nickname 'bubblecars' due to their bulbous shape. The 1960s brought with it new levels of affluence, and these microcars almost faded from view. But today, they are enjoying a resurgence of popularity, with many becoming highly-prized collectors items. Increased traffic levels and fuel prices, and a greater awareness of environmental issues, have also created demand for a new generation of microcars, and car makers have responded accordingly with exciting new designs. Illustrated with over 70 colour photographs, this book celebrates the best of these weird and wonderful motoring marvels.

From Antarctica and the Amazon to Victoria Falls and the Great Wall of China, Lonely Planet reveals 101 spectacular sights and how to see them on any budget. Inspiring and practical, with expert advice on how and when to visit, where to stay and a range of itineraries, you'll discover how to visit the world's wonders in a way that suits you.

You might know all about Lightning, Sally, Finn, Holley, and Mater, but the world of Cars, Cars 2, and Cars Toons is full of other vehicles with their own stories.

This book is a modern exploration of how we engage with fashion today through the fields of Fashion, Dress, Material Culture, Fashion Management & Communication.

This 1960s-era locked-room mystery takes Ellie Stone to Florence, Italy--a seemingly idyllic setting, which in this case has sinister undertones. Florence, Italy, August 1963. In Italy to accept a posthumous award for her late father's academic work, "girl reporter" Ellie Stone is invited to spend a weekend outside Florence with some of the scholars attending the symposium. A suspected rubella outbreak leaves the ten friends quarantined in the bucolic setting with little to do but tell stories to entertain themselves. Deciding to make the best of their confinement, the men and women spin tales, gorge themselves on fine Tuscan food and wine, and enjoy the delicious fruit of transient love. But the summer bacchanalia takes a menacing turn when the man who organized the symposium is fished out of the Arno. "Morto." As long-buried secrets rise to the surface, Ellie must figure out if one or more of her newfound friends is capable of murder.

Everything around us is designed and the word 'design' has become part of our everyday experience. But how much do we know about it? Fifty Cars That Changed the World imparts that knowledge listing the top 50 cars that have made a substantial impact in the world of British design today. From the 1908 Ford Model T to the 1998 smart car, each entry offers a short appraisal to explore what has made their iconic status to give them a special place in design history.

The history of inventions was born more than 10 centuries ago. 10,000 years of inventions and creations of the human being, of the so-called *Homo Sapiens*. This book traces the history of the most important inventions and discoveries that have happened throughout the centuries, this work defines in an extended and very complete way the definition of all those creations that some geniuses created in their day. From the most remote antiquity, those stone tools created in the era of the Cromagnon man, to the most advanced cybernetic and digital technologies of our time. As an author, I realized when writing this book, that although we think we know almost everything, we do not really know almost anything...

This is the book about the Ape Piaggio 'three wheeler' - that was waiting to be written, with a wealth of illustrations and completed with a comprehensive listing of all the models produced through to the present day. In the years immediately after the Second World War, Italy was in desperate need of reconstruction, economic resources were scarce and there was above all a lack of a vehicle capable of satisfying the new commercial reality. On the one hand the market was offering large and expensive lorries, on the other cheap, small motorcycles but neither was suitable for small businesses. This changed in 1947 (just a year after the launch of the Vespa) with the presentation of the Ape that from the outset enjoyed enormous success and was offered in an infinite series of variants: flat beds, panel vans, tipper trucks, trailers, auto rickshaws and fire trucks. The company is a success story that has continued through to the present day, with special versions built for the Pope and the President of the Italian Republic. Until now there had never been a book capable of tackling the Ape phenomenon in its totality. This book presents the history and the engineering of a remarkable vehicle, taking in such aspects and styling and publicity, not to mention the great intercontinental journeys undertaken with this legendary three-wheeler. Lastly, along with the production figures, for the first time we are publishing a complete illustrated catalogue of every model produced to date, each accompanied by a detailed technical file.

