From a semi-professional poker player, a guide to playing and winning the biggest game in town. If you've never tried Pot-Limit Omaha, you're missing out on the most exciting, most lucrative cash game around. Omaha has long been the most popular form of poker in Europe, and now it's spreading like wildfire throughout North America. The reason is simple: Omaha offers more action and bigger pots than Texas Hold 'em. Isn't it time you got in on it? Whether you're a cash-game professional or poker hobbyist—and whether you play live or

online—this book will arm you with a winning big-play strategy that's easy to master even if you've never played Omaha before. You'll discover the subtle distinctions that set Omaha above other games. Key topics include: • The Big Play Objectives • The Power of the Big Draw • Straight Draws and Starting Hand Construction • Playing the Position Game • Limit Omaha Hi/Lo and Pot-Limit Omaha Hi/Lo Complete with practice situations and hand quizzes, this is the most comprehensive Omaha book available—and the only one you'll ever need. “A great addition to poker literature.”—Bob Ciaffone, author of Omaha Poker “Everything you wanted to know about the game but never asked.”—Lou Krieger, author of Hold ‘Em Excellence

Welcome to the wonderful world of Pot Limit Omaha With four hole cards instead of two, PLO is a far more nuanced poker game that rewards greater skill more emphatically than No-Limit Hold'em. This makes it a very profitable game for serious players - especially when playing small stakes where recreational players consistently make expensive pre-flop and post-flop mistakes. Mastering Small Stakes Pot-Limit Omaha is a thoroughly comprehensive book that will give you all the tools you need to gain a huge edge at lower stakes play. Fernando "JNandez87" Habegger is a professional player and leading PLO coach with his own training site at JNandezPoker.com. He has trained hundreds of players to become successful at PLO. Mastering Small Stakes Pot-Limit Omaha will teach you how to develop a very solid PLO gameplan, with an emphasis on understanding the common mistakes made at small stakes and developing clear strategies to exploit them. As well as teaching you everything you need to know about cash game strategy, this book also teaches you how to adjust to live play and PLO tournaments. Further topics include building the right improvement habits, dealing with variance, and managing your PLO bankroll.

Take poker online the fun and easy way! Five years ago, 50 million people were playing poker recreationally or professionally. Now that number is more than 100 million, including a huge influx of young people. Online betting is up nearly four-fold over the past year, with total wagers running over \$30 billion. Winning at Internet Poker For Dummies provides the lowdown on the hottest game around, highlighting the best sites and virtual games and showing how to make secure online bets. The book covers setting up an account, securing funds, navigating a basic online poker game, using Internet abbreviations and lingo, observing online poker etiquette, playing popular online poker games such as Texas Hold 'Em and Omaha, devising a winning strategy, and participating in tournaments.

One of the most daunting moments in a poker player's career occurs when he realizes his knowledge of how to play a specific hand well is incomplete without the additional understanding of how to play every other hand in his range well. This task would be impossible

if a player had to actually think about every other hand in his range, but by understanding theoretical sound poker, he can quickly design balanced ranges using the proper bet-sizing while playing. Applications of No-Limit Hold 'em teaches theoretical sound poker, and thus the ability to create the bet-sizings and ranges which will beat the better players. The theory in this book is not designed to be complex or abstract, but rather it's intended to be applied immediately producing better overall results. Many confusing concepts such as overbetting, balancing multiple bet-sizing ranges, donk betting, and check-raising as the preflop raiser are crucial to a player's strategy despite few players implementing them or talking about them. And after reading this book, you should be able to not only conceptually understand these ideas, but also know how to begin incorporating them into your game, and thereby successfully compete against tough opponents.

1. This book contains the secret framework where I used the style of play in PLO cash games to take down online poker at Lock Poker until the room shut down, a small 50 dollar deposit had become over 10,000USD. 2. There are many secret frameworks and playing styles provided in the book which can take you from zero to a million dollars fast in Pot Limit Omaha. 3. Several professional poker players who have gone bust have focused on PLO to regain their riches and in this fast game if you are skilled enough money comes fast! 4. These are poker secrets which could give you an edge of 2 to 5 percent in the games, enough to make you six figure wins in your local poker rooms in PLO, some frameworks will apply to NLHE also. This book contains all the Pot Limit Omaha secrets which have allowed me to win over 40,000k USD in the past 5 months and these are all the secrets which I cannot share on my Youtube Channel Max King Poker Secrets. I can reveal all the secrets of Baccarat and Roulette on my YouTube Channel but if I reveal PLO secrets and the secret frameworks I use to crush the competition everyone will start using them. Let me tell you a story, there was a time when I was preparing for Chess Tournaments and taking training, I discovered a new kind of attack and when I would play online I started using the new attack and used that successfully in over 50 games and in just a period of 1 year I would notice that the online players had adopted my new attack as their tool. This is because everyone was reviewing their games and finding out new kinds of attacks and were able to successfully defend it. Now coming back to poker and Pot Limit Omaha, it is a very simple game to learn but complexity and the amount of secrets contained is immense, most players go with the theory that everything has been discovered and yet the secrets at any poker table are all waiting to be discovered, for example a tell is a kind of secret that if you discover could you reward with immense profits. There are several other secrets for example what kind of ranges opponents are using, this needs you to concentrate very carefully in the game. The amount of research and framework to process this kind of information at any live poker game is not built, you just hear Alec Torelli kind of players discuss a range narrowing funnel system but it is rudimentary. Now if these poker pros who have made millions of dollars are not going to reveal their poker secrets and frameworks because it would mean cutting into their profits. What you will learn in this? 1. Secrets to win over 1 million dollars from Pot Limit Omaha 2. Everything that you need to become a master in PLO 3. A short crisp, to the point and concise book that you can finish, but several readings are necessary to grab all the points in details. 4. It would be better if you buy paperback version so that you can have it handy and also note down few points. 5. The Q and A session with every reader is going to be extremely rewarding and you know that the author is learned and has a long history of poker. 6. The best smallest investment in poker that is going to give you a big edge and hopefully make a big positive difference in your bank account over the next year! 7. Never stop learning, learn all the strategies which allowed Max King to travel the world and play in over a dozen locations around the world and different geographies and learn from his extremely vast experience!

