The Pope discusses his background, the foundations of his faith, his position on spiritual and moral issues of the day, and his visions for the future of the Church and the world. Available for the first time in English, the private reflections of the modern pope recently elevated to sainthood—deeply personal writings that reveal a spiritual leader who agonized over his service to God, continually questioning whether he was doing enough. As the head of the Roman Catholic Church for twenty-five years, from the final decades of the twentieth century to the first years of the new millennium, Pope John Paul II significantly impacted our world. As famous as a rock star, this powerful leader who conferred with numerous heads of state was the ultimate model of wisdom and religious commitment for numerous Catholics around the globe. Throughout much of his adult life, from 1962 until two years before his death in 2003, John Paul II kept a series of private diaries in which he disclosed his innermost thoughts, impressions, and concerns. Written in his native Polish and never before available in English until now, these journals provide intimate and deeply moving insight into a man, a priest, and a saint's spirituality and a life devoted completely to God. In *God's Hands* lays bare the soul of this powerful, influential statesman, revealing a devout man untouched by his celebrity status; a selfless servant of God who spent decades questioning whether he was worthy of the role he was called to carry out. Over forty years, from his bishopric in Krakow to his election to the papacy to his final years, one question guided him: "Am I serving God?" Entrusted to his personal secretary—who defied John Paul II's instructions to burn them after his death—these notebooks provide us with a privileged glimpse into the life of a humble man who never took for granted his mission or his exalted role in the church and in the world.

The Holy Father's third encyclical focuses on "the dignity and rights of those who work." A collection of the poetry Pope John Paul II wrote throughout his life, from his studies as a seminarian during the German occupation of Poland, to his historic election to the papacy, from which he transformed the Catholic Church and the world. It was only after Karol Wojtyla was elected pope that his poetry came to worldwide attention. For years the verse that he had been composing since 1939 had been published under pseudonyms in his native Poland. After his election as Pope John Paul II in 1978, Wojtyla was identified as the poet and editions of his work were published around the world. This collection represents all of the poems written by the pope between 1939 and 1978, in a translation by Jerzy Peterkiewicz that is the only English one authorized by the Vatican. Wojtyla wrote throughout his adult life, while he was a worker, a student, a priest, and a bishop, and his verse reflects the concerns of a man with a spiritual mission in a country that came under Communist control after the war. Lyrical and often allegorical, *The Place Within* demonstrates Wojtyla's development both as a man of God and as an artist. On their original publication in 1982, the *Catholic Herald* said, "These poems are astonishing for their luminous imagery, their rhythmic range, and, above all, for their penetrating imagination." *The Place Within* stands as a perfect introduction to the thought and inspirations that have formed and guided one of the most beloved popes of modern times. Originally published in Polish in 1960, *Love and Responsibility* is Karol Wojtylas groundbreaking book on human love. In this classic work, Wojtyla explains relationships between persons, especially concerning sexual ethics, in the perspective of the true meaning of love. Grzegorz Ignatik, a native Polish speaker, has translated the 2001 version of the text, which includes revisions made by Blessed John Paul II himself of the original 1960 edition, providing helpful notes and defining key terms.

God, especially in the modern age. He continues his discussion of world problems that was first began in Redeemer of Man, teaching that love informed by God's mercy is the only response to these situations. He appeals to the world's population to turn to the mercy of the Father, and to find in God's love a refuge from the impersonal, technologically-driven world we live in.

Pope John Paul II has had a profound theological and personal impact on Catholics and non-Catholics alike. In the scholarly tradition of Saint Augustine and Saint Thomas, he has found a new unity between faith and reason. The study of God, says John Paul, is also the study of humanity. He has come to vigorously insist on the rights and dignity of each human person, and on the divine importance of the family. John Paul teaches that the keystone of Christian living today is the communion of persons which is the family. *Covenant of Love* conveys this central message of his pontificate. It explores the influence of Christ on the modern family, human intimacy, and sexuality and illustrates the Pope's response to the violations of that familial communion: materialism, sterilization, pre-marital sex, abortion, polygamy, adultery and lust, contraception and artificial conception, and homosexuality.