Lonely Planet: The world's number one travel guide publisher* Lonely Planet's Pocket Bath, Bristol & the Southwest is your passport to the most relevant, up-to-date advice on what to see and skip, and what hidden discoveries await you. generations of people how to travel the world.' – Fairfax Media (Australia) *Source: Nielsen BookScan: Australia, UK, USA, 5/2016-4/2017 Important Notice: The digital edition of this book may not contain all of the images found in the physical edition. Roll up! Roll up! See the wondrous new face of Circus Mania, 250 years in the making! Full of the remarkable tales of circus life that made it a classic on its first outing. Learn about the origins of the circus from Roman times, to the colourful characters that make the circus the international phenomenon it is today. Circus Mania 2.0 is bigger, better and couldn't be timelier. Two hundred and fifty years after Philip Astley invented the circus it has never been more diverse and captivating, the global success of the spectacular Cirque du Soleil just one testament to its enduring and universal appeal. In Britain alone there are traditional family circuses for kids and arty shows for adults, circuses in tents and circuses in theatres, circuses with animals and circuses without, the Circus of Horrors for clubbers, the comedy-based Circus Hilarious and cabaret-style hybrids on the burlesque circuit and this form of entertainment is popular around the world. What all circuses have in common are the extraordinary skills, dedication and lifestyle of those involved a unique strain of performers who blend the discipline of sports stars with the razzmatazz of showbiz; itinerant entertainers who have often had circus blood in their families for generations; world-class gymnasts who risk death twice daily, serve on the tea stand in between shows and help take down the big top afterwards. Circus Mania is a journey into this unique world, each chapter an access-all-areas pass to a different circus, talking to the trapeze flyers, clowns, animal trainers and showmen about their lives, work and customs and offering insight into the development of this traditional entertainment from the earliest times.

Ape Piaggio 70 anni / 70 years Giorgio Nada Editore Srl

Everyone loves pizza, right? Saver of parties, empty fridges and hangovers the world over – pizza has come to the rescue of the human race more times than is worth counting. So, if you can't imagine your world without dough, cheese and tomato, then this is the book for you. All things pizza are here – from its history and family tree, to world famous pizzerias and even an exploration into the pizza variants we love to hate (hamburger crust pizza anyone?). The Pizza Pilgrims, Thom and James Elliot, have spent years researching the best pizza that the world has to offer, all while running their own legendary pizza joints across the UK. Alongside pizza maps of their favourite global pizza cities (so you can conduct your very own pizza pilgrimage) the book is also packed with over 30 recipes to make sure you finally delete your local takeaway from speed dial #1. From an NY slice, to true Neapolitan pizza made in a frying pan, Pizza offers classic and new creations, including guest chefs' collabs, and the Pilgrims' very own Nutella pizza ring! Oven fresh and packed with interviews, pizza facts, movie scenes, world records and even pizza tattoos, Pizza is illustrated with all manner of pie-based fun and written with a hearty dose of humour. The perfect companion for the pizza lover in your life. Fact.

An novel of murder, organised crime and politics set in the heart of Rome - the second in the acclaimed Alec Blume series of Italian crime novels.

This first volume of Motor Scooters covers the origin of the species and majors on six motor scooter manufacturers, with reference

to several others. It is a colourful celebration - in 96 stunning colour pictures by award-winning photographer David Sparrow - of Motor Scooters from all around the world. This volume majors on Peugeot, Piatti, Bitri, Gilera, IWL and Zündapp, but coverage includes Skootamota, Monotrace, Lambretta, Vespa and Piaggio. There is a huge resurgence of interest in the Motor Scooter which is enjoying a renaissance as a modern fashion icon. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 11.0px Arial} p.p2 {margin: 0.0px 0.0px 0.0px 0.0px; font: 11.0px Arial; min-height: 12.0px}

No map distinguishes Montefalcione as different from any other isolated mountain village in southern Italy. It has ancient customs and its own saints and feast days -- yet Montefalcione, in Campania, is the setting for this meditation on the Italian Diaspora, reconstructing three generations of village life through myth, superstition, and the anecdotal history of the author's own family. The drama unfolds amidst a landscape of peasant riots, vicious landlords, religious festival, feuds, the collapse of the Fascist party, and the tarantella - a world lost to the changing face of the 21st Century.

A novel mix of key attributes distinctive from those of established technologies or business models, disruptive innovations are typically inferior, yet affordable and "good-enough" products or services, which originate in lower-end market segments, but later move up to compete with those provided by incumbent firms. This book sheds new light on disruptive innovations both from and for the bottom of the pyramid in China and India, from the point of view of local entrepreneurs and international firms seeking to operate their businesses there. It covers both the theoretical and practical implications of disruptive innovation using conceptual frameworks alongside detailed case studies, whilst also providing a comparison of conditions and strategic options in India and China.

Agent Alex Cara of the Terrorist Intelligence Bureau has fought injustice for twenty years. What happens in the coming days will require her to use every skill and intuition to stay alive. Will her enemies of the past finally carry out their revenge? Follow Alex on her most difficult case. It's a matter of life and death.