For every PLO player this is a must read book. Update (It contains the latest and the biggest tournament of PLO the WSOP's 10,000\$ Pot Limit Omaha Main Event which has some of the world's best players like Jason Mercier, Dan Smith, check out the amazing hands and see if you can follow the lines taken by these pros in winning close to a million dollars. Would the pros be able to escape the fury of Aces? Also contains how Mercier decimates his massive chip lead but still ends up finishing in 2nd place. Learn how you can follow in footsteps of Peterson to crack this tournament and win nearly a million dollars)) Order a physical copy of the book if your kindle device is not the latest or has a small screen size as there are a lot of images in this book and the equity examples contain a lot of information as they are taken from HM2 screenshots, just to make sure you can read all the material. In this book I have compiled all the lessons that my pupil learns the hard way playing PLO 50, PLO 100, PLO 200. In PLO you need to be aware of situations and be wary of dangerous situations that will increase swings and cause tilt. I am sharing actual hand screenshots from HM2 Hand re-player showing you the actual equity percentage of hand examples. I have shared over 50 examples that will go a long way in your understanding of the game. If you play Omaha hi/low, Omaha hi, or if you are an amateur or even a micro or small stakes professional player you would find the examples highly add to your understanding of the equity situations. Check if you know all of this, if you can answer all the questions that follow you probably do not need to read this book * Can you re-call a situation in which you had only 1% equity in the hand on the flop? Can you imagine such a scenario and with what hands this could take place? * Did you know that even with the best starting hand AAKK you could still have only 51% equity in the hand? * Do you play according to your stack size and keep in mind Stack to Pot Ratio? * Are you aware of Equity Complexities in a multi way pot? * Do you play PLO with pot commitment in mind? * Have you ever used Omaha Odds calculator, do you know the equity of the best hand versus a loose opponent's range? Even if you are an amateur and you are going to Vegas for fun you could still, get the gist of the game very quickly having to lose thousands of dollars. What's more you could even beat the pros and get them steaming and hitting the rail by the style that you will learn in this game. If however you are an online player, I am sure by watching the actual screenshots of hands with equity and key points you will learn some new things that will increase your net profits. In the last chapter I share real world examples from the high stakes games on Full Tilt Poker, I believe analyzing these hands will set you up to learn very precious

lessons worth thousands of dollars without losing the same dollar amount. It is always better to learn lessons from other's mistakes rather than from our own. Most of the examples are from USD 5/10\$ stakes and you should be able to play 25/50USD\$ blinds live and upto 5/10\$ blinds with much less variance and more profits, if you really take each lesson to heart. All of the information in this book is succinct and presented as a real world example so that the reader does not get confused. The material is succinct but provides lessons that would add thousands of dollars of profit to a learning reader who will play the game for years to come. This is yet another investment that will pay off big in the long run, the 2nd best investment to buying Hold'em Manager 2.

The first years of the poker boom were fueled by the interest in no-limit hold 'em tournaments. Recently, however, players have been gravitating to another, even more complex form of hold 'em - no-limit cash games. Harrington on Cash Games: Volume II continues where Volume I left off. In sections on turn and river play, Harrington explains why these are the most important streets in no-limit hold 'em, and shows how to decide when to bet or check, when to call or fold, and when to commit all your chips. In later sections, Harrington shows how to play a looser and more aggressive style, how to make the transition from online to live games, and how to extract the maximum profit from very low-stakes games. Volume II concludes with an interview with Bobby Hoff, considered by many the best no-limit cash game player of all times, who shares some of his secrets and insights.

Welcome to the wonderful world of Pot Limit Omaha! With four hole cards instead of two, PLO is a far more nuanced game than No-Limit Hold'em and one that emphatically rewards greater skill. This makes it a very profitable game for serious players – especially when playing at the small stakes where recreational players consistently make expensive prelop and postflop mistakes. Mastering Small Stakes Pot-Limit Omaha is a thoroughly comprehensive guide that will give you all the tools you need to gain a huge edge at lower stakes play. Fernando "JNandez" Habegger is a successful high stakes professional player and leading PLO coach with his own training site at PLOMastermind.com. He has trained hundreds of players to become successful at PLO. In Mastering Small Stakes Pot-Limit Omaha, prelop play is broken down by identifying nine different hand categories and analysing how hands within each of them are handled prelop. Postflop analysis is based around the powerful technique of the Four Pillars of Postflop Play. The combination of these two creates a powerful gameplan that constitutes a fast track route to domination at the lower stakes. Further topics include adjusting to live play, PLO tournaments, building the right improvement habits, dealing with variance, and managing your PLO bankroll.
