

## Principles Of The Kingdom Of God Sowing And Reaping

If your influence only lasts as long as you do, you failed. This book will help you reach your full potential, inspire greatness in your spouse, children, and friends, and leave a legacy that lasts beyond your lifetime. True influence should increase through the lives of those you have poured into, even after you pass away. Our greatest example of this is Jesus. His followers did greater works after He left them. Jesus never wrote a book or traveled outside of Israel, but He was able to use a band of eleven followers to create the largest, most influential movement the world has ever seen. Jesus had no servants, yet they called Him Master. He had no degree, yet they called Him Teacher. He had no medicines, yet they called Him Healer. He had no army, yet kings feared Him. He won no military battles, yet He conquered the world. He committed no crime, yet they crucified Him. He was buried in a tomb, yet He lives today. In *The Jesus Principles*, Joseph Mattera helps you unleash greatness in yourself, but even more importantly, in your circle of influence—your spouse, children, friends, and family. Following Jesus' example, you will be empowered to leave a legacy of helping others fulfill their own potential so that after you have passed, you are still speaking! Become part of a great cloud of witnesses who help to unleash human potential in one another. The four Gospels are not only compilations of important moral and spiritual sayings, but they also contain principles that can enable us to move from potential to fulfillment of purpose.

A overview of the Kingdom of God and the Churches role in the Kingdom. Clearly defining the Kingdom and how its principles work, the church can take its true place upon the earth. A must read to make the shift into the Kingdom of God.

# Do you know what it takes to be successful in business as well as in life itself? ##In this Biblical self-help success book, the author contends that God has several principles, which if followed can lead to success either in business or in life itself. He further contends that although many of these same principles may be found among the motivational speakers and thinkers of today and yesterday, that they were originally derived from Holy Scripture, whether or not these spokespersons are aware of it. He points to Jesus' parables to show that not everyone who preaches or practices Kingdom principles will be found to be in the Kingdom at the end. The 17 chapters of this book contain 17 articles relating to 17 of these principles. Knowing your purpose forgetting the past conquering fear believing focusing sowing and reaping resting and 10 others. (For a complete list of the principles included in this work, check the "Table of Contents.") Each chapter has a Quotable Quotes section with quotes from famous people past and present, including the Bible writers There are also examples, positive and negative, of these principles in the lives of characters from the author's novel, *Of Such Is The Kingdom, A Novel of Biblical Times*. So this book and the novel make perfect companion volumes for each other.

This Book explores spiritual principles as opposed to the principles of this present age. In everyday life we are well familiar with the principles that operate here on the earth. We know that when a door is shut we must open it in order to pass through. We know that touching a hot stove will cause pain and a burn. Science is aware of the rules and boundaries of the laws of physics and chemists know the results of mixing elements together to cause a certain result. Although there are many of the scientific laws of nature currently unknown to mankind, he continues to strive to find answers and to reconcile the scientific world of which we are aware using out five senses. What science does not understand, or is unwilling to admit, there is a realm beyond the certainties of this physical realm that is incapable of scientific proof. That realm is called "The Spiritual Realm." Most deny its existence or if they mentally assent to the possibility that such a realm exists they know little about it and certainly don't apply it to their everyday lives or scientific pursuits. Some look on such things as foolishness as the Apostle Paul said: "But a natural [unspiritual] man does not accept the things of the Spirit of God, for they are foolishness to him; and he cannot understand them, because they are spiritually appraised" (1 Corinthians 2:14). However, as this book will attempt to point out, the spirit realm is very much a real place, actually more real than our physical world. The spirit world has its own set of rules and principles that govern it. However its ways are past finding out by the natural mind of man and thus invisible to those without spiritual sight. The Apostle Paul said in the Bible: "because the human mind is hostile toward God; for it does not subject itself to the law of God, for it is not even able to do so" (Romans 8:7). Thus our intellect is useless in knowing anything beyond what we can see or touch. Just taking the most basic of the spiritual laws, the 10 commandments for instance, who can argue that we all would be a little better off if everyone was able to follow these basic rules? There would be no crime, therefore no expensive jails to confine criminals. The family unit, which has been broken down in this generation, would stay intact as children would respect their parents; there would be no adultery to break up the family and coveting would all together cease. There would be no serious disparity between the rich and the poor and the poor would be taken care of without great expenditure of funds to do so. There would be no greed, war, competition etc. just to name a few. Jesus said that if we were to pray at all we should pray to God:

The normal Christian life should be anything but "normal"—it should be supernatural, one in which the living God expresses His very life in us and through us. With So Much More! Pastor Todd Hudson challenges all believers to embrace the supernatural power of God as a lifestyle. Todd is no stranger to his message. His own life has been supernaturally "wrecked," he says, by the Holy Spirit. When God called him to resign from the 4,000-member evangelical megachurch he led for nine years and plant a Spirit-filled church, he began a new ministry of calling believers to live in resurrection power today, not someday in the future. If you know deep inside that there must be so much more to the Christian life, then Todd will help you discover how to experience and release the kingdom in your life today—and tomorrow!

