

## Please Intha Puthagathai Padikatheenga Gopinath

AN INSTANT NEW YORK TIMES BESTSELLER The twisty new thriller from the New York Times bestselling author of *The Couple Next Door* and *A Stranger in the House* A weekend retreat at a cozy mountain lodge is supposed to be the perfect getaway . . . but when the storm hits, no one is getting away It's winter in the Catskills and Mitchell's Inn, nestled deep in the woods, is the perfect setting for a relaxing--maybe even romantic--weekend away. It boasts spacious old rooms with huge woodburning fireplaces, a well-stocked wine cellar, and opportunities for cross-country skiing, snowshoeing, or just curling up with a good murder mystery. So when the weather takes a turn for the worse, and a blizzard cuts off the electricity--and all contact with the outside world--the guests settle in and try to make the best of it. Soon, though, one of the guests turns up dead--it looks like an accident. But when a second guest dies, they start to panic. Within the snowed-in paradise, something--or someone--is picking off the guests one by one. And there's nothing they can do but hunker down and hope they can survive the storm--and one another.

This is the journey of a boy born in a remote village, who went from riding a bullock cart to owning an airline, a journey of an entrepreneur who built India's first and largest low-cost airline Filled with rich anecdotes of everyday struggles and joys, this is the awe-inspiring story of Captain G.R. Gopinath. This autobiography narrates in gritty detail Captain Gopinath's incredible journey: quitting the Indian Army in the late 1970s with a princely gratuity of Rs 6500, going back to his farm land inundated by the river, converting a piece of barren land to set up a farm for ecologically sustainable silkworm rearing, winning the Rolex award for it, his loves and passions, his extraordinary determination to launch an airline (which touched a crazy market cap of US\$ 1.1 billion in less than four years ), in the process rewriting aviation history.

A People Magazine Pick \* US Weekly "Must" Pick \* Named "Best Book of the Summer" by Glamour \* Good Housekeeping \* USA TODAY \* Cosmopolitan \* PopSugar \* Working Mother \* Bustle \* Goodreads From the acclaimed author of *The Seven Husbands of Evelyn Hugo* and *After I Do* comes a breathtaking new novel about a young woman whose fate hinges on the choice she makes after bumping into an old flame; in alternating chapters, we see two possible scenarios unfold—with stunningly different results. At the age of twenty-nine, Hannah Martin still has no idea what she wants to do with her life. She has lived in six different cities and held countless meaningless jobs since graduating college. On the heels of leaving yet another city, Hannah moves back to her hometown of Los Angeles and takes up residence in her best friend Gabby's guestroom. Shortly after getting back to town, Hannah goes out to a bar one night with Gabby and meets up with her high school boyfriend, Ethan. Just after midnight, Gabby asks Hannah if she's ready to go. A moment later, Ethan offers to give her a ride later if she wants to stay. Hannah hesitates. What happens if she leaves with Gabby?

What happens if she leaves with Ethan? In concurrent storylines, Hannah lives out the effects of each decision. Quickly, these parallel universes develop into radically different stories with large-scale consequences for Hannah, as well as the people around her. As the two alternate realities run their course, *Maybe in Another Life* raises questions about fate and true love: Is anything meant to be? How much in our life is determined by chance? And perhaps, most compellingly: Is there such a thing as a soul mate? Hannah believes there is. And, in both worlds, she believes she's found him.

Politics in the Twentieth Century was dominated by a single question: how much of our collective life should be determined by the state, and what should be left to the market and civil society? Now the debate is different: to what extent should our lives be directed and controlled by powerful digital systems - and on what terms? Digital technologies - from artificial intelligence to blockchain, from robotics to virtual reality - are transforming the way we live together. Those who control the most powerful technologies are increasingly able to control the rest of us. As time goes on, these powerful entities - usually big tech firms and the state - will set the limits of our liberty, decreeing what may be done and what is forbidden. Their algorithms will determine vital questions of social justice. In their hands, democracy will flourish or decay. A landmark work of political theory, *Future Politics* challenges readers to rethink what it means to be free or equal, what it means to have power or property, and what it means for a political system to be just or democratic. In a time of rapid and relentless changes, it is a book about how we can - and must - regain control. Winner of the Estoril Global Issues Distinguished Book Prize.

