

## Presidents Of The United States America Handbooks A Time For Kids Series

Follows the life of George Washington, including his childhood, education, employment, political career, and term of presidency.

How many American Presidents can you name? Perhaps quite a few. But more than the names, it is important that you also learn of their achievements and even their controversies, too. This educational material will go through each American President and present their information in a way that would interest a child and make them want to learn more. Secure a copy today!

The changing character of the presidency and obscure developments in the nation's history are revealed in profiles of each chief executive

Mary America, the first girl president of the United States, calls her friends to the White House for a sleepover to help her resolve the country's budget problem.

Public Papers of the Presidents of the United States

List of Presidents of the United States ALL 50 The President of the United States is the elected head of state and head of government of the United States. The president leads the executive branch of the federal government and is the commander-in-chief of the United States Armed Forces. The president is indirectly elected to a four-year term by the people through the Electoral College. Since the office was established in 1789, 44 men have served as president. The first, George Washington, won a unanimous vote of the Electoral College. Grover Cleveland served two non-consecutive terms in office, and is counted as the nation's 22nd and 24th presidents; the incumbent, Donald Trump, is therefore the 45th president. There are currently five living former presidents. The most recent death of a former president was on December 26, 2006 with the death of Gerald Ford; the most recently serving president to die was Ronald Reagan on June 5, 2004. William Henry Harrison's presidency was the shortest in American history. He died 31 days after taking office in 1841. Franklin D. Roosevelt served the longest, over twelve years, before dying early in his fourth term in 1945. He is the only U.S. president to have served more than two terms. Since the ratification of the Twenty-second Amendment to the United States Constitution in 1951, no person may be elected president more than twice, and no one who has served more than two years of a term to which someone else was elected may be elected more than once.[1] Of the elected presidents, four died in office of natural causes (William Henry Harrison, Zachary Taylor, Warren G. Harding, and Franklin D. Roosevelt), four were assassinated (Abraham Lincoln, James A. Garfield, William McKinley and John F. Kennedy), and one resigned (Richard Nixon). John Tyler was the first vice president to assume the presidency during a presidential term, and set the precedent that a vice president who does so becomes the fully functioning president with his own presidency, as opposed to a caretaker president. The Twenty-fifth Amendment to the Constitution put Tyler's precedent into law in 1967. It also established a mechanism by which a mid-term vacancy in the vice presidency could be filled. Richard Nixon was the first president to fill a vacancy under this Provision when he appointed Gerald Ford to the office. Later, Ford became the second to do so when he appointed Nelson Rockefeller to succeed him. Previously, a mid-term vacancy was left unfilled. Throughout most of its history, American politics has been dominated by political parties. The Constitution is silent on the issue of political parties, and at the time it came into force in 1789, there were no parties. Soon after the 1st Congress convened, factions began rallying around dominant Washington Administration officials, such as Alexander Hamilton and Thomas Jefferson. Greatly concerned about the very real capacity of political parties to destroy the fragile unity holding the nation together, Washington remained unaffiliated with any political faction or party throughout his eight-year presidency. He was, and

## Online Library Presidents Of The United States America Handbooks A Time For Kids Series

remains, the only U.S. president never to be affiliated with a political party.[2] Since Washington, every president has been affiliated with a political party at the time they assumed office.

What single figure has been represented most frequently in Western film history? The answer: By far, the President of the United States. This unique compendium of POTUSs on screen reveals both the ubiquity and remarkable range of presidential portrayals, from the earliest appearances to the present. Featuring 164 fictitious screen presidents—including the first female president, seen in the 1964 comedy *Kisses for My President*--the book shows film presidents making speeches, in the Oval office, riding around in limos, addressing the press, and in more private moments. Graphic designer Lea N. Michel has sorted these presidents into six key types--Father and Husband, Villain, Alien, Clown, Hero, Lover--which she has further sorted into a dizzying 240 subcategories, such as Shaking Hands, Looking Shocked at a Screen, or In in a Video Conference with a Terrorist. Drawn from both films and TV, familiar works and lesser-known productions, the images highlight the intense relationship between fiction and reality in a time when the sitting president exploits all media to an unprecedented extent to market himself and to increase his popularity. You won't find a more surprising or striking book this election yet.

