With humor and humanity, Miller resists the simple scorned-wife story and instead crafts a revelatory tale of the complexities—and the absurdities—of love, infidelity, and grief." —O, the Oprah Magazine A brilliantly insightful novel, engrossing and haunting, about marriage, love, family, happiness and sorrow, from New York Times bestselling author Sue Miller. Graham and Annie have been married for nearly thirty years. Their seemingly effortless devotion has long been the envy of their circle of friends and acquaintances. By all appearances, they are a golden couple. Graham is a bookseller, a big, gregarious man with large appetites—curious, eager to please, a lover of life, and the convivial host of frequent, lively parties at his and Annie's comfortable house in Cambridge. Annie, more reserved and introspective, is a photographer. She is about to have her first gallery show after a six-year lull and is worried that the best years of her career may be behind her. They have two adult children; Lucas, Graham's son with his first wife, Frieda, works in New York. Annie and Graham's daughter, Sarah, lives in San Francisco. Though Frieda is an integral part of this far-flung, loving family, Annie feels confident in the knowledge that she is Graham's last and greatest love. When Graham suddenly dies—this man whose enormous presence has seemed to dominate their lives together—Annie is lost. What is the point of going on, she wonders, without him? Then, while she is still mourning Graham intensely, she discovers a ruinous secret, one that will spiral her into darkness and force her to question whether she ever truly knew the man who loved her.

“Irving looks cunningly beyond the eye-catching gyrations of the mating dance to the morning-after implications.”—The Washington Post The darker vision and sexual ambiguities of this sensual, ironic tale about a ménage a quatre in a New England university town foreshadow those of *The World According to Garp*; but this very trim and precise novel is a marked departure from the author's generally robust, boisterous style. Though Mr. Irving's cool eye spares none of his foursome, he writes with genuine compassion for the sexual tests and illusions they perpetrate on each other; but the sexual intrigue between them demonstrates how even the kind can be ungenerous, and even the well-intentioned, destructive. “One of the most remarkable things about John Irving's first three novels, viewed from the vantage of *The World According to Garp*, is that they can be read as one extended fictional enterprise. . . . The 158-Pound Marriage is as lean and concentrated as a mine shaft.”—Terrence Des Pres “Deft, hard-hitting . . . What Irving demonstrates beautifully is that a one-to-one relationship is more demanding than a free-for-all.”—The New York Times Book Review

Pick Big Little Lies meets Presumed Innocent in this “irresistible domestic drama” (Washington Post) from the New York Times bestselling author of *Reconstructing Amelia*, in which a woman's brutal murder reveals the perilous compromises some couples make—and the secrets they keep—in order to stay together. Lizzie Kitsakis is working late when she gets the call. Grueling hours are standard at elite law firms like Young & Crane, but they'd be easier to swallow if Lizzie was there voluntarily. Until recently, she'd been a happily underpaid federal prosecutor. That job and her brilliant, devoted husband Sam—she had everything she'd ever wanted. And then, suddenly, it all fell apart. No. That's a lie. It wasn't sudden, was it? Long ago the cracks in Lizzie's marriage had started to show. She was just good at averting her eyes. The last thing Lizzie needs right now is a call from an inmate at Rikers asking for help—even if Zach Grayson is an old friend. But Zach is desperate: his wife, Amanda, has been found dead at the bottom of the stairs in their Brooklyn brownstone. And Zach's the primary suspect. As Lizzie is drawn into the dark heart of idyllic Park Slope, she learns that Zach and Amanda weren't what they seemed—and that their friends, a close-knit group of fellow parents at the exclusive Brooklyn Country Day school, might be protecting troubling secrets of their own. In the end, she's left wondering not only whether her own marriage can be saved, but what it means to have a good marriage in the first place.

