

## Prophecys Daughter The Endarian Prophecy Book 2

He doesn't need a weapon. He is the weapon. After losing his powers in an epic battle between good and evil, former sorcerer Nate Garrett finds himself living as a humble human in Clockwork, Oregon. While the world thinks Nate is dead, his friends continue to fight against Avalon and the evil it's intent on spreading. Avalon's forces turn up in Clockwork, and Nate's frustration grows with every passing day his magic doesn't return. He finds himself trying to stop Avalon's plans while hiding from enemies who would destroy everything in their path to see him dead. Avalon's darkness begins to threaten the people Nate cares about, and an old nemesis returns; magic or no magic, he has no choice but to fight. But will Nate see his magical powers reborn before the entire town--and everyone he loves--is destroyed?

Ennead IV.7 is a very early treatise, where Plotinus presents the teachings of the main schools current in his day: the Stoics, Epicureans, Pythagoreans, and Peripatetics, all of whom presented soul as something material and neither truly immortal nor imperishable. It includes observations on many mainly Stoic doctrines on perception, memory, sensation, thought, virtue, powers of material bodies, mixture and reproduction; on Pythagorean attunement; and on Peripatetic entelechy. In Chapters 9-10 Plotinus presents Plato's doctrines on soul's immortality--mainly that of the individual soul, but a fortiori that of the soul of the cosmos. These offer some of his most powerful prose. Plotinus is not concerned to prove the soul's immortality--an uncontroversial tenet of Platonism--but rather with laying down the indisputable foundations for his later writings.

Eccentric neighbor, loyal friend, and totally innocent tease, impish Elissa Dean was exactly what Kingston Roper needed—to get him out of a romantic bind, that is. His sister-in-law's intentions were anything but sisterly, and King had to produce a make-believe lover to run interference. Sweet Elissa fit the bill nicely. The act seemed foolproof... until seeing Elissa in his bed heated King's blood and holding her filled him with unbearable longing. As the fantasy threatened to become reality, King was torn—did he desire a woman he could not touch? Would he touch a woman he dared not love?

"A new series that promises to be just as engrossing [as Frontlines]...the action just as exciting, the science just as solid, the tension just as high. I gulped down the first book in a day, and I am already eager for the next one." --George R. R. Martin  
Across the six-planet expanse of the Gaia system, the Earthlike Gretia struggles to stabilize in the wake of an interplanetary war. Amid an uneasy alliance to maintain economies, resources, and populations, Aden Robertson reemerges. After devoting twelve years of his life to the reviled losing side, with the blood of half a million casualties on his hands, Aden is looking for a way to move on. He's not the only one. A naval officer has borne witness to inconceivable attacks on a salvaged fleet. A sergeant with the occupation forces is treading increasingly hostile ground. And a young woman, thrust into responsibility as vice president of her family's raw materials empire, faces a threat she never anticipated. Now, on the cusp of an explosive and wide-reaching insurrection, Aden plunges once again into the brutal life he longed to forget. He's been on the wrong side of war before. But this time, the new enemy has yet to reveal themselves...or their dangerous endgame. Jennifer Smythe escapes Earth's invasion by the insidious Kasari race, hijacks an alien starship, and survives the deadly passage through a wormhole. But escape is short-lived... When Jennifer emerges on the new world of Scion, she is confronted by the same deadly enemy. Now the Kasari have sided with the planet's angel-like elite against the warrior underclass, but with the intent of ultimately ruling both. And when Jennifer is captured by the brutish Koranthians, her alien-enhanced abilities make her a crucial asset in battling the Kasari and their winged allies. Back on a divided Earth, Jennifer's brother, Mark, and Jack "the Ripper" Gregory wage their own war against the Kasari. As the global government welcomes the extraterrestrials, Mark, Jack, and their rebel faction seek to use the powerful mind-altering skills gained from the Kasari's sworn enemies to repel the would-be conquerors. But faced with the might of Earth's ruling forces, has the cause already been lost?

