Poemas De Amor Y Locura

Translations From The Spanish

The Sufi mystic and poet Jalaluddin Rumi is most beloved for his poems expressing the ecstasies and mysteries of love in all its forms—erotic, platonic, divine—and Coleman Barks presents the best of them in this delightful and inspiring collection. Rendered with freshness, intensity, and beauty as Barks alone can do, these startling and rich poems range from the "wholeness" one experiences with a true lover, to the grief of a lover's loss, and all the states in between: from the madness of sudden love to the shifting of a romance to deep friendship to the immersion in divine love. Rumi, the ultimate poet of love, explores all "the magnificent regions of the heart," and he opens you to the lover within. Coleman Barks has made this medieval, Persian-born (present-day Afghanistan) poetic and spiritual genius the most popular poet in America today. This seductive volume reveals Rumi's charms and depths more than any other.

A sensuous collection of love poetry by some of the world's finest poems ranges from the biblical Song of Songs to the works of such acclaimed contemporary poets as W. S. Merwin, Gerald Stern, and Harvey Shapiro. Original.

combined with his novel, a masterpiece of irony and dark humor! Bedrettin Simsek, the heterodox author of Turkish literature, whose first work 'The Sermon Book Of The False Prophet' came out in 1996, combines his identity as a poet with his identity as a novelist in his book 'Is Love a Madness?' in which he addresses an even more bizarre situation that arises as a result of a bizarreness of the human soul. By making the poem a part of the novel and with his ability to create situations that can be both tragic and funny at the same time, he reveals a unique work in literary fiction.

The first full-length collection in English by one of Latin America's most significant twentieth-century poets. Revered by the likes of Octavio Paz and Roberto Bolano, Alejandra Pizarnik is still a hidden treasure in the U.S. *Extracting the Stone of Madness: Poems 1962–1972* comprises all of her middle to late work, as well as a selection of posthumously published verse. Obsessed with themes of solitude, childhood, madness and death, Pizarnik explored the shifting valences of the self and the border between speech and silence. In her own words, she was drawn to "the suffering of Baudelaire, the suicide of Nerval, the premature silence of Rimbaud, the mysterious and fleeting presence of Lautréamont," as

"Set on the Greek island of Cephallonia during World War II, this is the story of a beautiful young woman and her two suitors: a gentle fisherman turned ruthless guerrilla, and the charming mandolin-playing head of the Italian garrison on the island."--Provided by publisher.

As do I is a blend of Cheerfully Melancholic poetry and micro-poetry. Cheerfully Melancholic is something I coined to describe the nature of breathing sorrow and exhaling joy with such ease that it becomes difficult to identify where one ends and the other begins. Everything within this book is filled with that sentiment and encourages the reader to come down to a level at which their darkest sides reside while simultaneously lifting them to match the transcendent tone found within each theme. This process will gently massage the readers understanding of their own happiness and the journey we all share to borrow a little more.

One of the most recognizable poets of the last century, Charles Bukowski is simultaneously a common man and an icon of urban depravity. He uses strong, blunt language to describe life as he lives it, and through it all charts the mutations of morality in modern America. *Sifting Through the Madness for the Word, the Line, the Way* is a treasure trove of confessional poetry written towards the end of Bukowski's life. With the overhang of failing health and waning fame, he reflects on his travels, his gambling and drinking, working, not working, sex and love, eating, cats, and more. *Sifting Through* is Bukowski at his most meditative – published posthumously, it's completely non-performative, and gets to the heart of Bukowski's lifelong pursuit of natural language and raw honesty. We recommend you read this as Bukowski wrote: by sifting through the madness for what hits you as the word, the line, the way.

An “astounding” (Terrance Hayes) debut collection of poems – Winner of the National Poetry Series Competition In this - powerful debut collection, Sam Sax explores and explodes the linkages between desire, addiction, and the history of mental health. These brave, formally dexterous poems examine antiquated diagnoses and procedures from hysteria to lobotomy; offer meditations on risky sex; and take up the poet's personal and family histories as mental health patients and practitioners. Ultimately, *Madness* attempts to build a queer lineage out of inherited language and cultural artifacts; these poems trouble the static categories of sanity, heterosexuality, masculinity, normality, and health. Sax's innovative collection embodies the strange and disjunctive workings of the mind as it grapples to make sense of the world around it.

Intense poetry concerning the themes of madness, romance, and history.

...In this *Madness* is a collection of poetry that explores the individual and their relationship with romantic love. It puts a spotlight on the commercially packaged idea of love and turns it on its head by presenting the heartache before the joy. The themes of love, heartbreak, mental health and healing, which are presented throughout the book, exemplify the effect this has on our inner light. When we are in moments of despair and pain, our light flickers, but when we have a strong sense of self and exude self-

love, we illuminate the darkness.

Love and Madness is a collection of love poems written during the hardest years of my life.

Happiness, sadness, insanity, and peace are the moments that are the most significant parts of love and life. Experiencing these moments, no matter how temporary they were, made the painful moments of my life easier to bear.

The book is composed of a series of poems written primarily over the last ten years. They deal with love, death, mental illness, human weakness, human strength, art, and how the poet perceives his life, the world, and the lives of others. The poems are rich in their imagery. Their tone is often tense and edgy.

The poems bristle with images of extraordinary power and invention, captured perfectly with the lush darkness and verbal acceleration at the center of the Spanish literary tradition. Popular in queer communities, anti-war organizations, college campuses and women/gender studies programs, Andrea Gibson's second book of poems, *The Madness Vase*'s topics range from hate crimes to playgrounds, from international conflict to hometowns, from falling in love to the desperation of loneliness. Gibson's work seizes us by the collar and hauls us inside some of her darkest moments, then releases out the other side.

Moments later, we find ourselves inhaling words that fill us with light. Their luminous imagery is a buoy that allows us to resurface from their world, clutching new possibilities of our own, and linger in our psyches and entreat us to action. They challenge us to grow into our own skin. By the time you finish reading *The Madness Vase*, you too will believe, "Folks like us/We've got shoulder blades that rust in the rain/But they are still G-sharp/Whenever our spinal chords are tuned to the key of redemption/So go ahead world/Pick us/To make things better."