cafés on College Hill, the wisecracking kids are inhaling Derrida and listening to Talking Heads. But Madeleine Hanna, dutiful English major, is writing her senior thesis on Jane Austen and George Eliot, purveyors of the marriage plot that lies at the heart of the greatest English novels. As Madeleine tries to understand why "it became laughable to read writers like Cheever and Updike, who wrote about the suburbia Madeleine and most of her friends had grown up in, in favor of reading the Marquis de Sade, who wrote about deflowering virgins in eighteenth-century France," real life, in the form of two very different guys, intervenes. Leonard Bankhead—charismatic loner, college Darwinist, and lost Portland boy—suddenly turns up in a semiotics seminar, and soon Madeleine finds herself in a highly charged erotic and intellectual relationship with him. At the same time, her old "friend" Mitchell Grammaticus—who's been reading Christian mysticism and generally acting strange—resurfaces, obsessed with the idea that Madeleine is destined to be his mate. Over the next year, as the members of the triangle in this amazing, spellbinding novel graduate from college and enter the real world, events force them to reevaluate everything they learned in school. Leonard and Madeleine move to a biology Laboratory on Cape Cod, but can't escape the secret responsible for Leonard's seemingly inexhaustible energy and plunging moods. And Mitchell, traveling around the world to get Madeleine out of his mind, finds himself face-to-face with ultimate questions about the meaning of life, the existence of God, and the true nature of love. Are the great love stories of the nineteenth century dead? Or can there be a new story, written for today and alive to the realities of feminism, sexual freedom, prenups, and divorce? With devastating wit and an abiding understanding of and affection for his characters, Jeffrey Eugenides revives the motivating energies of the Novel, while creating a story so contemporary and fresh that it reads like the intimate journal of our own lives.

A candid, heartfelt love story set in contemporary California that challenges the idea of what it means to be American, liberated, and in love When Huda meets Hadi, the boy she will ultimately marry, she is six years old. Both are the American-born children of Iraqi immigrants, who grew up on opposite ends of California. Hadi considers Huda his childhood sweetheart, the first and only girl he's ever loved, but Huda needs proof that she is more than just the girl Hadi's mother has chosen for her son. She wants what many other American girls have--the entertainment culture's almost singular tale of chance meetings, defying the odds, and falling in love. She wants stolen kisses, romantic dates, and a surprise proposal. As long as she has a grand love story, Huda believes no one will question if her marriage has been arranged. But when Huda and Hadi's conservative Muslim families forbid them to go out alone before their wedding, Huda must navigate her way through the despair of unmet expectations and dashed happily-ever-after ideals. Eventually she comes to understand the toll of straddling two cultures in a marriage and the importance of reconciling what you dreamed of with the life you eventually live. Tender, honest and irresistibly compelling, *First Comes Marriage* is the first Muslim-American memoir dedicated to the themes of love and sexuality. Huda and Hadi's story brilliantly circles around a series of firsts, chronicling two virgins moving through their first everything: first hand holding, first kiss, and first

sexual encounter. *First Comes Marriage* is an almost unbearably humanizing tale that tucks into our hearts and lingers in our imagination, while also challenging long-standing taboos within the Muslim community and the romantic stereotypes we unknowingly carry within us that sabotage some of our best chances for finding true love.

The long-awaited new novel from the Pulitzer Prize-winning author Jeffrey Eugenides. "There is no happiness in love, except at the end of an English novel." —Anthony Trollope, *Barchester Towers* Madeleine Hanna was the dutiful English major who didn't get the memo. While everyone else in the early 1980s was reading Derrida, she was happily absorbed with Jane Austen and George Eliot: purveyors of the marriage plot that lies at the heart of the greatest English novels. Madeleine was the girl who dressed a little too nicely for the taste of her more bohemian friends, the perfect girlfriend whose college love life, despite her good looks, hadn't lived up to expectations. But now, in the spring of her senior year, Madeleine has enrolled in a semiotics course "to see what all the fuss is about," and, for reasons that have nothing to do with school, life and literature will never be the same. Not after she falls in love with Leonard Morten - charismatic loner, college Darwinist and lost Oregon boy - who is possessed of seemingly inexhaustible energy and introduces her to the ecstasies of immediate experience. And certainly not after Mitchell Grammaticus - devotee of Patti Smith and Thomas Merton - resurfaces in her life, obsessed with the idea that Madeleine is destined to be his mate. The triangle in this amazing and delicious novel about a generation beginning to grow up is age old, and completely fresh and surprising. With devastating wit, irony and an abiding understanding and love for his characters, Jeffrey Eugenides resuscitates the original energies of the novel while creating a story so contemporary that it reads like the intimate journal of our own lives.