Book 1 of the Atopia Series! In the near future, to escape the crush and clutter of a packed and polluted Earth, the world's elite flock to Atopia, an enormous corporate-owned artificial island in the Pacific Ocean. It is there that Dr. Patricia Killiam rushes to perfect the ultimate in virtual reality: a program to save the ravaged Earth from mankind's insatiable appetite for natural resources. A strong narrative with several distinct voices propels the listener through this brave new world, painting a powerful and compelling vision of a society that promises everyone salvation with passage to an addictive, escapist alternative reality."

When the world's greatest evil is resurrected, one young woman is challenged to bury it once and for all. What chance does a young woman stand against the world's supreme evil? Lorness Carol Rafel was prophesied to destroy the unfathomably dangerous Kragan. But as the magic wielder's monstrous horde marches on Endar Pass, razing everything in its wake, Carol fears that Kragan is not only unstoppable but that he has risen from his tomb more powerful than ever. For Kragan, knowing the millennia-old prophecy is his greatest weapon. He has shielded himself from attack with primordial and insidious magics that serve him well, and if he finds the fragments of an ancient trident, it will grant him godhood. Only one thing stands in his way: the woman foreordained to destroy him. Now, stirred by visions of a doomed future, Carol and her companions must risk their very souls and sanity to defeat the tyrant mage. However, in the face of Kragan's machinations, their seeming triumph over the enemy might seal the land's catastrophic fate.

First published in 1991. Routledge is an imprint of Taylor & Francis, an informa company.

The international bestseller and epic adventure A fierce and merciless demon has been unleashed on the world, spreading destruction and bloodshed in both the human and the elven realms. Northlander Jarl Mandred witnesses the ruthless attack on his men, and he seeks vengeance with the help of the elf queen, Emerelle. Despite Mandred's barbaric human nature, the queen orchestrates an elfhunt joined

by the two strongest warriors in Albenmark to pursue the beast. Farodin, the fiercest fighter in the land, and Nuramon, the healer, seize the opportunity to make history alongside Mandred in a life-defining series of battles waged in parallel universes. The Elven is an epic tale, bringing heroes together across the boundaries of their worlds to avenge past losses and influence fates yet to be decided.

The epic fantasy continues as Lorness Carol's burgeoning magical powers are the only hope in a destined war between good and primordial evil... "The silent one in the west has awakened." A tantalizing message reignites Kragan's centuries-old fury to find and exterminate the unwitting young adversary prophesied to destroy him. One step ahead of her pursuer, Lorness Carol, a warlord's daughter and magic wielder, has led her people to a new stronghold in a verdant valley. Here, she's been reunited with Blade, the assassin she has loved since childhood. But her spell book holds the secrets to powers she never imagined--powers that are not only expanding her abilities but challenging her sanity. As Carol grows more desperate to learn and control the powers of enchantment she was born to wield, Kragan and his minions wage a war to destroy Carol's destiny before it's realized. But if her people require the summoning of an ancient darkness to save them, then by all the gods, she will bring it.

Meet Lexi Carmichael, geek girl extraordinaire I spend my days stopping computer hackers at the National Security Agency. My nights? Those I spend avoiding my mother and eating cereal for dinner. Even though I work for a top-secret agency, I've never been in an exciting car chase, sipped a stirred (not shaken) martini, or shot a poison dart from an umbrella. Until today, that is, when two gun-toting thugs popped up in my life and my best friend disappeared. So, I've enlisted the help of the Zimmerman twins—the reclusive architects of America's most sensitive electronic networks—to help me navigate a bewildering maze of leads to find her. Along the way, my path collides with a sexy government agent and a rich, handsome lawyer, both of whom seem to have the hots for me. Hacking, espionage, sexy spy-men—it's a geek girl's dream come true. If it weren't for those gun-toting thugs... This book is approximately 112,000 words Carina Press acknowledges the editorial services of Alissa Davis Other Books in the Lexi Carmichael Mystery Series: No One Lives Twice (Book 1) No One To Trust (Book 2) No Money Down (Book 2.5) — Novella No Place Like Rome (Book 3) No Biz Like Showbiz (Book 4) No Test for the Wicked (Book 5) No Woman Left Behind (Book 6) No Room for Error (Book 7) No Strings Attached (Book 8) No Living Soul (Book 9) No Regrets (Book 10) And Coming Soon: No Stone Unturned (Book 11) No Title Yet (Book 12 — LOL!)