"The Kingdom of God has almost nothing to do with religion. Instead, it has everything to do with the King Himself—with replicating His character and reproducing His will on Earth. Maturing in their citizenship, Kingdom citizens grow to reflect their King's culture, values, morals, nature, and lifestyle."

We do not have to travel to some foreign country to locate the mission field. Right here, literally in our backyards, the world has come to us. The church's basic mission is to preach the gospel of the kingdom of God; this message has social and political aspects to its application. This is the fundamental responsibility of the church. This message is holistic and affects the total person. As the church develops a comprehensive and practical understanding of missions, this will propel Christians to act out their missional call. The challenge as to how to be truly missional requires those people considered to be disciples to engage their communities in their everyday lives. To capture the full essence of missions, this book introduces a process called strategic evangelism. This process serves to raise awareness by helping to clarify the nature of the structures and practices of the church relating to its missional focus, to develop a better awareness of local missions, and to introduce a process that will assist people to live out the mission by engaging their communities.

This publication awakens the believer to a myriad of spiritual laws and principles of God which he can take advantage of and enter deeper realms of the spirit. It is worth exploring the divine truth that there are laws and principles that God has put in place by which He governs the universe. These are categorically physical laws which govern the natural realm and spiritual laws which govern the realm of the spirit. For example, there is a law of gravity which stipulates that if you throw an object up in the air, it will evidently crash back onto the earth; the law of floatation which allows ships and boats to float on water, the law of aerodynamics that enables aeroplanes to fly and the law of electricity which helps us generate heat and light energy. The reality is that when we operate in obedience to these physical laws within nature, we reap positive results but when we violate them, the repercussions are severe. However, as much as there are physical laws, there are also spiritual laws which are the highest class of laws governing and controlling the entire universe. In the spiritual realm, God has established a court system with laws, principles and divine protocols which functions just like the court system of the natural realm. Just like physical laws, when we cooperate with these spiritual laws, we reap alarming results but when we violate them, we face the consequences. It's a pity that most people do not understand the operation of these divine laws and protocols, which explains why the devil ends taking advantage of their ignorance, thus gaining a legal foothold that grants him the right to ensnare them into debilitating circumstances of poverty, sickness and defeat. There are certain principles that one can tap into in order to walk into the deeper realities of God's power. Just like there are laws of gravity which governs how to operate in the natural realm, there are also spiritual laws that govern the spirit realm or how to operate in the realm of the miraculous. These laws of the supernatural complement each other and are progressions to enter into the greater depths of God. Each of these laws has a specific manifestation that produces something special. However, it is unfortunate that many believers are failing to operate in the realm of the miraculous because they do not understand spiritual laws and principles which they could take advantage of to generate positive results.

I begin with lessons on the seven beatitudes which is an example of our Lord's character. I have included another sixteen lessons on the principles that Jesus taught in the Sermon on the Mount. There are twenty three lessons in all. These lessons are designed to help the leader of a home group or Sunday school class. You can also use them for your individual study. These lessons have thought provoking questions to help you see and evaluate where you are in your character development. This is a good study to be used in a discipleship class with new believers as well as the more mature ones. It will help ground the new believers in the word of God, and act to strengthen the more mature believers in their faith. Jesus says, "Feed my sheep," so as a leader in the body of Christ you are called to do this. This guide can be used as a recipe book to feed God's people, and you can change the lessons as you want as long as you remain true to the scriptures. Some people follow a recipe exactly, but others can see some things that can make it better, so feel free to use this guide the best way that works for you and your group. In your home group or Sunday school class encourage everyone to share how God is using these lessons to help them grow in their faith. These lessons go right to the heart of Jesus' teachings and reveals God's heart for you. If you learn these concepts, and meditate on them, they will change your life. If you are struggling in your walk as a Christian, this study will help you come through to victory. Peter gave us good instruction on how to make our salvation secure: "But also for this very reason, giving all diligence, add to your faith virtue, to virtue knowledge, to knowledge self-control, to self-control perseverance, to perseverance godliness, to godliness brotherly kindness, and to brotherly kindness love. For if these things are yours and abound, you will be neither barren nor unfruitful in the knowledge of our Lord Jesus Christ. For he who lacks these things is shortsighted, even to blindness, and has forgotten that he was cleansed from his old sins. Therefore, brethren, be even more diligent to make your call and election sure, for if you do these things you will never stumble; for so an entrance will be supplied to you abundantly into the everlasting kingdom of our Lord and Savior Jesus Christ" (II Peter 1:5-11). If you spend time in the word of God your mind will be renewed and your character will be changed. Jesus uses the water of the word to wash us and make us clean (Ephesians 5:26).