Jack and I, we did everything backward. The day he lured me into his office-which was also the first day we met-he proposed. You'd think a guy who looked like him-a bit cold maybe, but still striking and very unattainable-would only ask the love of his life to marry him, right? You'd think he must be madly in love.Nope. It was me he asked. A complete stranger who had never even heard of him. A stranger who had been dumped by her fiancé only weeks before. You'd think I'd laugh in his face, call him insane-and a few other names-then walk away as quickly as possible. Well...I did all those things except the walking away part.It took him only minutes to talk me into a business deal...erm, I mean marriage, and only days for us to officially tie the knot. Happiest day of my life. Magical. Pop the champagne... Not. It was the worst day. Jack Hawthorne was nothing like what I'd imagined for myself.I blamed him for my lapse in judgment.I blamed his eyes, the ocean blue eyes that looked straight into mine unapologetically, and that frown on his face I had no idea I would become so fascinated with in time.It wasn't long after he said I was the biggest mistake of his life that things started to change. No, he still didn't talk much, but anyone can string a few words together. His actions spoke the loudest to me. And day after day my heart started to get a mind of its own.One second he was no one. The next he became everything.One second he was unattainable. The next he seemed to be completely mine.One second I thought we were in love. The next it was still nothing but a lie.After all, I was Rose and he was Jack. We were doomed from the very beginning with those names. Did you expect anything else?

Story of a Marriage is, in the words of Khaled Housseini, "a book about love, and it is a marvel to watch Greer probe the mysteries of love to such devastating effect."

First time in mass-market paperback. A groomsman and his last-minute guest are about to discover if a fake date can go the distance in the fun and flirty multicultural romance debut by the "New York Times"-bestselling author of "The Proposal," a Reese Witherspoon Book Club selection.

From the inimitable Anne Tyler, a rich and compelling novel about a mismatched marriage—and its consequences, spanning three generations. They seemed like the perfect couple—young, good-looking, made for each other. The moment Pauline, a stranger to the Polish Eastern Avenue neighborhood of Baltimore (though she lived only twenty minutes away), walked into his mother's grocery store, Michael was smitten. And in the heat of World War II fervor, they are propelled into a hasty wedding. But they never should have married. Pauline, impulsive, impractical, tumbles hit-or-miss through life; Michael, plodding, cautious, judgmental, proceeds deliberately. While other young marrieds, equally ignorant at the start, seemed to grow more seasoned, Pauline and Michael remain amateurs. In time their foolish quarrels take their toll. Even when they find themselves, almost thirty years later, loving, instant parents to a little grandson named Pagan, whom they rescue from Haight-Ashbury, they still cannot bridge their deep-rooted differences. Flighty Pauline clings to the notion that the rifts can always be patched. To the unyielding Michael, they become unbearable. From the sound of the cash register in the old grocery to the counterculture jargon of the sixties, from the miniskirts to the multilayered apparel of later years, Anne Tyler captures the evocative nuances of everyday life during these decades with such telling precision that every page brings smiles of recognition. Throughout, as each of the competing voices bears witness, we are drawn ever more fully into the complex entanglements of family life in this wise, embracing, and deeply perceptive novel.

"Ben Jelloun is arguably Morocco's greatest living author, whose impressive body of work combines intellect and imagination in magical fusion." --The Guardian In *The Happy Marriage*, the internationally acclaimed Moroccan author Tahar Ben Jelloun tells the story of one couple--first from the husband's point of view, then from the wife's--just as legal reforms are about to change women's rights forever. The husband, a painter in Casablanca, has been paralyzed by a stroke at the very height of his career and becomes convinced that his marriage is the sole reason for his decline. Walled up within his illness and desperate to break free of a deeply destructive relationship, he finds escape in writing a secret book about his hellish marriage. When his wife finds it, she responds point by point with her own version of the facts, offering her own striking and incisive reinterpretation of their story. Who is right and who is wrong? A thorny issue in a society where marriage remains a sacrosanct institution, but where there's also a growing awareness of women's rights.

And in their absorbing struggle, both sides of this modern marriage find out they may not be so enlightened after all. Spanning eight decades and chronicling the wild ride of a Greek-American family through the vicissitudes of the twentieth century, Jeffrey Eugenides' witty, exuberant novel on one level tells a traditional story about three generations of a fantastic, absurd, lovable immigrant family -- blessed and cursed with generous doses of tragedy and high comedy. But there's a provocative twist. Cal, the narrator -- also Callie -- is a hermaphrodite. And the explanation for this takes us spooling back in time, through a breathtaking review of the twentieth century, to 1922, when the Turks sacked Smyrna and Callie's grandparents fled for their lives. Back to a tiny village in Asia Minor where two lovers, and one rare genetic mutation, set our narrator's life in motion. *Middlesex* is a grand, utterly original fable of crossed bloodlines, the intricacies of gender, and the deep, untidy promptings of desire. It's a brilliant exploration of divided people, divided families, divided cities and nations -- the connected halves that make up ourselves and our world.

A social worker struggling to keep the peace with her increasingly volatile husband for the sake of their children finds herself fighting for her life in the hospital after his temper gets the best of him one rainy day. By the best-selling author of *The Comfort of Lies*. 50,000 first printing.
