

Power Of Character In Leadership Myles Munroe

The number one priority of every person is to protect their character. The destiny of every person will be determined by their character. Character, in the end, is the true measure of the success of every individual or a leader. How good is your name? The most important thing on earth is not power, riches or wealth but an excellent character. Whether you are a student, parent, teacher, doctor, lawyer, civil servant, politician, businessperson or president, you need a good name. Through this book, you will learn: * The power of leadership * The power of character * How character defects grow * How character is strengthened * The purpose and power of laws and principle * The critical qualities of a leader * The pitfalls of leadership * The restoration of leadership

In *Keys for Leadership*, Dr. Munroe reveals that the one thing all leaders have in common is not education, knowledge, or networking. It is a spirit. When you think according to the spirit of leadership, you begin the process of becoming a leader. Every human being has the capacity for leadership, but most lack the understanding or will to develop it. Learn the keys for leadership, capture the spirit of leadership, and you will discover the leader within you.

#1 NEW YORK TIMES BESTSELLER • Brené Brown has taught us what it means to dare greatly, rise strong, and brave the wilderness. Now, based on new research conducted with leaders, change makers, and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Look for Brené Brown's new podcast, *Dare to Lead*, as well as her ongoing podcast *Unlocking Us!* **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG** Leadership is not about titles, status, and wielding power. A leader is anyone who takes responsibility for recognizing the potential in people and ideas, and has the courage to develop that potential. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it with others. We don't avoid difficult conversations and situations; we lean into vulnerability when it's necessary to do good work. But daring leadership in a culture defined by scarcity, fear, and uncertainty requires skill-building around traits that are deeply and uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the exact same time as we're scrambling to figure out what we have to offer that machines and AI can't do better and faster. What can we do better? Empathy, connection, and courage, to start. Four-time #1 New York Times bestselling author Brené Brown has spent the past two decades studying the emotions and experiences that give meaning to our lives, and the past seven years working with transformative leaders and teams spanning the globe. She found that leaders in organizations ranging from small entrepreneurial startups and family-owned businesses to nonprofits, civic organizations, and Fortune 50 companies all

ask the same question: How do you cultivate braver, more daring leaders, and how do you embed the value of courage in your culture? In this new book, Brown uses research, stories, and examples to answer these questions in the no-BS style that millions of readers have come to expect and love. Brown writes, "One of the most important findings of my career is that daring leadership is a collection of four skill sets that are 100 percent teachable, observable, and measurable. It's learning and unlearning that requires brave work, tough conversations, and showing up with your whole heart. Easy? No. Because choosing courage over comfort is not always our default. Worth it? Always. We want to be brave with our lives and our work. It's why we're here." Whether you've read *Daring Greatly* and *Rising Strong* or you're new to Brené Brown's work, this book is for anyone who wants to step up and into brave leadership.

In recent years, scholars have focused more on the "dark sides of leadership." Both the negative and positive aspects of the relationship between leaders and followers are considered. But the relationship between leaders and followers is also influenced by the context in which the relationship occurs. Organizational aspects such as culture and structures are studied in relation to how negative leadership develops. Organizations, just like humans, are able to develop justifications for their actions, to self-aggrandize by claiming their exclusivity. In this book, the dark sides of organizational behaviors and leadership are considered from different aspects and contexts. The book contributes knowledge of how negative leadership develops, what part organizational structures play, and what the consequences are for the leader, the subordinates and the organization.

Power comes from within and from without. How to tap its many sources.

An inspirational and practical guide to leadership from the New York Times–bestselling author of *The 7 Habits of Highly Effective People*. Covey, named one of Time magazine's 25 Most Influential Americans, is a renowned authority on leadership, whose insightful advice has helped millions. In his follow-up to *The 7 Habits of Highly Effective People*, he poses these fundamental questions: How do we as individuals and organizations survive and thrive amid tremendous change? Why are efforts to improve falling so short in real results? How do we unleash the creativity, talent, and energy within ourselves and others? Is it realistic to believe that balance among personal and professional life is possible? The key to dealing with the challenges that we face is to identify a principle-centered core within ourselves and our institutions. In *Principle-Centered Leadership*, Covey outlines a long-term, inside-out approach to developing people and organizations. Offering insights and guidelines on how to apply these principles both at work and at home, Covey posits that these steps will lead not only to an increase in productivity and quality of work, but also to a new appreciation of personal and professional relationships as we strive to enjoy a more balanced, rewarding, and ultimately more effective life. "There seems to be no limit to the number of writers offering answers to the great perplexities of life. Covey,

however, is the North Star in this field . . . without hesitation, strongly recommended.” —Library Journal

