"This is the story of the leaders, agents, and employees of EMC Insurance Companies. It tells the history of EMC to date and describes how the company has grown and prospered through many stages of economic and social changes. EMC started small when an association of business people came together to provide workers' compensation coverage to Iowa manufacturers. Today EMC Insurance Companies is one of the largest property and casualty companies in Iowa and ranks among the top 60 insurance organizations in the United States. Through the years, the company kept its focus on delivering superior service through personal connections, selling its products solely through independent insurance agencies. With this strong personal network, EMC built a tradition of meeting the needs of its policyholders, agents, and employees. This remarkable story began in 1911 and it does not yet have an ending. The people of EMC continue to write the story every day. In many respects, this book is the first chapter in the story of a company you can count on for a long time"--Dust jacket.
