A collection of urban poetry, from an everyday man from south east London. Some are funny, some thought provoking, some personal, some coded and some quizzical! I sincerely hope you enjoy reading my book as much as I had writing it. Best wishes, Leonardo Etch

It is the study of how Thomas Paine's religious beliefs shaped his political ideology and influenced his political activism.

Renowned author Lesa Cline-Ransome and celebrated illustrator John Parra unite to tell the inspiring story of Ethel Payne, a groundbreaking African American journalist known as the First Lady of the Black Press. "I've had a box seat on history." Ethel Payne always had an ear for stories. Seeking truth, justice, and equality, Ethel followed stories from her school newspaper in Chicago to Japan during World War II. It even led her to the White House briefing room, where she broke barriers as the only black female journalist. Ethel wasn't afraid to ask the tough questions of presidents, elected officials, or anyone else in charge, earning her the title, "First Lady of the Black Press." Fearless and determined, Ethel Payne shined a light on the darkest moments in history, and her ear for stories sought answers to the questions that mattered most in the fight for Civil Rights.

"Words that may allow ones soul, body and heart to accept desire, passion and lust in the needs of the night. " -T. Sanders My Pen Pushes is collection of poetry about love, passion and heat, written from the depths of one man's soul. Author T. Sanders selected his purest collection of writing to reach the hearts of many. These moments of passion and desire during times when he allowed his mind, body and soul to write what was in the heart.

In the tranquil setting of an eerie night The thought of my love guides my pen with ease and swiftly strokes. Words and senses take over the moment and my soul is lifted to soar like an eagle's majestic flight in search of high ground. The echo of my heart repeating my deepest desires, pictures of past emotions render my mind, only to discover new and endless obsessions that create a balance between madness and sanity.

In this compelling sequel to Power Quest Book One: America's Obsession with the Paranormal, S. Douglas Woodward reveals the hidden history of Nazi infestation of American institutions after World War II. Beginning with the 1952 flying saucer flap over the nations capital and concluding with the CIA's clandestine mind control agenda of the 1950s-1970s, the reader is confronted with highly charged and seldom known facts. The story centers on America's erstwhile alliance with German fascism linked to the infamous personalities of Hitler's Nazi Party who escaped the war crimes trials at Nuremberg. In this second volume of Power Quest, The Ascendancy of Antichrist in America, Woodward brings to the reader the recently declassified proof our America has often shunned its most noble ideals. The author uncovers a vast record of unethical and deceptive Federal activities committed in Washington's darkened corridors of political power. Woodward condenses mountains of highly reliable research compiled by authoritative investigative journalists and insiders along with his own well-turned analysis, demonstrating that the political and spiritual evil of Nazism was often excused and encouraged by American officials as part of a blind quest to fight communism during the Cold War. Woodward makes no secret of his evangelical perspective. But Power Quest: The Ascendancy of Antichrist in America is not a selective proof texting of biblical assertions or a diatribe against liberal political views. His account is a factual his-tory that most Americans have never heard. For conservative Christian readers, Woodward speaks prophetically - challenging the cherished assumption held by political conservatives that America traditionally takes the moral high ground. And he poses an alternative view to the typical eschatological position, asking "Could America be the seat of power for a literal personage the Bible calls Antichrist?"

BreeAnna Barton was born right after WWII to loving parents and was the center of their world. Her life began as ordinary as the families of the hit TV shows during the 50's and 60's. By the time she was three years old however, a drastic change was beginning to take place in her secure little world. Bree wanted so much to be a normal, happy child and teenager but the word "normal" didn't seem to exist for her. Abused, time and again, both physically and mentally until she was eighteen years old, there seemed to be nothing but black clouds on her horizon. She rose each time with another ray of hope and strong determination, only to be beaten back down. Outsiders turn their heads as the brutality that takes place inside her home stays within those walls, never to be discussed or

shared by anyone involved. The rainbow was gradually fading from the clear blue sky of her dreams. As Bree's story unfolds, you'll hold your breath as she rides along with the changing winds, wanting to encourage her as she fiercely attempts to fight back against her attackers. She is courageous, determined, and through it all, still has the capacity to love. But, just how long and to what extent can these traits carry her? How much pain and suffering will this diminutive child's body be able to endure? Tiny bits of happiness are dashed as she rounds each corner, her journey reaching it's final destination.....