A novel set in Tuscany during the magical years when thousands of businesses blossomed, manufacturing objects for everyday life as well-made and beautiful as the Renaissance art that inspired them Infinite Summer brings the reader back to Italy in the 1970s, a time when growth and full employment propelled smart and industrious young men to create companies devoted to design, architecture, automobiles, and more. Three men share a dream of building a textile factory from scratch. Ivo Barrocciai, the enthusiastic son of a textile artisan, embarks on an elaborate project: to build a luxurious factory that will be "the envy of the Milanese." He recruits Cesare Vezzosi, a small building contractor, and Pasquale Citarella, a hardworking foreman from the south. Their relationships with each other and with their wives, their secret passions, their ambitions, and the compromises they have to make create a comical, moving fresco. It is at once a family saga and a love story—not only about people, but also about a reborn, ambitious, and courageous nation that revolutionized taste and fashion, a nation proud and thrilled with its new place in the world. Nesi shows us Italy at its best: the Italy with which we fell in love.

Vespa ist für Motorroller längst so eine Art Gattungsbegriff geworden wie Tempo für Papiertaschentücher. Die Vespa - in all ihren vielen Versionen - war und ist günstiges Transportmittel, war und ist ein flottes Zeitgeistmobil und hat schon früh Kultstatus erlangt. Seit 70 Jahren wird diese italienische Ikone nun schon gebaut, und Millionen hatten und haben ihre Freude an den agilen, schicken und sympathischen Rollern. Dieser Band zeigt alle Vespas aus sieben Jahrzehnten, vom Urtyp namens "Paperino" bis zu den aktuellen Sprint-, Primavera- und GTS-Modellen. Da dürfen natürlich die legendären Ape-Dreiräder nicht fehlen, und auch die Mofas und Mopeds wie die legendäre Ciao, die übrigen Piaggio-Roller wie der erste große namens Hexagon und der außergewöhnliche MP5 mit seinen beiden neigbaren Vorderrädern kommen zu Ehren.

Rob, Dom and Mikey were fed up with the corporate treadmill. When they decided to change careers, they looked for a website to help them escape - except there wasn't one. So they started their own. Three years later and they have started a movement called Escape the City. Over 100,000 people have joined www.escapethecity.org in pursuit of exciting and unconventional careers. They are the first online start-up in the world to raise more than £500,000 in investment equity crowdfunding - and they did this entirely from their own membership. The Escape Manifesto is the book that the guys wish they had read three years ago on the London Underground when they were commuting back and forth from their corporate cubicles. It is an inspirational call to action, packed with practical advice and encouragement. If you work in a corporate job that doesn't make you tick and you have ever wondered whether there is more to life, this book is for you. Step off the corporate treadmill - find an exciting job, start your own business, or go on a big adventure. Stop dreaming, start planning and do something different!

Reader Feedback "Fab book- inspired me to plan my escape in Jan 2014 to India to clear my head after 29 years in social work then starting my own business. If not now, when?!" - Fionna "My inspiration to take the step out of banking was driven by your book. I had been thinking about it for about a year but I kept putting off leaving the salaried job, that is until a friend left work and handed me a copy." - Selina "The Escape Manifesto is a fantastic book. Page after page really hit the note with me..... I'm leaving my city job to take some time out travelling South America and see what happens!" - Scott "The Manifesto has really helped me in my decision and continuing motivation to leave consulting. So, I'd like to say a massive thank you." - Victoria "I'm so excited to have 'escaped'!! Thanks to the Escape Manifesto for giving me the motivation and push I needed to seek out opportunities I can be passionate about." - Australian Lawyer in London "I'd like to let you know that your website and book! helped me 'escape' my job as management consultant in the Netherlands. I will be moving to Sri Lanka this November to work as general manager of a turtle conservation project, with my girlfriend. I found the job on your site. I'm so excited!" - Andre "I lost track of the number of times I stopped to read out passages to my wife which expressed the exact same thoughts and emotions as I'd been feeling myself, it's always good to know you're not the first to have felt this way. I got a bit carried away with the highlighter and have built a to-do list off the back of it." - Graham "Loving the Escape manifesto, I'm planning my escape from finance to conservation for August 2014." - Scott "Your book is by my bed - making notes from the money chapter... hopefully I'll have news soon." - Victoria "I'm reading your book right now. I'm halfway through but I couldn't resist contacting you before I finish it. It is the perfect reference for finding a new career path and escaping the status quo and pressure from society - very good book!" - Daniel "Your book has made me feel so good about my situation and I now believe I'm doing all the right things to give my plans a good old go. Life is so short and you have nothing to lose. Nothing!!!" - Ed "Even the shittiest day brightens up when I read your blog, your book or just the pics you post on Facebook." - Dagmar "Well chaps, I did it! Quit my job in senior leadership in a blue chip corporate. Now what???? Halfway thru y

A great way to move from play to art with LEGO bricks! LEGO bricks may seem like child's play, but you can elevate your building skills to

artwork by learning simple design concepts and techniques. How to Build Easy Creations with LEGO Bricks will help you understand the basics of building easy creations with bricks. The instruction book has step-by-step directions and QR codes that will lead you to further information through videos online. From apples to helicopters to cars, your future builds will only be limited by your imagination!