We are alone. That is the verdict, after centuries of Search for Extra-Terrestrial Intelligence missions and space exploration. The only living things in the Universe are found on the Nine Worlds settled from Earth, and the starships that knit them together. Or so it's believed, until Dr. Kimberly Brandywine sets out to find what happened to her clone-sister Emily, who, after the final, unsuccessful manned SETI expedition, disappeared along with the rest of her ship's crew. Following a few ominous clues, Kim discovers the ship's log was faked. Something happened out there in the darkness between the stars, and she's prepared to go to any length to find answers. Even if it means giving up her career...stealing a starship...losing her lover. Kim is about to discover the truth about her sister -- and about more than she ever dared imagine.

Perfect for sending a loved one good wishes, each edition of Saylor's "Blessings" series contains sample blessings plus Scripture verses and inspirational quotations. The front covers have stickers and givers can personalize books with their own blessings.

When Charles, a young blind boy, joins their first-grade class, Anna Maria and the other children feel unsure of themselves and of him until they learn to accept Charles.

They'd been close for years, but suddenly Madeline hungered for John in a new way. When they finally touched, passion set their souls on fire... but their friendship turned to ashes. Now Madeline feared she was no more than a mistress to him. And John was tormented by desire for—and doubts about—Madeline's love. Yes, Madeline loved John. But would love sustain her as they made the sensual journey from friends to lovers?

"Lincoln's Last Hours" by Charles Augustus Leale. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten?or yet undiscovered gems?of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Forced to accompany their parents on their honeymoon in Spain, new stepsisters Amy and Felix find the animosity between them escalating, especially when Felix's boasting about family wealth to Grace, the mysterious world traveler, results in the kidnapping of the girls and their younger brother.

As royal assassin for the Faerie Queen, Claire is used to moving between the mortal world and the Winter Kingdom. When the queen commands her to kill, Claire does the job and doesn't ask questions. Her deadly skills and loyalty are soon tested when Claire is sent to the Immortal Circus. It is one of the many places where "Dream" is harvested from the imaginings of mortals, and someone is causing it to mysteriously disappear. Claire's job is to find the culprit before the Winter Kingdom's supply of Dream is depleted enough to threaten the very survival of the Fey. But when she meets Roxie, a beautiful mortal singer with a strange link to the Dream thieves, Claire quickly recognizes an odd and unexplained connection that may cloud her judgment. As each new clue unveils another secret, Claire finds herself confronting the riddle of her own buried past--and a dangerous illusion that, as part of the Immortal Circus, is just another act in the show.

Shortlisted for the 2014 Gemmell Morningstar Award--Best Debut Novel An uneasy peace has existed since the fall of the Awakened Empire centuries ago. Now the hybrid Av?n share the land with the people they once conquered: the star-born humans; the spectral, undead Nomads; and what remains of the Elemental Masters. With the Empress-in-Shadows an estranged ghost, it is the ancient dynasties of the Great Houses and the Hundred Families that rule. But now civil war threatens to draw all of Shr?an into a vicious struggle sparked by one man's lust for power, and his drive to cheat death. Visions have foretold that Corajidin, dying ruler of House Erebus, will not only survive, but rise to rule his people. The wily nobleman seeks to make his destiny certain--by plundering the ruins of his civilization's past for the arcane science needed to ensure his survival, and by mercilessly eliminating his rivals. But mercenary warrior-mage Indris, scion of the rival House Näsarat, stands most powerfully in the usurper's bloody path. For it is Indris who reluctantly accepts the task of finding a missing man, the only one able to steer the teetering nation towards peace.