"It is a very difficult thing for a dedicated philosophy student to commend poetry because Philosophers tends to strip life naked in search of truth. Poets, on the other hand have a different approach, they unfold truth in the most soothing way without conceiving the impact entailed. This was remarkable when Sylvia decided to read one of her poems in my presence. It was essentially intriguing how engaging her poetic illustration of the empirical aspects of modern life connects and her uncanny understanding of the natural and global world. Sylvia's unique perspective intensely represents the meditative nostalgia required to embrace the challenges of impending elements.Sylvia is multitalented, but her poetic visions are vivid and unparallel. It remains without doubts that her contribution would be invaluable to both the contemporary and progeny. For an art so authentic escapes the slumber of a talent--pure and still latent,like the smell of a strong fresh coffee at dawn has always been here and nigh. I hope that Sylvia's exposure is punctual and witnessed by many." Sincerly, Wale Idris"Sylvia's poems are very unique compositions that embody strong messages, which are both enlightening and refreshing at the same time. Reading a selection of her poems brings a wealth of knowledge and inspiration. I recommend Sylvia's poems to both students and scholars of poetry and all those who seek wisdom." Rev. Canon Martin Oguike

Details the life and achievements of Booker T. Washington.

Hello, my name is Stuart Hardy-Taylor and I am a recovering alcoholic/addict whom has been saved by the grace of God. Thrown into a life of abuse, drink, drugs and underage sex, which would haunt every day of my life. Through the things I suffered as a child, I used substances to escape the restless taunting in my head from my past. Addiction cost my family, home, job, and almost life and nothing in this world could stop my drinking or taking drugs, until one day in my brokenness I cried out to God and shouted ""Please God help me I'm killing myself, I'm dying, can't you stop me drinking for just one day please?"" He answered me and told me to go to a soup kitchen at the church up the road to see an old friend who had turned to God some years before. These 50 poems recount my journey from addiction to recovery. I pray in faith and hope that these poems will touch hearts and give someone somewhere the hope to reach out in faith that God will answer and transform their lives as he has done to mine.

Enchanted by her elegance, Goom'pa knows he is willing to do anything to win the love of this celestial beauty. As the two meet and fall in love, Shine Star's father worries about his only daughter. Exploiting that concern is the Star Lord, Rath, who wants nothing more than to wrestle control of the universe away from Prime Ray. Will Goom'pa and Shine Star find a way to be together? Or will Rath's evil plan doom them all? The images in this book each represent one of the 12 Spiritual Powers. A children's book snippet about the life, accomplishments, and achievements of the great Ida B. Wells - an inspirational African-American journalist, leader, and innovator. Ida proved, no matter who you are, you can share your message and your truth with the world through the power of the pen.

Success is measured not by the size of your brain, but rather by the size of your thinking. This intrigues a lot of people, and if you observe how people behave, you will have a clear understanding of what success really means. Time and time again, history and experience have proved that the degree of our general satisfaction and happiness is dependent on how we think. There is magic in thinking big! Positive thinking helps accomplish so much in our life, but unfortunately not everyone thinks that way. We are all products of our thinking that goes within and around us. There is an environment around us that exerts all sorts of forces on your thinking; some will push you up the ladder while others will pull you down. We have been told many times that opportunities to lead are no longer there; hence we should be content with who we are without having positive aspirations on leadership. The petty environment surrounding us also has its own narrative concerning our lives. It constantly tells us that whatever is destined will eventually happen and we have no control over it. Leaving your fate in the hands of chance can potentially ruin your life and make you miserable. Therefore, before you start giving up your dreams of a finer home or giving a better life for your children, stand firm and resist resigning to fate. Do not lie down and wait to die. Success is worth every effort you expend, and every step you make pays a dividend. Even in an environment where competition is intense, you still can succeed as long as your thinking is in the positive quadrant of your mind frame. The basic concepts and principles that underlie the power of thinking big are drawn from the highest-pedigree sources and the finest thinking minds such as Emerson who said "Great men are those who see that thoughts rule the world." Milton who wrote in his book *Paradise Lost*, "The mind is its own place and in itself can make a heaven of hell or a hell

of heaven." Shakespeare made an interesting observation about thinking which he summarized and said "There is nothing either good or bad except that thinking makes it so." Proof is everywhere that thinking big indeed works. When you look at the lives of people who you consider as big thinkers, you will be amazed at their winning success, happiness and achievements. This book will show you proven strategies from different life situations that will turn your life around.