From leadership expert Dr. Jim Loehr, strengthen your moral and ethical character for outstanding leadership results with this must-have set. *Leading with Character: 10 Minutes a Day to a Brilliant Legacy* At the end of your life, how are you likely to be remembered? Chances are that people won't be praising your money, power, and status. Instead, the people you've impacted will remember you for your compassion and personal strength—in short, your character. Unfortunately, many leaders are unaware of their character shortcomings and blind spots that hold so many of us back from building the lasting legacy we are capable of. With the right motivation, you can begin to strengthen your character and become a moral and ethical leader capable of creating lasting change. In *Leading with Character: 10 Minutes a Day to a Brilliant Legacy*, Dr. Jim Loehr, cofounder of the Johnson & Johnson Human Performance Institute, reveals 50 character competencies that you can practice daily to transform your life and work. This book will also guide you through the process of developing a Personal Credo that will serve as your decision-making mission statement. Most leaders never take the time to identify their own core values, instead defaulting to a reflexive form of decision making. Gain an awareness of the conscious and unconscious processes that guide what you do and why you do it, and take charge of your leadership legacy. Even good leaders are vulnerable to corruption. Read *Leading with Character* to learn how human evolution and contemporary culture can lead us astray without our even knowing it. As we work hard to get to the top, who are we becoming along the way? If we want to become heroes whose memories will long outlast us, we need to channel our energy into creating habits that will add up to a strong and meaningful character. *The Personal Credo Journal: A Companion to Leading with Character* We all want to become high impact leaders with a robust ethical and moral character, but getting there is a challenge. Dr. Jim Loehr's *Leading with Character* offers a succinct plan for developing your character as a leader and building a meaningful legacy through your life's work. *The Personal Credo Journal* is a day-by-day workbook that will guide you through the process of identifying your core values and crafting your Personal Credo—a statement of beliefs and values that will help you align every action and decision with your deepest held ideals. With these activities and exercises, you'll spend just a few minutes each day reflecting on meaningful and thought-provoking prompts about your life story, your personal strengths and weaknesses, and your life goals. By the end of this life-altering, 150-day challenge, you will have gained a deep self-knowledge and a clear vision of your path forward as a leader. Take charge of the legacy you'll leave behind, build character, and learn to use your Personal Credo to transform your life.

Make Every Step Count on Your Leadership Journey How did American Military leaders in the brutal POW camps of North Vietnam inspire their followers for six, seven, or eight years to remain committed to the mission, resist a cruel

enemy, and return home with honor? What leadership principles engendered such extreme devotion, perseverance, and teamwork? In this powerful and practical book, Lee Ellis, a former Air Force pilot, candidly talks about his five and a half years of captivity and the fourteen key leadership principles behind this amazing story. As a successful executive coach and corporate consultant, he helps leaders of Fortune 500 companies, healthcare executives, small business owners, and entrepreneurs utilize these same pressure-tested principles to increase their personal and organizational success. In *Leading with Honor: Leadership Lessons from the Hanoi Hilton*, you will learn: - an approximately 250-word description of the book as you'd like to see posted online, keeping in mind that this should be enticing to consumers ? ? ? Courageous lessons from POW leaders facing torture in the crucible of captivity. How successful teams are applying these same lessons and principles. How to implement these lessons using the Coaching sessions provided in each chapter. In the book's Foreword, Senator John McCain states, "In *Leading with Honor*, Lee draws from the POW experience, including some of his own personal story, to illustrate the crucial impact of leadership on the success of any organization. He highlights lessons and principles that can be applied to every leadership situation." This book is ideal for individual or group study as a personal development, coaching, human resource development, or executive training resource.

From Stephen R. Covey's eldest son come a revolutionary book that will guide business leaders, public figures and their organizations towards unprecedented productivity and satisfaction. Trust, says Stephen M. R. Covey, is the very basis of the 21st century's global economy, but its power is generally overlooked and misunderstood. Covey shows you how to inspire immediate trust in everyone you encounter - colleagues, constituents, the marketplace - allowing you to forego the time-killing and energy-draining check and balance bureaucracies that are so often relied upon in lieu of actual trust.

