A vigilante fights for justice at any cost. Wallis Stoneman isn't like other teenage girls. She's beautiful, fearless, and deadly. Wally lives alone in her Brooklyn loft. She'd be a regular teenager, except that she's the daughter of a Russian assassin. Crime is in Wally's blood, but she uses her legacy for good: she solves missing persons cases for the Ursula Society, an under-the-radar organization that uses oft-illegal tactics to find people the police have given up on. The person Wally most wants to find? Tiger, her own fugitive brother. But the closer Wally gets to finding Tiger, the more dangerous her search becomes. And Klesko, Wally and Tiger's sadistic father, is again at large. With two highly-skilled con men against them, Wally and Tiger band together to destroy a conspiracy in which they—and their hearts—are mere pawns.

In the area of ballpark hopping, there have been a number of accounts written, recorded or talked about in recent times, sometimes for a cause or others just as a gimmick. Through Poet in the Grandstand, poet and writer Thomas Porky McDonald gives us a most unique twist on a preoccupation which has grown in the past few decades, in the wake of the closings of classic old yards and the birth of the more entertainment and nostalgia driven open-air parks. From his first trip in 1990, to the fabled Comiskey Park of Shoeless Joe Jackson, Bill Veeck and the Go-Go Sox, on through to the 2010 opening of Minnesotas fabulous Target Field, featuring the modern M&M Boys, Joe Mauer and Justin Mourneau, McDonald offers up a book that is part travelogue and part poetic tribute to all the places that men and women have gone to over the years for a very personal sense of joy. This journey, done methodically, over two decades, picks up steam as the chapters begin to flow. The effect of McDonald himself clearly growing as a poet through the years is accentuated by the fact that more and more pieces are written in the later trips. The end result is a most interesting volume of not just ballparks, but Americana, as numerous attractions taken in during those ballpark weeks and weekends are also noted and/or dissected. For fourteen seasons on his own and then six more accompanied by friend and confidant Adam Boneker, McDonalds travels, highlighted by over 300 poems, can take the reader back to a simpler time or into the possibilities of the future. In chapter and in verse, Poet in the Grandstand has something for both the baseball enthusiast and the curious traveler. Fans of the game and lovers of the road will each find much to offer within these pages.

Imagine if you were there, taking notes, as a small pizza joint became one of the most successful restaurants in the world. The Domino's Story will help you understand and adopt the competitive strategies, workplace culture, and business practices that made the iconic pizza chain the innovative restaurant and e-commerce leader it is today. As one of the most technologically advanced fast-food chains in the market, Domino's has cemented their reputation for innovation, paved in industry-leading profits. In February 2018, according to Ad Age, Domino's unseated Pizza Hut to become the largest pizza seller worldwide in terms of sales. Rather than just tampering with a recipe that was working, they decided to think outside of the pizza box by creating digital tools that emphasized convenience and put the customer first. For the first time, the adaptable strategies behind the rise and dominance of Domino's are outlined in these pages. Through the story of the Domino's, you'll learn: How to create meaningful innovation without changing the core of the product that people already love. How to recognize and take advantage of unique opportunities to alleviate your customers' pain points. How to grow a company by taking a holistic approach to the business. And, the importance of delivering a quality experience that will keep customers calling for more.

A Call To Deliver is the story of how the Lord is in the delivery business and how, in his desire to get all souls to heaven, he would use something as common as pizza to accomplish this plan. Tom Monaghan the founder of Domino's Pizza (Dominus in Latin means Lord) lost his father at the age of 4 and was raised in an orphanage until the age of 12. After that he was bounced from one foster home to another but the one constant in his life was his faith. Always wanting to go to college Tom inadvertently entered into the pizza business to defray costs but after being forced to stay in the business and give up any dreams of college he decided to make it a success. As he went from rags to riches he began to acquire many worldly pleasures and face "the sin of pride". This brought him back to a desire to use his wealth for God. He felt he could support many good causes but he learned from the pizza business to stay focused on the one product that could do the most good. For Tom Monaghan that would be higher education which lead him to founding Ave Maria University. A Call To Deliver is a glimpse of the faithfulness of God in each individual life and how important we are His greater plan for the world. This book is not just about a man but about how God uses simple substances to create His greatest miracles.

