CORPORATE FINANCE, 2nd Edition was crafted to match the way you teach your MBA-level course. It's a claim we're confident to make because before creating the text, the authors analyzed more than 150 MBA-course syllabi and blended this research with input from professors like you and more than 50 years of personal corporate finance and teaching experience. The result is the most relevant text available for your students—one that presents the latest financial theories within the practical context of today's business. This balance of modern theory and practice is found in features such as Applying the Model examples that demonstrate concepts in action, cross-functional applications that make the book applicable to all students, and innovative CengageNOW for Smart Finance technology that reinforces learning throughout each chapter.

The textbook study guide provides students on the go with a valuable resource. It consists of chapter outlines, student exercises, study quizzes. The study guide can be packaged at a low cost with new copies of this text or as a separate supplement.

Once again, Principles of Managerial Finance brings you a user friendly text with strong pedagogical features and an easy-to-understand writing style. The new edition continues to provide a proven learning system that integrates pedagogy with concepts and practical applications, making it the perfect learning tool for today's students. The book concentrates on the concepts, techniques and practices that are needed to make key financial decisions in an increasingly competitive business environment. Not only does this text provide a strong basis for further studies of Managerial Finance, but it also incorporates a personal finance perspective. The effect is that students gain a greater understanding of finance as a whole and how it affects their day-to-day lives; it answers the question "Why does finance matter to ME?" By providing a balance of managerial and personal finance perspectives, clear exposition, comprehensive content, and a broad range of support resources, Principles of Managerial Finance will continue to be the preferred choice for many introductory finance courses. Gitman's Brief Third Edition approaches introductory finance with a focused concentration on the fundamental concepts, techniques, and practices of managerial finance. Integrating pedagogy with the concepts and practical applications necessary for a solid understanding of managerial finance, this edition equips instructors and students to concentrate on the concepts, techniques, and practices for keen financial decision making in an increasingly competitive business environment.