Once a common sight in our towns and cities, microcars were ingenious solutions to the post war demand for economical and accessible motoring. Nowadays they are making a celebrated comeback with all of the big car manufacturers featuring at least one flagship small car, from DaimlerChrysler's Smart and BMW's Mini to Nissan's Micra. But what are the factors, now and then, that turned the microcar into a viable alternative to the 'normal' car? How have the aspirations and ideas behind the microcar changed over the decades? The cars themselves have undoubtedly undergone a radical transformation. Whereas the current trend in small cars is led by environmental concerns, the first phase of the microcar phenomenon was determined by economic necessity: many manufacturers of planes, trains, and white goods had to re-invent themselves as producers of automobiles. The result was a proliferation of small, cheap and extraordinary looking three- and four-wheeled vehicles. This book looks at the social and cultural conditions behind the rise, the fall and the ultimate resurrection of the small car, and features some of the most fascinating and best-loved examples. With the debate over transport, sustainability, congestion, fuel consumption, taxation and the environment high on the agenda, there has never been a better time than now to examine the role of the microcar.

Volume 31 of Studies in Managerial and Financial Accounting (SMFA) covers contemporary issues in performance measurement and management control.

Italian motorcycles have a place in history – and many enthusiasts' hearts – out of all proportion to the numbers that have been built. From Moto Guzzi becoming the first non-British marque to win a TT through to Ducati's achievements in MotoGP, they have also been at the forefront of motorsport despite being far smaller than, at first, the British and later the Japanese manufacturers. If the number of motorcycles built by Italian manufacturers is small, the sheer number of Italian motorcycle factories will surprise readers. Almost 600 marques were identified in researching this book, and there may have been thousands. This is partly because there were so many engines available off the shelf – many of them English – as well as a thriving accessory and component industry. A–Z of Italian Motorcycle Manufacturers only deals briefly with the grand marques Ducati and Moto Guzzi because there have been many dedicated books about them. Instead this is a definitive guide to the factories that have been less widely covered or, in most cases, never before in the English language. Some, such as Bianchi and Garelli, might be familiar: others, remembered for their racing achievements or uniqueness, such as Morbidelli, and many you may have never heard of. But if it was possible to establish when and where the factories were active, and at least a little about the motorcycles they built, then there is an entry for them. An

appendix lists the other manufacturers that are lesser known, making this the most complete reference book of Italian motorcycles available today. This book is a complete guide to Italian motorcycle manufacturers, and an essential reference for anyone with an interest in these fascinating vehicles. Italian motorcycles have a place in history – and many enthusiasts' hearts – out of all proportion to the numbers that have been built. From Moto Guzzi becoming the first non-British marque to win a TT through to Ducati's achievements in MotoGP, they have also been at the forefront of motorsport despite being far smaller than, at first, the British and later the Japanese manufacturers. This book is a complete guide to Italian motorcycle manufacturers, and an essential reference for anyone with an interest in these fascinating vehicles.

The interest and fascination these novel vehicles generate have made tiny cars and trucks significant collectibles over the past decade, and yet information on micro trucks has been almost non-existent. Old brochures printed by numerous micro car builders depict various truck versions: in the case of Iso, everything from hook (crane) and ladder to vans to pickups were featured, but few, if any, examples were thought to have been built beyond the prototype stage. Full colour photography, text and specs describe virtually unknown production micro trucks. Featured are rare Iso utility vehicles and Topolino Fiat vans, as well as more common production micro trucks from Autobianchi, Moto Guzzi, Vespa Ape, New Map Solyto and Diahatsu. 98 colour photos show many rare and extraordinary micro trucks.

The Rough Guide to Sicily Make the most of your time on Earth with the ultimate travel guides. World-renowned 'tell it like it is' travel guide. Discover Sicily with this comprehensive and entertaining travel guide, packed with practical information and honest recommendations by our independent experts. Sample the streetfood of Palermo, the markets of Catania and the island city of Siracusa, and follow in the footsteps of TV detective Montalbano, to the glorious Baroque towns of the Val di Noto. Make the most of your time with The Rough Guide to Sicily. Now available in PDF format.