An insider's account of the often-fraught U.S.-Saudi relationship Saudi Arabia and the United States have been partners since 1943, when President Roosevelt met with two future Saudi monarchs. Subsequent U.S. presidents have had direct relationships with those kings and their successors—setting the tone for a special partnership between an absolute monarchy with a unique Islamic identity and the world's most powerful democracy. Although based in large part on economic interests, the U.S.-Saudi relationship has rarely been smooth. Differences over Israel have caused friction since the early days, and ambiguities about Saudi involvement—or lack of it—in the September 11 terrorist attacks against the United States continue to haunt the relationship. Now, both countries have new, still-to-be-tested leaders in President Trump and King Salman. Bruce Riedel for decades has followed these kings and presidents during his career at the CIA, the White House, and Brookings. This book offers an insider's account of the U.S.-Saudi relationship, with unique insights. Using declassified documents, memoirs by both Saudis and Americans, and eyewitness accounts, this book takes the reader inside the royal palaces, the holy cities, and the White House to gain an understanding of this complex partnership.

In this momentous election year, experience the history and personal stories of all 44 U.S. Presidents in this beautifully illustrated edition. From the first president, George Washington, to the most recent, Barack Obama, the United States has seen a host of extraordinary men take office. Their stories are all included in *The Complete Book of US Presidents* by journalist and historian Bill Yenne. This book features short, biographical essays about the lives of each of the 44 presidents, jam-packed with unusual details and expounding on the significant roles each commander-in-chief played in the shaping of the United States and its relations with the world. Vastly illustrated with sidebars about each and every vice president, First Lady, and interesting anecdotes on each president, this book is accessible to a broad audience and will captivate any history lover during election season. *The Complete Book of US Presidents* is truly an expansive collection that reflects on America's rich presidential

Discover the history and personal stories of 45 US Presidents in this beautifully illustrated volume. From the first president, George Washington, to the forty-fifth, Donald Trump, the United States has seen a host of extraordinary men take office.

Their stories are all included in this fourth edition of *The Complete Book of US Presidents* by journalist and historian Bill Yenne. This book features short, biographical essays about the lives of 45 presidents, jam-packed with unusual details and commentary on the significant roles each commander-in-chief played in the shaping of the United States and its relations with the world. Lavishly illustrated, including each president's official White House portrait, sidebars about each and every vice president and First Lady, and intriguing anecdotes, this book is accessible to a broad audience and will captivate any history lover. *The Complete Book of US Presidents: Fourth Edition* is an expansive collection that reflects on America's rich presidential history, telling the story of a nation through the biographies of some of its greatest political leaders.

*American Presidents and the United Nations: Internationalism in the Balance* offers a fresh look at the U.S.–UN relationship. The current discourse regarding America's linkage with the UN—and particularly about the President's influence on the world body—has metamorphosed well beyond the conventional conversation of the post-World War II generation. This book places the UN–U.S. relationship within the evolving fabric of international affairs and American political developments through the 2020 presidential election, into the early Biden administration. The text integrates analyses of individual presidential politics and presidential foreign policy preferences from Franklin Roosevelt through Donald Trump, with congressional responses, and seemingly ever-accelerating, troublesome, and often unanticipated international crises. Readers will find the latest scholarship, primary sourcing, as well as synthesis, and a fresh analysis of the ongoing and increasingly multifaceted political and intellectual debate about America's role in the world. The book spotlights one of the most creative, complex, and inspired global institutions ever devised by human beings—the United Nations—and puts it in context with the powerful role of the American presidency. Essential for students, scholars, and general readers alike.

A trivia book combines engaging facts about the American presidents with illustrations and skill-reinforcing quizzes.

"Containing the public messages, speeches, and statements of the President", 1956-1992.

For citizens of the United States, for social studies teachers, for historians in America, and literally around the world, there is no more interesting topic than leadership, and leadership as seen in the President of the United States. Worldwide, no other individual is as scrutinized, as examined as the President of the USA. The Presidency has obviously a long history dated back to 1776 and George Washington, and our leaders have provided the guidance to lead us through the War of 1812, the Spanish American

## Online Library Presidents Of The United States America Handbooks A Time For Kids Series

War, the Civil War, World War I and II and various other undeclared conflicts and difficulties around the world. The personalities and contributions of our Presidents have been exceptional. Some of our Presidents have led us in times of peace, and others during times of war. Some have excelled nationally, others internationally. Some have provided sustenance and nurturance, and others vim, vigour and vitality during difficult times. Each President has left an indelible mark on American history and should be recognised. This book attempts to provide a stellar overview of each President and recognise their contributions, strengths, weaknesses as well as their faults. This is a book that will provide keen robust insights into the men who have led our nation.
