And if you’re going through this process with a group, you’ll enjoy the challenging discussion questions at the end of each lesson so you can explore the ideas in even greater depth. With insights gleaned from his forty-plus years of leadership success, Maxwell will especially help readers explore the value of: Achieving success using the Five Levels of Leadership Developing people—a leader’s most appreciable assets Identifying and solving problems and preventing their recurrence Defining and articulating a vision for your organization Building on the leadership skills you already possess No matter the arena in which you find yourself called to serve—family, business, or nonprofit—the principles Maxwell shares in this workbook will help you develop the vision, value, influence, and motivation required of successful leaders.
