In Altered and Unfinished Lives, Eleonora Kimmel has written one of her most intriguing and challenging books. Included are many factual examples of some of the most striking accident-prone combinations in all of Cosmobiology. The traditional astrologer will be totally amazed at how the catastrophic combinations fit into the natal, solar arc directed and transit charts. Never before have such tragic man-made events - beyond the control of the individuals involved - been included in a single volume that clearly and definitively explains the Cosmobiological influences active at the time. The examples clearly show the malefic planetary influences that were aligned in frightening patterns at each event. Astrologers will have a new and exciting tool to enhance their skills and make far better projections with the structure patterns in their interpretations. Eleonora Kimmel is the author of Patterns of Destiny, Fundamentals of Cosmobiology and Cosmobiology for the 21st Century.

They point to where the energy-expenditure should be directed, how it should be channeled, and the associations which will enhance the demonstration of success. Once you experiment with the use of cosmodynes, you will never give them up. Probably you'll wonder how you managed to do without them for so long.

Astrology provides intelligence to forecast and plan our actions in all manner of day-to-day concerns and I believe that major collective concerns, like seasons in the economy and war, benefit from the same treatment. I am an astrologer who has practiced Mundane astrology, the astrology of countries and their leaders, for three decades. This book has deep roots. Purposeful action towards a book began with an interview published February-March 2014 in the Dartmouth Alumni Magazine. During that interview, I pointed to specific Earth geography 35° North latitude/50° East longitude, where the U.S. would face major concerns up through 2022, when events peak for U.S. foreign interests. A look at a map of these map coordinates and knowledge of the recent history of American focus on the region, since my Dartmouth interview, speaks volumes. My project introduces an astrologically derived pattern, which I discovered and named a "War Impulse Pattern" (WIP) in 2014. This International WIP pattern has eighteen astrologically determined branches, some major, others minor. I unpack the logic of my WIP branches and lay them out in map form. Within designated zones of the branches of the WIP, I make the case, that all the major U.S. military conflicts, from 1776 to 2018, have been fought on geography marked by the WIP. Furthermore, in addition to accurately forecasting where events will occur, the three planets making up the WIP serve as timekeepers for when U.S. military forces will deploy. I have applied my innovations with Astro*Carto*Graphy®, a lens of relocation astrology, to banks, hurricanes, man-made disasters, national security and war. My research journey over the past 4 years has lead me from one surprise to another. For example, I have discovered that the entire U.S. Global Positioning Satellite (GPS) structure, a critical component of modern U.S. warfare, was set up within the WIP branches, some mere specks of land in the middle of vast oceans. This first of three books, prepares the WIP. Book Two, now in the final stages, gives chronological, compelling examples of U.S. wars from 1776 to 2018, noting that the battlefields aligned to the WIP and were susceptible to astrological timing. My vision for Book Three is an over-sized book of annotated and creatively presented maps supporting creative thinking and exercising the reader's spatial intelligence. I offer this War Impulse Pattern (WIP) – Primer to Not on the Map book for those seeking a more sophisticated understanding of America at war. I offer practical, but strategic intelligence 'not on the map' of orthodox views of reality. How and why the WIP works is demonstrated. Most of the facts of the WIP are grounded in mainstream understanding. While I have taken years to prepare these books, the need for the WIP intelligence is urgent. A look at what's been happening all along 35° North, a belt wrapped around the Earth sweeping today's conflict zones in Syria, Iraq, Iran (particularly Tehran near 50° East), Kurdistan, Afghanistan, Pakistan, China, Korea, and Japan reveal that my WIP lens has been brought to a sharp focus – to mastery.

The horoscope is a map of the heavens at any particular time, usually at the birth of a person. An important aspect to consider when creating charts is the Midheaven. Before computers it was a vital computation in setting up horoscopes. Curiously, many astrologers ignore this point in their interpretations. During over twenty-five years as a professional astrologer, Stephanie Jean Clement, Ph.D., has emphasized that no point of a chart is unimportant. She reveals what she has learned in The Power of the Midheaven. Attention to the Midheaven can revolutionize your understanding of astrology. If you are an astrologer, you need the information in this book to make your readings more complete and to have a full understanding of a chart. The Midheaven indicates what we know about ourselves. The primary form of analysis is to examine the sign the Midheaven is in. For example, people with Leo Midheavens set their goals high and have the staying power to achieve them. They want to rise to the top socially (Jacqueline Kennedy is an example, as is Grace Kelly). They are self-confident, generous, know they are fine leaders, and have organizational capability — but may not be able to admit their own shortcomings. A Leo Midheaven is the master of control and free will, and achieves spiritual enlightenment by knowing that the physical body is necessary. Dr. Clement points out that both Charlie Chaplin and Adolf Hitler have a Leo Midheaven (they were born within days of each other). She gives quotes showing how they used their wills to control people, and both worked hard to eventually reach the top. Obviously, they were quite different people, but the way they achieved their goals was similar. Chaplin actually experienced his first movie-making disappointment with "The Little Dictator," a film about Hitler. This book covers the Midheaven through all the signs. It also includes planets in aspect, transits, and much more. If you are an astrologer, or if you are at all interested in your horoscope, you need this book.

Horoscopes of Latin America is Marc Penfield's fifth book on countries of the world, each arranged by continent. This encyclopedic tome is divided into four sections: Mexico, the Caribbean, Central America and South America. It's the definitive work on 40 countries and colonies that make up this part of the world. Most countries, except the Caribbean, declared their independence from Spain or Portugal over a brief period of time. Some became monarchies (Mexico and Brasil) while others joined forces with other countries for a while. The nations of Central America (except Panama) bear close scrutiny as they gained their freedom at the same moment in time; their birth dates are identical, but when the charts are relocated there are some major differences, especially for Costa Rica. Marc Penfield outlines the basic character of the Latin American people by delineating the chart for Isabela, the oldest European settlement in the western hemisphere. Charts for over 130 cities have been included, most of them for their founding date, a few for their charter date. Progressed aspects to the angles for each city and country are shown, which makes this book a valuable teaching tool for students learning the mundane, or geopolitical, branch of astrology.

Illustrates how aspects can offer a profound depiction of an individual and his or her destiny. • Contains comprehensive sections full of interpretations for every planetary combination. • Concepts are explained through the use of actual birth charts and diagrams. • A core textbook at the Faculty of Astrological Studies in London. Aspects are an essential piece of the astrological puzzle when it comes to interpreting and using the information that astrology can give us. It is not enough to know the placement of the planets on the horoscope. It is the relationships between the stars and planets that let us grasp the destiny of the individual. Aspects describe the drama of our lives--the complex configurations that influence what will happen to us over time. Sue Tompkins, a fellow of the Faculty of Astrological Studies in London, shows how to interpret aspects when doing daily astrological readings. She uses the lives of real people to plot the aspects and offers examples of every possible planetary combination. Detailing the influence of oppositions, trines and elemental trines, and cardinal, mutable, and fixed crosses, Tompkins shows how aspects provide the energy in the chart that transforms the horoscope

into something symbolizing an alive and vital human being. With Aspects in Astrology, Tompkins provides both the novice and the experienced astrologer the evidence and concrete methods needed to grasp the vast knowledge offered to us by our horoscope.
