Why do poor and minority students under-perform in school? Do computer games help or hinder learning? What can new research in psychology teach our educational policy-makers? In this major new book, Gee tackles the 'big ideas' about language, literacy and learning, putting forward an integrated theory that crosses disciplinary boundaries, and applying it to some of the very real problems that face educationalists today.

Situated Language and Learning looks at the specialist academic varieties of language that are used in disciplines such as mathematics and the sciences. It argues that the language acquisition process needed to learn these forms of language is not given enough attention by schools, and that this places unfair demands on poor and minority students. The book compares this with learning as a process outside the classroom, applying this idea to computer and video games, and exploring the particular processes of learning which take place as a child interacts with others and technology to learn and play. In doing so, Gee examines what video games can teach us about how to improve learning in schools and engages with current debates on subjects such as 'communities of practice' and 'digital literacies'. Bringing together the latest research from a number of disciplines, Situated Language and Learning is a bold and controversial book by a leading figure in the field, and is essential reading for anyone interested in education and language.

Initially developed in Japan by Nintendo as a computer game, Pokémon swept the globe in the late 1990s. Based on a narrative in which a group of children capture, train, and do battle with over a hundred imaginary creatures, Pokémon quickly diversified into an array of popular products including comic books, a TV show, movies, trading cards, stickers, toys, and clothing. Pokémon eventually became the top grossing children's product of all time. Yet the phenomenon fizzled as quickly as it had ignited. By 2002, the Pokémon craze was mostly over. Pikachu's Global Adventure describes the spectacular, complex, and unpredictable rise and fall of Pokémon in countries around the world. In analyzing the popularity of Pokémon, this innovative volume addresses core debates about the globalization of popular culture and about children's consumption of mass-produced culture. Topics explored include the origins of Pokémon in Japan's valorization of cuteness and traditions of insect collecting and anime; the

efforts of Japanese producers and American marketers to localize it for foreign markets by muting its sex, violence, moral ambiguity, and general feeling of Japaneseness; debates about children's vulnerability versus agency as consumers; and the contentious question of Pokémon's educational value and place in school. The contributors include teachers as well as scholars from the fields of anthropology, media studies, sociology, and education. Tracking the reception of Pokémon in Japan, the United States, Great Britain, France, and Israel, they emphasize its significance as the first Japanese cultural product to enjoy substantial worldwide success and challenge western dominance in the global production and circulation of cultural goods.

Contributors. Anne Allison, Linda-Renée Bloch, Helen Bromley, Gilles Brougere, David Buckingham, Koichi Iwabuchi, Hirofumi Katsuno, Dafna Lemish, Jeffrey Maret, Julian Sefton-Green, Joseph Tobin, Samuel Tobin, Rebekah Willet, Christine Yano  
Use this official guide for either Pokémon ultra sun or Pokémon ultra moon to experience even more adventures as you battle the dark shadow that threatens the light of Alola!

Oui, the mystery of the missing Pink Panther Diamond is as good as solved! Only one question remains: Who stole the Pink Panther Diamond? A famous coach is murdered in a crowded stadium. His most-prized possession—a ring set with the stunning Pink Panther Diamond—has vanished in the melee. The French government needs a master detective on the case, but the head of the Paris Police Bureau is unwilling to jeopardize his chances for the Medal of Honor with such a difficult, high-profile assignment. Surely Inspector Jacques Clouseau, a clumsy provincial gendarme with a knack for ignoring the obvious, could fill in without upstaging his superiors. Within seconds he proves his genius by narrowing the list down to just 60,000 suspects! Pink Panther fans know Clouseau will recover the missing gem, bring a killer to justice, restore a Republic's damaged pride, and win the gratitude of an adoring nation. And he'll attempt to beguile the beautiful singer rumored to be at the center of the whole felonious affair. But the real mystery is how the bumbling detective will actually do it!

It is somewhat astounding that a gender gap continues to exist today in the United States and worldwide. Girls and women face educational roadblocks, economic disparity, threats to their health and safety, and biased laws. How can such treatment of the world's mothers, sisters, wives, and daughters be permitted? This enlightening anthology presents a range of diverse viewpoints about the gender divide between men and women. Readers will learn the effects that culture and gender constructs have on this gap, and why it is an issue that concerns both women and men.

Praise for the Webby Award-winning newsletter: "I eagerly read 'Now I Know' every day. It's always fresh, always a surprise, and always interesting!" --Jimmy Wales, founder of Wikipedia and Wikia Did you know that there are actually 27 letters in the alphabet, or that the U.S. had a plan to invade Canada? And what actually happened to the flags left on the moon? Even if you think you have a handle on all things trivia, you're guaranteed a big surprise with Now I Know. From uncovering what happens to lost luggage to New York City's plan to crack down on crime by banning pinball, this book will challenge your knowledge of the fascinating stories behind the world's greatest facts. Covering 100 outrageous topics, Now I Know is the ultimate challenge for any know-it-all who thinks they have nothing left to learn.

Heb je al wat met C# gewerkt? Weet je hoe loops en arrays werken? Maar wil je nu naar het volgende level gaan?! In dit boek gaan we de object oriented programming (OOP) tour op en ontdekken we de magische, maar soms abstracte wereld van klassen, objecten, interfaces en polymorfisme in C#. De zijwieltjes worden er af gehaald en het wordt tijd om complexere applicaties te ontwikkelen. Het vervolg op Zie Scherp.

The case that captivated a nation and inspired the Netflix series Crime Scene: The Vanishing at the Cecil Hotel! A Fortune Magazine "Most Anticipated Books of 2020" Selection A Goodreads Featured Release for February 2020 Oxygen's List of "Best True Crime Books of 2020" Selection "The Cecil Hotel in Los Angeles is a palpable presence in Gone at Midnight. Given the checkered history of the Cecil Hotel (which was recently named to the Los Angeles registry of historic landmarks), I wouldn't rule out Jack the Ripper." —The New York Times "Outstanding...true crime buffs won't want to miss this gripping search for the truth." —Publishers Weekly STARRED REVIEW A Los Angeles hotel with a haunting history. A missing young woman. A cold-case mystery that has become an internet phenomenon—and for one determined journalist, a life-changing quest toward uncomfortable truths. Twenty-one-year-old student Elisa Lam was last heard from on January 31, 2013, after she checked into downtown L.A.'s Cecil Hotel—a 600-room building with a nine-decade history of scandal and tragedy. The next day, Elisa vanished. More than a week later, complaints by guests of poor water quality led to a grim discovery: Elisa's nude body floating in a rooftop water tank. The only clue was a disturbing surveillance video of Elisa, uploaded to YouTube in hopes of public assistance. As the video went viral, journalist Jake Anderson set out to uncover the facts. In Gone at Midnight he chronicles eye-opening discoveries about who Elisa Lam really was and what—or whom—she was running from, offering stunning new insights into one of the most chilling and obsessively followed true crime cases of the century. "Extremely detailed and featuring new evidence. . . . Anderson's thorough research and passionate writing make a fascinating read." —Booklist "Riveting . . . scary, compelling . . . and expertly told." —M. William