Now a venerable icon of Italian style, the internationally known quintessential scooter - the Vespa - was once a two-wheeled revolution, offering mobility to everyone. Today it has come to symbolize scootering status, style, and freedom.

As Vespa reaches its 60s without showing a wrinkle, this book celebrates its decades of incomparable spirit. In glowing images and words, the book shows Vespa in its many guises—as the two-wheeled vehicle of the post-war economic boom; as the symbol of the forward-charging ideas of the 1960s; appearing in romantic films such as *Roman Holiday*; and promoted in delirious ads that claimed, “Whoever Vespas, eats apples.” Decades of period ads and famous calendars are included, as well as technical and production information on every model ever built, including rare prototypes and variants. Each model is detailed in over 30 categories, from engine specs to production facts. Filled with stunning color photos and illustrations, the book is itself a stylish tribute to the iconic vehicle it celebrates. Author Giorgio Sarti knows Vespa, and this book is a thorough and thoroughly enchanting tribute to the scooter as it has sped through history, meaning something new to each generation, and in the process making its unique mode of personal transport synonymous with freedom. Officially licensed and includes a foreword from Piaggio Group President Roberto Colaninno. A celebration of the many motor trikes and three-wheeled motorcycles produced since the early days of motoring. Taking us right up to the present day, this book covers a wide range of machines from mild to wild, accompanied by original colour photographs. Featuring easy-to-read captions with minimum jargon: it will delight both enthusiasts and the novices alike.

Iconic Designs is a beautifully designed and illustrated guide to fifty classic 'things' – designs that we find in the city, in our homes and offices, on page and screen, and in our everyday lives. In her introduction, Grace Lees-Maffei explores what makes a design 'iconic', and fifty essays by leading design and cultural critics tell the story of each iconic 'thing', its innovative and unique qualities, and its journey to classic status. Subjects range from the late 19th century to the present day, and include the Sydney Opera House, the Post-It Note, Coco Chanel's classic suit, the Sony Walkman™, Hello Kitty™, the typeface Helvetica, the Ford Model T, Harry Beck's diagrammatic map of the London Underground and the Apple iMac G3. This handsome volume provides a treasure trove of 'stories' that will shed new light on the iconic designs that we use without thinking, aspire to possess, love or hate (or love to hate) and which form part of the fabric of our everyday lives.

More than 75 recipes for bold, fruit-forward ice creams, sorbets, and granitas—all made with fresh, natural, minimally processed ingredients One of *The New York Times*'s “Best Cookbooks of Spring 2019” • “Too often, ice cream is forgotten in the conversation about seasonal and sustainable cooking. Kitty Travers reminds us of the importance of both in her beautiful

exploration of ice creams, sorbets, and gelatos.”—Alice Waters Craft ice creams are all the rage, with new indie producers breaking the rules by creating unusual, exceptionally delicious flavor combinations. Kitty Travers, the creator of the beloved London-based brand La Grotta Ices, is changing our expectations when it comes to these cravable cold treats. The ice creams, sorbets, and granitas featured in La Grotta are fruit-focused—the best produce goes into the ice cream and sorbet bases to ensure the purest taste of the fruit shines through. And when combined with unexpected herbs and other mix-ins, the results are eye-opening: • Rhubarb and Angelica • Guava and Lemon Leaf • White Grapefruit and Pale Ale • Tomato and White Peach • Raspberry and Sage • Chocolate and Caper Featuring 85 photographs in a stunning design, the recipes in La Grotta will utterly surprise and inspire home cooks to explore homemade ice cream in delightful new ways.

It's almost impossible to get lost these days; the fastest and most direct route arrives with the press of a few keys. But what of the joys of the unexpected discovered off the grid? En Route is an ode to wandering through time and place, meeting personalities with no fixed addresses. Juliana Engberg takes you along on her adventures. Who knows where you will end up? You could bump into Greta Garbo, Casanova, the Virgin Mary, or even the Dog on the Tuckerbox. Real journeys are not always about the destination.

Owning an Electric Car is the essential book for anyone who is interested in owning an electric car and who wants to know more about them. The book has been written with input from hundreds of people from all around the world: interviews and surveys with owners of electric cars about their experiences - both good and bad, meetings with vehicle manufacturers and discussions with politicians, environmental campaigners and electricity providers have all contributed make this book an essential guide to help you make an informed choice about electric cars.