What motivated a man trained in theology to uncover the theory of evolution? How did a shop owner's daughter become Prime Minister of a very chauvinistic nation? How did a man with a severe hearing problem invent the phonograph and the first sound movie camera? What prompted an 8th-grade dropout to unravel the technical mysteries of the catalytic engine? And why did somebody who could not write turn into one of the most prolific and successful authors of our time? Luck, personal attributes, freaky experiences, timing, and a myriad of other factors can contribute to reaching the very top. But Dr. Gene N. Landrum expertly argues that talent is not nearly as important as indomitable will, IQ is not as important as a positive attitude, an Ivy League education is not as important as an inquisitive and imaginative mind, and money is not important at all. The greats have eight key behavioral traits critical to their success. Eight Keys to Greatness selects six diverse disciplines and those who achieved within them-the arts (Agatha Christie and Ernest Hemingway); business (Bill Gates and Helena Rubinstein); humanities (Mother Teresa and Martin Luther King Jr.); politics (Catherine the Great and Mao Tse-tung); science (Albert Einstein and Marie Curie); and sports (Michael Jordan and Babe Didrickson Zaharias)-to show that charisma, competitiveness, confidence, drive, intuition, rebellion, risk-taking, and tenacity led these celebrities to the top. Landrum includes biographical commentary on twenty-eight other visionaries, including Darwin, Marx, Twain, Freud, Edison, Margaret Mead, Walt Disney, Stephen King, Ted Turner, and Anne Rice, to back his findings drawn from hundreds of biographies, autobiographies, and related research. Are you capable of greatness? Yes, Landrum says, as long as you have slightly above average ability to grasp new concepts and have the internal will to pursue your dreams. Eight Keys to Greatness inspires readers to learn by example. Gene N. Landrum, Ph.D., a lecturer and the creator of the Chuck E. Cheese concept of family entertainment, teaches at International College in Naples, FL. He is the author of Profiles of Black Success: Thirteen Creative Geniuses Who Changed the World; Profiles of Power and Success: Fourteen Geniuses Who Broke the Rules; Profiles of Female Genius: Thirteen Creative Women Who Changed the World; and Profiles of Genius: Thirteen Creative Men Who Changed the World. Special-education teacher Torey Hayden's first book, One Child, was an international bestseller, thrilling readers on every continent. Their hearts were captured by Sheila, a silent, troubled girl who had been abandoned on a highway by her mother and abused by her alcoholic father, and who refused to speak. As Hayden writes in the prologue to this book, "This little girl had a profound effect on me. Her courage, her resilience, and her inadvertent ability to express that great, gaping need to be loved that we all feel -- in short, her humanness -- brought me into contact with my own." Since then Hayden has gone on to write books about many of her students, but her fans continue to ask her, "What happened to Sheila?" The Tiger's Child is her response. Here Hayden tells how Sheila, now a young woman, finally came to terms with her nightmare childhood. When Hayden was working on One Child, she showed the manuscript to Sheila, then a teenager, and was astonished to find that Sheila remembered almost nothing of her troubled younger years. She had no recollection of her many clashes with her teacher as Hayden tried to break through her emotional pain. And although Hayden had managed to get Sheila to communicate and become an active and lively child, Sheila's home life was still very troubled. Her father had been sent to prison when she was eight and Sheila had run away from a series of foster homes until finally she was placed in a children's home. But as Hayden continued to renew her relationship with the teenage Sheila, the memories slowly came back, bringing with them feelings of abandonment and hostility. Overwhelmed by the intensity of her awakening emotions, Sheila was driven to suicidal despair. The Tiger's Child is the touching, inspiring story of how a maturing Sheila came to perceive her mother not as a monster who willfully cast off her eldest child, but as a weak, forlorn, ordinary human being. Able to appreciate her own strength and resilience, Sheila at last is free to overcome the haunting legacy of child abuse.

After playing 4 quarters of hard-fought football games, the Massillon Tiger football team gathered in a circle at the center of every football field they played on in 2019 to do 15 pushups—a pushup for every game it would take to lead them to the State Championship game. The mantra for the season became: 15 for 15. Each pushup is represented as a chapter in this book and a different piece of the puzzle that explains the football town of Massillon, Ohio. In this dramatic and entertaining book, Author and Tiger running back coach, David Lee Morgan, Jr. shares stories that offer a unique and unequaled perspective into the 2019 season and the Tigers' quest for that elusive state championship. The Massillon Tiger football program isn't a typical high school football program. It's a ministry of football with the first season dating back to 1894. In this small, midwestern Ohio rust belt town, the community has rallied around this team every Friday at the historic Paul Brown Tiger Stadium (capacity 16,000) for decades. The school has produced numerous NFL standouts, including coaching legend and Hall of Famer Paul Brown. The Massillon support, locally and nationwide, is unrivaled and is arguably one of the most recognizable and successful high school football programs in the country. The Massillon Tigers: 15 for 15 is the next generation's Friday Night Lights—the powerful tale of one of the most storied high school football programs anywhere in the country and their magical 2019 season, as told by an award-winning author and journalist who enjoyed unlimited access to the players, coaches, and families through his role as the running backs coach.