Best-selling author Dr. Myles Munroe reveals the secrets of dynamic leadership that will turn your leadership potential into a potent reality. Within each of us lies the potential to be an effective leader!

Leaders everywhere, in arenas big and small, struggle with the desire and, frankly, the need to make sure their vision for the organization they have created or grown continues regardless of circumstances. And the question "what will be my legacy?" is a question all people ask themselves. Myles Munroe has observed that the tendency among leaders is to deal with this question as serious circumstances or retirement loom. Further, it is his belief that this is one of the most important decisions a leader will ever make. This book is a wakeup call. Myles Munroe wants all leaders to focus on building the right team for the future and to make it a top priority because the process is not a quick one. Properly mentoring the right people to ensure the continuation of an organization is actually a process that must be woven into that organization over a span of years or even decades. Chapter topics discussed include *The Chaos of Transition* *The Leadership Dilemma* *Living Beyond Your Generation* *The Principles of Mentoring* *PASSING IT ON* shows how to use the concept of mentoring within an organization to value the distinct talents and abilities of the individuals. Mentoring is the pathway to developing leaders from within; leaders who are in line with the goals of the organization; leaders who are most likely to adopt and carry a vision forward.

Badaracco addresses complex issues leaders face, such as the soundness of their vision, their readiness to take on responsibility, the depth of their compassion, and their ability to manage success.

Whether you are a businessperson, a departmental manager, an employee, a homemaker, a student, or a head of state, author Myles Munroe explains how you can make your dreams and hopes a living reality. Through *The Principles and Power of Vision*, you will... Discover your purpose in life. Understand why vision is essential to your success. Grasp the necessary keys for fulfilling your life's dream. Develop a specific plan for achieving your vision. Overcome obstacles to your vision. Your success is not dependent on the state of the economy, what careers are currently in demand, or what the job market is like. You do not need to be hindered by what people think you are capable of or a lack of resources. This book provides you with time-tested principles that will enable you to fulfill your vision no matter who you are or where you come from. You were not meant for a mundane or mediocre life. You do not exist just to earn a paycheck. Revive your passion for living. Pursue your dream. Discover your vision—and find your true life.

George Orwell's celebrated novella, *Animal Farm*, is a biting, allegorical, political satire on totalitarianism in general and Stalinism in particular. One of the most famous works in modern English literature, it is a telling comment on Soviet Russia under Stalin's brutal dictatorship based on a cult of personality which was enforced through a reign of terror. The book tells a seemingly simple story of farm animals who rebel against their master in the hope of stopping their exploitation at the hand of humans and creating a society where animals would be equal, free and happy. Ultimately, however, the rebellion is betrayed and the farm ends up in a state as bad as it was before. The novel thus demonstrates how easily good intentions can be subverted into tyranny. Orwell has himself said that it was the first book in which he had tried, with full consciousness of what he was doing, 'to fuse political purpose and artistic purpose into one whole.' The book was first published in England in 1945, and has since then remained a favourite with readers all over the world, and has consistently been included in all prestigious bestseller lists for the past many years.

Use this helpful book to learn about the leadership tools to fuel success, grow your team, and become the visionary you were meant to be. True leadership isn't a matter of having a certain job or title. In fact, being chosen for a position is only the first of the five levels every effective leader achieves. To become more than "the boss" people follow only because they are required to, you have to master the ability to invest in people and inspire them. To grow further in your role, you must achieve results and build a team that produces. You need to help people to develop their skills to become leaders in their own right. And if you have the skill and dedication, you can reach the pinnacle of leadership—where experience will allow you to extend your influence beyond your immediate reach and time for the benefit of others. The 5 Levels of Leadership are: 1. Position—People follow because they have to. 2. Permission—People follow because they want to. 3. Production—People follow because of what you have done for the organization. 4. People Development—People follow because of what you have done for them personally. 5. Pinnacle—People follow because of who you are and what you represent. Through humor, in-depth insight, and examples, internationally recognized leadership expert John C. Maxwell describes each of these stages of leadership. He shows you how to master each level and rise up to the next to become a more influential, respected, and successful leader.

International motivational speaker and sought-after business consultant Reverend Myles Munroe proves that true leaders empower others to discover their own leadership gifts.