Why don't we feel the moment when we fall in love but always remember when it ends? Akash is young, single and conservative with a preference for girls with brains than in miniskirts. One day, he runs into free-spirited Aleesha at a local discotheque. A mass-media student, Aleesha is a pampered brat, the only child of her parents who dote on her. This brief meeting leads them to exchange their BlackBerry PINs and they begin chatting regularly. As BlackBerry plays cupid, they fall in love. When they hit a rough patch in their life, Aditya, Akash's close pal, guides them through it. But just when they are about to take their relationship to the next level, a sudden misfortune strikes. Can Aditya bring Akash's derailed life back on track? *It Started with a Friend Request* is a true story which will make you believe in love like never before.

Ambedkar was a prolific student, earning doctorates in economics from both Columbia University and the London School of Economics, and gained a reputation as a scholar for his research in law, economics and political science.[11] In his early career he was an economist, professor, and lawyer. His later life was marked by his political activities; he became involved in campaigning and negotiations for India's independence, publishing journals, advocating political rights and social freedom for Dalits, and contributing significantly to the establishment of the state of India. In 1956 he converted to

Buddhism, initiating mass conversions of Dalits.

Stuart just wanted his father to love him, but he was made to believe he was too naughty to be loved. Finally David Howarth was sent to prison for abusing Stuart's young sisters. Nobody knew the truth about Stuart's abuse until one fateful day when his father tried it again and Stuart fought back in the only way he knew how.

101 inspirational lessons on how to achieve true happiness, find fulfilment and live peacefully and meaningfully every day, from Robin Sharma, leading life coach and author of the multi-million-copy bestseller *The Monk Who Sold His Ferrari*. This is a truly remarkable book that you will treasure for a lifetime.

It Started with a Friend Request Random House India

THE INSTANT NEW YORK TIMES BESTSELLER "Looking for a suspense novel that will keep you up until way past midnight? Look no further than *Lock Every Door*, by Riley Sager."—Stephen King No visitors. No nights spent elsewhere. No disturbing the rich and famous residents. These are the rules for Jules Larsen's new job apartment sitting at the Bartholomew, one of Manhattan's most high-profile buildings. Recently heartbroken—and just plain broke—Jules is taken in by the splendor and accepts the terms, ready to leave her past life behind. As she gets to know the occupants and staff, Jules is drawn to fellow apartment sitter Ingrid, who reminds her so much of the sister she lost eight years ago. When Ingrid confides that the Bartholomew has a dark history hidden beneath its gleaming façade, Jules brushes it off as a harmless ghost story—until the next day when Ingrid seemingly vanishes. Searching for the truth, Jules digs deeper into the Bartholomew's sordid past. But by uncovering the secrets within its walls, Jules exposes herself to untold terrors. Because once you're in, the Bartholomew doesn't want you to leave....

Beginning with Timur, Sultan Ghazni who invaded India seventeen times at the head of a large army, plundering the country of its great wealth, to the last Mughal Emperor Bahadur Shah, banished from the country by the British - details and descriptions of every incident and each king astonish and exhilarate us. The approach is direct, simple and unambiguous. From Timur to Bahadur Shah it is one engaging account. The book should find a place in every household, as an authentic account of ourselves. A flawless portrait. -THE HINDU Madhan while explaining historical events uses modern similes... In spite of being a cartoonist in his previous avatar Madhan did not caricature the Moghul Emperors and their subjects. I am so pleased he did not sit on judgement as a south Indian non-Muslim writer. -KAMAL HAASAN

Happily married to her college sweetheart, Poppy lived a blessed life with the husband of her dreams. Then everything changed. She is no longer a wife. She is no longer the envy of her single friends. Now, people look at her with pity as they whisper a single word behind her back. Widow. Years after her husband's tragic death, years of pain and sorrow and wishing for the life she'll never get back, Poppy decides to finish Jamie's birthday list. She'll do the things he wanted to most. Because maybe, just maybe, if she can complete his list, she can start to live again. Poppy expects going through the birthday list will be hard. She expects it to hurt. But what she doesn't expect is Cole. Could the man who delivered the news of her husband's

death and shattered her heart be the one to help her put it back together again?

An indispensable reference for students enrolled in any business and economics program, Ragan: Economics is a classic, mature-edition text known for its rigor, detail, breadth, and balance. It provides clarity without intellectual compromise and is considered the most trusted and reliable text in the market.