Power of the Pen: Volume 2 of 3 By: Lewis Adam Wallace Jr. Christ being taken down, beaten, and hung on the hill of Mount Calvary is still the best story told ever in the world. It's backed up with 16 years of research in many Christian books. But, with so many resources to draw from, sometimes it's hard to get all the facts and keep all the information straight. In an effort to bring the Lord's words to people who may not be so well-versed in the Bible, Lewis Adam Wallace Jr. took the years of research and translated it into language that's easily understood by the masses. He hopes it starts a foundation of the Lord through Christ and enlightens those who are willing to receive what the Lord wants for their lives.

From this day forward, consider me your mortal enemy, your biggest threat. Maybe your pen is huge, but my determination is bigger. See you on the battlefield, Mr. Big Pen. Your ex-admirer, Gisselle Walters

The story is about two moms and their children. One mom says "no" all the time, while the other says "yes" to everything. It is cute and engaging all in one, and designed not to take up too much of a parents valuable time, with the idea being to try and imprint wholesome ideals while kids are young. Reading this just a few times to your boy or girl at bedtime will ensure you don't have any misunderstandings with your children about the word "NO" as they grow older. This really is: The Amazing Book of No!

It is shame that the modern world have lost the edge when it comes to the power of prayer. Prayer is so powerful that in the hand of a righteous person, that a man like us named Elijah prayed earnestly that it will not rain and it did not rain for three and half year. And to show how effective prayer can be, he prayed again and the heavens gave rain. The bible shows us time and time again how the less powerful have used prayer to conquer their adversaries. Our Lord

and savior, Jesus Christ told us Mathew 17:20, "I tell you the truth, if you have faith as small as a mustard seed, you can say to this mountain, 'Move from here to there' and it will move. Nothing will be impossible for you. Why will Jesus give us such an assurance? It is because, the weapon we fight with are not the weapons of the sinful world, we the children of God use divine power of God to tear down the strong hold of the evil one. So we must continue to pray even when you think your answers are not coming as quickly as you wanted. Remember when Martha and Mary send a message to Jesus that Lazarus is sick," his sisters sent unto him, saying, Lord, behold, he whom thou lovest is sick" even though the answer took two days to get to the sisters. The most important thing is that Jesus was called and that is when action was put in process and they did not put their request on the righteousness of Lazarus or his status in the ministry or how hard he works or even what he has given to the Church. The appeal was based on the love of Jesus Christ. "The one whom you love is sick," that is our clue; we must always focus our prayers on the love of God. We also have the confidence that God will answer our prayers if they are in agreement with His will. So I know that anything I ask that is according to His will be answered no matter how sinful the person praying may be. Even though we don't always get yes, but His answer are always in our best interest. And we don't have to follow any secret incantation before praying or offer some unnecessary repetition while praying. And the eloquence of our prayer will not make God answer our prayer. That is why in Matthew 6:7-8, Jesus rebukes those who pray using repetitions, "And when you pray, do not keep on babbling like pagans, for they think they will be heard because of their many words. Do not be like them, for your Father knows what you need before you ask him." "The Word of God is full of accounts describing the power of prayer in various situations. The power of prayer has overcome enemies (Psalm 6:9-10), conquered death (2 Kings 4:3-36), brought healing (James 5:14-15), and defeated demons (Mark 9:29). God, through prayer, opens eyes, changes hearts, heals wounds, and grants wisdom (James 1:5). The power of prayer should never be underestimated because it draws on the glory and might of the infinitely powerful God of the universe! Daniel 4:35 proclaims, "All the peoples of the earth are regarded as nothing. He does as he pleases with the powers of heaven and the peoples of the earth. No one can hold back his hand or say to him: 'What have you done?'" So pray and God who loves you first will answer your prayers.

The impetus for each writing varies but the author is prayerful that the single purpose of connectiveness to a higher power and understanding reminds central throughout the work. This compilation is varied and addresses love, loss, pain, gain, politics, religion, letting go, friendships, family, holidays and hope. Because of its broad topics diversity, the author is hopeful that each reader will find at least one writing in this compilation which speaks to his/her heart and soul and causes him/her to seek for an answer beyond the mundane and the commonly accepted ones.
