

Project By Prasanna Chandra 7th Edition Manual

Market: project managers, construction managers, business managers, special projects managers, and strategic planner Thirty percent of the book is drawn from international projects Covers non-traditional industries such as health care, educational systems, media and entertainment, and computers and communications

Financial Management: Theory and Practice celebrates the 23rd Anniversary of its publication. Over these two decades, Indian business and finance have considerably changed owing to deregulation, liberalisation, privatisation, globalisation, and the ascendance of the services sector. The book has kept pace with these changes and captures the central themes and concerns of corporate financial management-making it both contemporary and comprehensive. The book seeks to:

- *Build understanding of the central ideas and theories of modern finance
- *Develop familiarity with the analytical techniques helpful in financial decision making
- *Furnish institutional material relevant for understanding the environment in which financial decisions are taken
- *Discuss the practice of financial management.

Projects 7/ETata McGraw-Hill Education

Towards Financial Inclusion in India is a treatise on 'inclusion of the Last, the Lost and the Least'. It provides an in-depth analysis of the various pillars of financial inclusion such as micro-remittance, micro-savings, micro-credit and micro-insurance. The book stresses on financial literacy and counselling, which are core to the achievement of financial inclusion. The authors dwell upon the difficulties faced by vulnerable groups like women, tribals, weavers and rural populace while trying to access financial services. The book also analyzes inclusion measures like ICT interventions, post office model and payment mechanisms. Striking a balance between pragmatic policy-making and a genuine social security mechanism, the book emphasises that financial services should be cost-effective and easily affordable to the vast majority of disadvantaged and low-income groups. The roadmap for financial inclusion drawn by the authors, if adopted, will go a long way in addressing the needs and demands of last-mile clients, especially the vulnerable groups.

Resource Allocation is the utilization of available resources in the system. This book focuses on development of models for 6 new, complex classes of RA problems in Supply Chain networks, focusing on bi-

India's Westernized elite, cut off from local
traditions, 'want to write a full stop in a land where
there are no full stops'. From that striking insight
Mark Tully has woven a superb series of 'stories'
which explore Calcutta, from the Kumbh Mela in
Allahabad (probably the biggest religious festival in
the world) to the televising of a Hindu epic.
Throughout, he combines analysis of major issues
with a feel for the fine texture and human realities of
Indian life. The result is a revelation. 'The ten
essays, written with clarity, warmth of feeling and
critical balance and understanding, provide as lively
a view as one can hope for of the panorama of
India.' K. Natwar-Singh in the Financial Times
Chandra: Fundamentals of Financial Management
discusses the fundamental principles and techniques
of financial management. This book seeks to show
how a wide range of financial decision situations
should be analysed. It aptly illustrates the various
concepts, tools and techniques of financial
management with the help of suitable examples.