But seek ye first the kingdom of God and His righteousness, and all these things shall be added unto you. (Matthew 6:33) At a critical turning point in Sam Jordan's life, his natural desire was to have the material things referred to in the latter part of Matthew 6:33: (All these things shall be added unto you,) "things" being material goods. He believed in God's Word. But he also believed that to follow doctrine he would have to reject any hope of being successful in life and shun all forms of entertainment. This, he realized, was an oversimplification of what it meant to be a Christian. Jordan really didn't think he could be prosperous if he trusted God. As he read the entire verse, he experienced a revelation that changed his whole perspective. God created everything with a definitive purpose. If the thing created fulfilled the created purpose, it was God's promise to supply the necessary provisions. That is the core teaching of Matthew 6:33. Here you will find how Sam Jordan came to realize that God has made provisions for His followers that include protection, guidance, wisdom, and the revelation of many secret things.

Origen's On First Principles is a foundational work in the development of Christian thought and doctrine: it is the first attempt in history at a systematic Christian theology. For over a decade it has been out of print with only expensive used copies available; now it is available at an affordable price and in a more accessible format. On First Principles is the most important surviving

text written by third-century Church father, Origen. Origen wrote in a time when fundamental doctrines had not yet been fully articulated by the Church, and contributed to the very formation of Christianity. Readers see Origen grappling with the mysteries of salvation and brainstorming how they can be understood. This edition presents G. W. Butterworth's trusted translation in a new, more readable format, retains the introduction by Henri de Lubac, and includes a new foreword by John C. Cavadini. As St. Gregory of Nazianzus, Doctor of the Church, wrote: "Origen is the stone on which all of us were sharpened."

Jesus spent more time talking about money and possessions than about heaven and hell combined. But too often we've overlooked or misunderstood his most profound teaching on this topic, from his words in Matthew 6. Far from discouraging his followers from pursuing treasure, Jesus offers us life-changing investment advice. He actually wants us to store up treasures for ourselves just not here on earth. Instead, he urges us to store our treasure in heaven, where they will await us, and last forever. We can't take it with us but we can send it on ahead! The revolutionary concept of The Treasure Principle has transformed how millions view giving. This Revised and Updated edition features a new chapter plus a bonus section addressing frequently asked questions about how to live generously in everyday life. Experience for yourself how the joy of giving can make your life richer, starting today.

Revised, expanded, and featuring the latest research, this edition of Kingdom Education, by Glen Schultz provides parents, church leaders, and Christian educators with biblical principles on raising their children for Christ.

This publication awakens the believer to a myriad of spiritual laws and principles of God which he can take advantage of and enter deeper realms of the spirit. It is worth exploring the divine truth that there are laws and principles that God has put in place by which He governs the universe. These are categorically physical laws which govern the natural realm and spiritual laws which govern the realm of the spirit. For example, there is a law of gravity which stipulates that if you throw an object up in the air, it will evidently crash back onto the earth; the law of floatation which allows ships and boats to float on water, the law of aerodynamics that enables aeroplanes to fly and the law of electricity which helps us generate heat and light energy. The reality is that when we operate in obedience to these physical laws within nature, we reap positive results but when we violate them, the repercussions are severe. However, as much as there are physical laws, there are also spiritual laws which are the highest class of laws governing and controlling the entire universe. In the spiritual realm, God has established a court system with laws, principles and divine protocols which function just like the court system of the natural realm. Just like physical laws, when we cooperate with these spiritual laws, we reap alarming results but when we violate them, we face the consequences. It's a pity that most people do not understand the operation of these divine laws and protocols, which explains why the devil ends taking advantage of their ignorance, thus gaining a legal foothold that grants him the right to ensnare them into debilitating circumstances of poverty, sickness and defeat. There are certain principles that one can tap into in order to walk into the deeper realities of God's power. Just like there are laws of gravity which governs how to operate in the natural realm, there are also spiritual laws that govern the spirit realm or how to operate in the realm of the miraculous. These laws of the supernatural complement each other and are progressions to enter into the greater depths of God. Each of these laws has a specific manifestation that produces something special. However, it is unfortunate that many believers are failing to operate in the realm of the miraculous because they do not understand spiritual laws and principles which they could take advantage of to generate positive results. Spiritual laws and principles are therefore vital keys that unlock the doors into the supernatural and accentuate an avenue through which the power of God can flow. It is a typical scenario in the body of Christ that so many people have the power but they do not know how to release it. Having the power is one thing and knowing how to tap into the realm of God to release that power is a completely different reality. In the church of Jesus Christ today, God has invested upon believers' tremendous, overwhelming and explosive power and authority but that power is not released as it should because of lack of understanding of spiritual laws and principles governing the realm of the spirit. They have the exousia power but they are not realizing how to tap, activate and exercise it. Failure to tap into the realm of power is what is allowing their homes to be plundered by the enemy without taking authority against it just like Adam allowed the serpent to tempt Eve and deceive her in his presence. It has been

noted that a lot of Christians are allowing Satan to dominate their lives and wreak havoc in their families while they are busy crying to God for help. Learning how to tap into the set spiritual laws and principles is therefore vital in birthing forth supernatural manifestations of God's power. You are definitely guaranteed to launch into the greater depths of the miraculous if these spiritual laws and principles are correctly applied, practised and activated.