This book assesses the impact of presidential character on the popularity, productivity, and ethics of contemporary presidents. Through comparative analyses, author Lara Brown demonstrates that the character of a president's leadership does not change in office and that the

success of future presidents can be evaluated before they step into the White House. She traces the rise of “amateur outsiders,” like Donald Trump, and asserts the need for systemic reform and cultural reassessment of presidential character. Intended for students and scholars of the presidency, this book also holds appeal for general readers who seek understanding of past and future presidential elections.

Have you ever watched with awe and amazement at the success of top leaders in your field or industry...and felt that they somehow knew a "secret" you didn't? Did you think to yourself, "I would like to be that kind of leader"? Right now you really want to know how to reach a high level of success. Or many may already view you as a leader and you are looking to expand those skills and become an even more effective leader. Regardless of your circumstance, when it comes to understanding and practicing leadership, this book provides practical insights and ideas you can use right away. We are at a pinnacle point in our evolution as people. We either change the way we live in the world and come together for the common good of all or we allow fate to navigate us. In order to do this we need average people to step up and become leaders. We need leaders who are willing to answer the call of service and become what our world is calling for...Exceptional leaders. No matter what we do in life, there are times when when we are called to take the lead. Now it's time for you to answer the call.

How to Protect Your Leadership Influence and Power You've worked hard to achieve your dreams and goals. Many others have done the same—only to lose it all in the end. Every day, we read about successful people in various walks of life who have lost their power and influence. They've been fired, forced to resign, or shamed out of public life. They no longer have a market for their gifts, and they may even face criminal proceedings. These leaders have lost the trust of their companies, constituents, nations, followers, and families. Many were surprised to discover that their talents alone were not enough to prevent their downfall. Why did they fail in the end? Because they lacked the one quality that would have protected their leadership and given them enduring influence. Ironically, this quality is seldom taught to leaders today, either formally or informally. It is the quality of moral force, or character. Every human being is a leader over some domain as he or she exercises gifts and influence. That domain might be the halls of government, the boardroom, the classroom, the community, or the home. In *The Power of Character in Leadership: How Values, Morals, Ethics, and Principles Affect Leaders*, you will discover what character is, what it means to develop moral force, and how to preserve your leadership influence so that it is both effective and enduring.

This book focuses on the element of leadership that has largely been neglected in the literature: character. Often thought to be a subjective construct, the book demonstrates the concrete behaviors associated with different character dimensions in order to illustrate how these behaviors can be developed, and character strengthened. Based on research involving over 300 senior leaders from different industries, sectors and countries, Crossan, Seijts, and Gandz developed a model for leadership character that focuses on eleven dimensions. The book begins by setting the context for the focus on character in business, asking what character is and whether it can be learned, developed, molded or changed. Next, the book focuses on each dimension of leadership character in turn, exploring its elements and the ways in which it can be applied in a business setting. The book concludes with a summary of the key insights, an exploration of the interactions between the character dimensions, and a call to the reader to reflect on how to develop one's own and others' leadership character. Bridging theory and management practice, *Developing Leadership Character* will interest students and practitioners alike. Readers will benefit not only from a new, robust theoretical framework for leadership character, but will also learn how character can be developed further.

Does the character of our leaders matter? You may think this question was answered long ago. Countless business authors and analysts have assured us that great leadership demands great character. Time and again, we've seen that truth play out, as once-thriving organizations falter and fail under the guidance of leaders behaving badly. Why, then, do so many executives remain skeptical about the true

value of leadership character? A winning strategy and a sound business model are what really matter, they argue; character is just the icing on the cake. What's been missing from this debate is hard evidence: data that shows not only that leadership character matters for organizational success, but how it matters; and concrete evidence that it leads to better business results. Now, in this groundbreaking book, respected leadership researcher, adviser, and author Fred Kiel offers that evidence—solid data that demonstrates the connection between character, leadership excellence, and organizational results. After seven years of rigorous research based on a landmark study of more than 100 CEOs and over 8,000 of their employees' observations, Kiel's findings show that leaders of strong character achieved up to five times the ROA for their organizations as did leaders of weak character. Return on Character goes on to reveal:

- How leadership character is formed, how it creates value, and how that value spreads throughout the organization
- How low-character leaders undermine the success of even the best business plans
- How leaders at any level can develop the habits of strong character and “unlearn” the habits of poor character

The book also provides a character-building methodology—step-by-step advice and techniques for assessing your own character habits and improving your performance and that of your organization. Return on Character provides the blueprint for building your own leadership character and creating a character-driven organization that achieves superior business results.

