*Trumpbook* Naresh Vissa,2017-10-23 WARNING! THE CONTENT IN THIS BOOK IS CONTROVERSIAL AND MAY BE CONSIDERED OFFENSIVE OR DISTURBING TO DIGITAL LIBERALS. READER DISCRETION IS ADVISED. The Election of 2016 was a wake-up call to intolerant digital liberals. They were delusional enough not to see Donald Trump's victory coming. The results made nearly half the country laugh, smile and proud. Donald Trump was not elected by his voters. It was his biggest detractors - mainstream liberal news media, loudmouth liberals, and digital liberals alike - who built up his support to keep his campaign running. Through real Facebook posts and rigorous primary and secondary research, TRUMPBOOK explains how President Trump's haters were actually his biggest supporters. Chapter subjects include: - How digital liberals elected President Donald Trump - Why do Kanye West and other African-Americans support Donald Trump? - Why so many Indian-Americans support Donald Trump - Why Melania Trump will make American women hot again - Why Colin Kaepernick and other athletes kneeling during the national anthem doesn't do anything for anyone - Why NBA coaches Steve Kerr, Gregg Popovich, and Stan Van Gundy should shut their mouths about politics - Why Meryl Streep, George Clooney, Leonardo DiCaprio, and Hollywood should shut their mouths about politics - 5 ways to defeat Trump in 2020 - The craziest Trump-related Facebook posts you'll ever see If you have felt bullied by reading political posts on Facebook and other social media, or if you think your friends hate you just because of your political views or choices, then TRUMPBOOK is for you. Hopefully, this book will resonate with your situation and give you the vote of support that you're not alone.

Become the Brand of Choice Jason Hartman,2000 Why take the time for building relationships rather than chasing those hot, new leads? Because you'll make more money, consistently, overtime...and enjoy doing it! Creating clients for life is a proven way to increase your bottom line. Become The Brand Of Choice is for everyone in business and for every type of business.

Profitable Podcasting Stephen Woessner,2017-09-14 Did you know there's a much better tool for spreading influence and generating revenue--one with far less competition? Build a predictable recurring revenue engine.

**Introduction to Podcast Technology** David Power, 2016-08-28 What Podcasting 'Gurus' Don't Tell You But you absolutely must know before starting a podcast... One podcasting authority suggests Technology isn't important. Another sums up the entire podcast creation process in a four-minute video. A third insists you can podcast without money, gear or experience. None of them take the time to explain what the buttons, dials and lights all mean -- they leave you to figure out the techie stuff on your own. Introduction to Podcast Technology is different. It acknowledges that technology is not the most important aspect of podcasting. But instead of trying to convince you everything is easy, the book guides you through each stage of the podcast creation process in detail and offers precise, step-by-step instructions on the essential tools and techniques you need to record, produce and launch a podcast. Here are just a few of the topics covered in Introduction to Podcast Technology: How to tell the difference between a good recording room and a bad one (and how to avoid wasting time and money when improving a bad room.) Learn the two main types of microphones and why only one of them is appropriate for most podcasters. Discover the difference between an audio interface and an audio recorder (and which to choose if you can only afford one or the other.) Discover the one recording accessory that can make the biggest improvement in the quality of your recordings. (You'll be surprised how inexpensive this one is.) How to configure free software (used by a lot of podcasting pros) to convert master recordings to MP3 format. Learn what to look for (and look out for) when choosing a media host. Discover the most effective method to get your show listed in the iTunes podcast directory. Book owners also receive FREE enrollment in a 15-day companion video course. Look over the author's shoulder as he breaks down complex podcasting topics including: equalization, compression, MP3 encoding, navigating a media host's dashboard, and much more. Whether you're an aspiring podcaster who's intimidated or overwhelmed by technology, or an experienced professional looking for new production techniques, Introduction to Podcast Technology offers exactly what you need. Don't let technology stand in the way of sharing your knowledge, passion and voice with the world. Click the [Buy now...] button and start reading Introduction to Podcast Technology today!

*The Conversion Code* Chris Smith, 2016-03-07 If you need more traffic, leads and sales, you need *The Conversion Code*. Neil Patel co-founder Crazy Egg We've helped 11,000+ businesses generate more than 31 million leads and consider *The Conversion Code* a must read. Oli Gardner co-founder Unbounce We'd been closing 55% of our qualified appointments. We increased that to 76% as a direct result of implementing *The Conversion Code*. Dan Stewart CEO Happy Grasshopper The strategies in *The Conversion Code* are highly effective and immediately helped our entire sales team. The book explains the science behind selling in a way that is simple to remember and easy to implement. Steve Pacinelli CMO BombBomb Capture and close more Internet leads with a new sales script and powerful marketing templates *The Conversion Code* provides a step-by-step blueprint for increasing sales in the modern, Internet-driven era. Today's consumers are savvy, and they have more options than ever before. Capturing their attention and turning it into revenue requires a whole new approach to marketing and sales. This book provides clear guidance toward conquering the new paradigm shift towards online lead generation and inside sales. You'll learn how to capture those invaluable Internet leads, convert them into appointments, and close more deals. Regardless of product or industry, this proven process will increase both the quantity and quality of leads and put your sales figures on the rise. Traditional sales and marketing advice is becoming less and less relevant as today's consumers are spending much more time online, and salespeople are calling, emailing, and texting leads instead of meeting them in person. This book shows you where to find them, how to engage them, and how to position your company as the ideal solution to their needs. Engage with consumers more effectively online Leverage the strengths of social media, apps, and blogs to capture more leads for less money Convert more Internet leads into real-world prospects and sales appointments Make connections on every call and learn the exact words that close more sales The business world is moving away from belly-to-belly interactions and traditional advertising. Companies are forced to engage with prospective customers first online—the vast majority through social media, mobile apps, blogs, and live chat—before ever meeting in person. Yesterday's marketing advice no longer applies to today's tech savvy, mobile-first, social media-addicted consumer, and the new sales environment demands that you meet consumers where they are and close them, quickly. *The Conversion Code* gives you an actionable blueprint for capturing Internet leads and turning them into customers.