The 1968 World Series remains one of the most iconic in major league history. Featuring Bob Gibson in MVP form, Al Kaline, and Mickey Lolich, it was baseball at its best. Incorporating new reflections from players and personnel, Joy in Tigertown traces such achievements as Denny McClain's 31-win season as well as the remarkable slugging performances of Kaline, Norm Cash, Willie Horton, and Bill Freehan.

" Who is Tom Monaghan? Is he the four-year-old kid whose father died on Christmas Eve and whose mother sent him to an orphanage and then a juvenile detention home? Is he the entrepreneurial genius who built Domino's Pizza from a hole-in-the-wall pizzeria in Michigan into an American brand as world-conquering as Ford or Coke? Is he the religious visionary who sold Domino's for \$1 billion to create an orthodox Catholic university, law school, and special interest law firm with the goal of transforming America to reflect his conservative values? He's all that and more. With extensive interviews with friends and enemies plus unprecedented access to the man himself, but wholly without his authorization, *Living the Faith* illuminates Tom Monaghan, the man and the myth. *Living the Faith* is the much-needed, definitive biography of one of America's most fascinating and controversial business and religious figures. A sympathetic but critical portrait of the man and his works, this book is for believers, nonbelievers, and agnostics; for conservatives, liberals, and independents; for the rich, the poor, and the shrinking middle class. Mainly, however, this book is for those who want the facts about Tom Monaghan--and the truth about the effect religion had on one man and the effect that man had on the world"--

*Snatches of memory and whisks of reverie have been the ingredients that were blended into this hopeful fifth memoir that, like the other four, was never intended to be about the author but about the passing scenes, the people, places, and events that he, the self-proclaimed Footloose Forester, witnessed and cherished. The hodgepodge of undated recollections in various places and spanning over 50 years came with learning bits and pieces about archeology, cultures, plants and animals, exotic places, and viewpoints that went beyond everyday experiences. Hence, the title *Musings to Memoirs* with an enduring masthead *Essays, Stories, Adventures, Dreams*. Photo evidence has been introduced into individual stories as much as is permissible, to add a clarity of their own. The author hopes that his family and friends will retain warm memories of the past by virtue of the photos alone and where words fail.*

Pizza is a \$35 billion a year business, and nowhere is it taken more seriously than New York City. Journalist Peter Genovese surveys the city's pizza scene—the food, the business, the culture—by profiling pizza landmarks and personalities and rating pizzerias in all five boroughs. In this funny, fascinating book, Genovese explores the bloggers who write about New York pizza, the obsessive city dwellers who collect and analyze the delivery boxes, Mark Bello's school where students spend a day making pies from scratch, and Scott Wiener's pizza bus tours. Along the way, readers learn the history of legendary Totunno's on Coney Island (Zagat's number-one pizzeria for 2012), along with behind-the-scenes stories about John's on Bleecker Street, Joe's on Carmine, Lombardi's, Paulie Gee's, Motorino, and more than a dozen other favorite spots and their owners. Throughout these profiles, Genovese presents a brief history of how pizza came to the city in 1905 and developed into a major attraction in Little Italy, a neighborhood that became a training ground for many of the city's best-loved pizzerias. Enjoyable facts and figures abound. Did you know that Americans put 250 million pounds of pepperoni on their pies every year? Or that Domino's has more outlets per capita in Iceland than in any other country? Beyond the stories and tidbits, Genovese provides detailed, borough-by-borough reviews of 250 pizzerias, from simple "slice shops" with scant atmosphere to gourmet pizzerias, including shops that use organic ingredients and experiment with new variations of crusts and toppings. Complemented by hundreds of current and never-before-seen archival photos, the book gives the humble slice its proper due and will leave readers overwhelmed by a sudden desire for New York pizza.