A Leadership Network Publication Become the leader people are proud to follow by opening yourself to the influences that develop character: Anduring relationships with friends, family, and God. Solidly based on Christian values, this practical, visionary, and hope-filled book guides readers through a step-by-step process for developing both personal character and the network of important relationships that enable character to win out, even in the face of setbacks, adversity, and temptations to take short cuts. Leadership is about character, the authors assert, and character weaves values like integrity, honesty, and selfless service into the fabric of our lives, organizations, and cultures. The Ascent of a Leader is written for ordinary people—mothers, husbands, bosses, secretaries, pastors, teachers, and students—who want to develop extraordinary character, find and follow God's plan for their lives, and lead others where they need to go. We all have innate leadership potential. To maximize it, we must do much more than develop performance-based skills, the authors assert. We must consciously choose who and what we allow to influence us, find and develop our humility, and build Anduring relationships with colleagues, family, friends, and God. They offer engaging real-life examples to show how we can grow into our true potential as leaders and inspire us to "make a difference in the 21st century—in our families, our communities, our companies, our government, and even our world." With a foreword by Ken Blanchard.

This handbook for developing six crucial habits “should be on every modern leader's desk” (Jeb Blount, bestselling author of People Follow You). While many books focus on developing managerial competencies, most leadership failures are the result of a failure in character, not a failure in competence. But just as you don't get in shape by reading a fitness magazine, you don't become a leader of character by reading a book on character. You have to do what you want to be! Becoming a Leader of Character is a workout plan designed to develop six Habits of Character by providing small daily exercises that strengthen your character muscles—for the important tests of character all leaders face.

Golding's iconic 1954 novel, now with a new foreword by Lois Lowry, remains one of the greatest books ever written for young adults and an unforgettable classic for readers of any age. This edition includes a new *Suggestions for Further Reading* by Jennifer Buehler. At the dawn of the next world war, a plane crashes on an uncharted island, stranding a group of schoolboys. At first, with no adult supervision, their freedom is something to celebrate. This far from civilization they can do anything they want. Anything. But as order collapses, as strange howls echo in the night, as terror begins its reign, the hope of adventure seems as far removed from reality as the hope of being rescued.

Thriving in a Changing World Change comes to all of us—whether we prepare for it or not. How we deal with those inevitable changes—no matter what the source—determines whether they will ultimately be a positive or negative force in our lives. Best-selling author Dr. Myles Munroe reveals how to experience security, confidence, and freedom in the uncertainty of our changing world. Through this book, you can discover how to: Become an active part of change—not its victim. Be free of fear during unsettling times. Fulfill your God-given purpose. Maximize the benefits of change. Tap into the positive power of change. Be proactive in pursuing your God-given purpose. You can be ready for the changing seasons that lie ahead.

The dominant powers in world energy geopolitics have radically changed in last couple of decades due to the increased demand for natural energy resources (i.e., coal and oil). Because of these power shifts, the economics of energy has become much more entangled in international relations. *Economic Dynamics of Global Energy Geopolitics* provides emerging research exploring the theoretical and practical aspects of the geo-economics of energy resources and how this affects countries' economies. It also explores the implementation of energy supply and demand in world markets. Featuring coverage on a broad range of topics such as socio-economics, supply/demand fluctuations, and foreign direct investment, this book is ideally designed for engineers, economists, academicians, researchers, policymakers, and graduate-level students seeking current research on the role of economics and policy in energy geopolitics.

Drawing on the lives of some of the greatest political, intellectual and religious leaders of modern times, and the author's personal experience, *Virtuous Leadership* demonstrates that leadership and virtue are not only compatible, they are actually synonymous. *Virtuous Leadership* defines each of the classical human virtues most essential to leadership – magnanimity, humility, prudence, courage, self-control and justice. It demonstrates how these virtues promote personal transformation and the attainment of self-fulfillment. It also considers the Christian supernatural virtues of faith, hope and charity without which no study of leadership can be complete. The book's final section, *Towards Victory*, offers a methodology for the achievement of interior growth tailored to the needs of busy, professional people intent on imbuing their lives with a transcendent purpose. Thus, the aim of *Virtuous Leadership* is ultimately practical. It is meant to be your guidebook in the quest for excellence.

"Explores the crisis of character in leadership, how beliefs shape values and morals, the process of character development, essential qualities of principled leaders, how to recover after moral failure, and how to ensure leadership influence is both effective and enduring"--

In times of constant change, adaptive leadership is critical. This Harvard Business Review collection brings together the seminal ideas on how to adapt and thrive in challenging environments, from leading thinkers on the topic—most notably Ronald A. Heifetz of the Harvard Kennedy School and Cambridge Leadership Associates. The Heifetz Collection includes two classic books: *Leadership on the Line*, by Ron Heifetz and Marty Linsky, and *The Practice of Adaptive Leadership*, by Heifetz, Linsky, and Alexander Grashow. Also included is the popular Harvard Business Review article, “Leadership in a (Permanent) Crisis,” written by all three authors. Available together for the first time, this collection includes full digital editions of each work. Adaptive leadership is a practical framework for dealing with today’s mix of urgency, high stakes, and uncertainty. It has been used by individuals, organizations, businesses, and governments worldwide. In a world of challenging environments, adaptive leadership serves as a guide to distinguishing the essential from the expendable, beginning the meaningful process of adaptation, and changing the status quo. Ronald A. Heifetz is a cofounder of the international leadership and consulting practice Cambridge Leadership Associates (CLA) and the founding director of the Center for Public Leadership at the Harvard Kennedy School. He is renowned worldwide for his innovative work on the practice and teaching of leadership. Marty Linsky is a cofounder of CLA and has taught at the Kennedy School for more than twenty-five years. Alexander Grashow is a Senior Advisor to CLA, having previously held the position of CEO. You were born to lead. Now it's time to become a leader. Leaders may be found in boardrooms, but they may also be found in families, schools, and organizations of all kinds—anywhere people interact, nurture, create, or build. Contrary to popular opinion, leadership is not meant for an elite group of people who, by fate or accident, become leaders while everyone else is consigned to being a lifelong follower. After personally training thousands of leaders from around the world, best-selling author Dr. Myles Munroe reports that while every person possesses the potential of leadership, many do not understand how to cultivate the leadership nature and how to apply it to their lives. In *The Spirit of Leadership*, Dr. Munroe defines the unique attitudes that all effective leaders exhibit, explains how to eliminate hindrances to your leadership abilities, and helps you to fulfill your particular calling in life. "...a defining portrait of true and effective leadership. On these pages you will discover your purpose, your passion, and your potential to become the leader God has destined you to be." —Pastor John Hagee, Cornerstone Church "[Dr Myles Munroe's] wisdom is to the believer what a phone booth was to Superman! What makes a good leader? Ten leaders, ten key virtues This readable distillation of the core common features of successful leaders shows how an individual's character, and especially their virtue, is the defining factor. Without these ten vital virtues, leadership becomes "misleadership." The authors, both renowned business ethicists, combine theory with fascinating biographical detail on exemplary leaders such as Abraham Lincoln, Winston Churchill, and Oprah Winfrey. The result is an accessible text on the ethics of leadership which, unlike many publications that claim to reveal the secrets of success as a leader, is informed by a wealth of exceptional academic experience. *Building Character* is written for leaders who understand their responsibility to develop authentic leaders within their organizations. Without presenting an overarching moral code or a prescriptive code of behavior, this book offers leaders and managers a practical model complete with the tools, information, and processes to develop character in leaders at all levels. The author explains the role character plays in leadership success and effectiveness and outlines how character can be developed through the Five E's—Example, Education, Experience,

In *Understanding the Purpose and Power of Authority*, best-selling author Dr. Myles Munroe turns the widely accepted but counterfeit concept of authority upside down. Then, he reveals God's original intent, showing us how to live in the freedom of our own personal authority in God's great design and to respond positively to the inherent authority of others. Many people view authority as something oppressive, stifling, and even fearful. All of us hate to be controlled or manipulated. Our negative concepts and experiences of authority produce life-draining emotions—fear, distrust, suspicion, friction, defensiveness, antagonism, stress, worry, and dread. Others have a limited perspective of what authority means, believing that only people who reach a certain “level” in life can exercise it. They don't believe they could ever be called to a place of authority. The truth is, we were all created for authority, and we are all answerable to the authority of others. Authority is what we're authorized to do by our inherent purposes. You have a God-given calling to develop your own personal authority to carry out your unique purpose in life.