An ancient prophecy. A young woman's destiny. Lorness Carol, coming of age in the kingdom of her warlord father, Lord Rafel, aspires to wield magic. But she's also unknowingly become the obsession of Kragan, an avenging wielder as old as evil itself. He's waited centuries to find and kill the female prophesied as the only human empowered to destroy him. However, dispatching the king's assassin, Blade, to Rafel's Keep, ends in treason. For Blade arrives not with a weapon but rather a warning for the woman he's known and loved since he was a child. With a price on his head, Blade flees--as Carol and her family are urged away on their own desperate route of escape. Now, traversing the lawless western borderlands, Carol struggles to understand the uncanny magic she possesses and must learn to master. Though separated, Carol and Blade are still united--not only by the darkness pursuing them both but by a quest toward destiny, revenge, and the revelations of an ancient prophecy that signal the ultimate war between good and evil.

This is the story of two unlikely friends who found out that caring and friendship can last a lifetime.

In a stratified society where contact with the sun is a luxury reserved for the elite, those kept prisoner in the darkness will do anything to find the light. Arden-beautiful, street-smart, and cynical-is one of the

citizens of the lowest level, known as Undercity, of an off-world colony. A blackout band traps Arden in her district, but as sister to the leader of the most powerful gang in Undercity, she has access to the Above. There she meets Dade, one of the few lucky enough to be born into the sun-kissed families who reside in the towers soaring above the rest of the city. But life isn't perfect in the sky. Dade, desperate to escape his upcoming arranged marriage, has a secret of his own, and he's willing to risk everything for it. An unlikely romance develops between the two teens-but their love faces opposition from above and below. When her gang pressures Arden to help break the grip of the elite and end Dade's interference with their drug trade, she is forced to make a deadly choice between love and family loyalty. But will the brewing class war destroy the world around them first?

After the public announcement of the invention of the camera in 1839, photography spread swiftly round the world, and by the early 1850s the medium had become well-established in the Indian subcontinent. In a land characterised by the variety and splendour of its architecture and landscapes, and the diversity of its peoples and customs, India offered the photographic artist an unsurpassed range of subject matter. In addition to the artistic achievements of international masters of photography like Dr John Murray and Samuel Bourne, official encouragement of the medium as a documentary tool came from the East India Company. By the mid-1850s a remarkable visual 'archive' had been created, which charted the architectural heritage and ethnic composition of the subcontinent. This book, which accompanied a major exhibition of 19th century images from India, traces the development of photography from 1850 to 1900, when the ascendancy of the large format camera and print began to crumble in the face of the simplified amateur camera. Drawn from the collections of the British Library, and Howard and Jane Ricketts, the book is illustrated with some of the finest photographs produced in India during the latter half of the nineteenth century, many never previously reproduced.

There is a distinct hint of Armageddon in the air. According to The Nice and Accurate Prophecies of Agnes Nutter, Witch (recorded, thankfully, in 1655, before she blew up her entire village and all its inhabitants, who had gathered to watch her burn), the world will end on a Saturday. Next Saturday, in fact. So the armies of Good and Evil are amassing, the Four Bikers of the Apocalypse are revving up their mighty hogs and hitting the road, and the world's last two remaining witch-finders are getting ready to fight the good fight, armed with awkwardly antiquated instructions and stick pins. Atlantis is rising, frogs are falling, tempers are flaring. . . . Right. Everything appears to be going according to Divine Plan. Except that a somewhat fussy angel and a fast-living demon -- each of whom has lived among Earth's mortals for many millennia and has grown rather fond of the lifestyle -- are not particularly looking forward to the coming Rapture. If Crowley and Aziraphale are going to stop it from happening, they've got to find and kill the Antichrist (which is a shame, as he's a really nice kid). There's just one glitch: someone seems to have misplaced him. . . . First published in 1990, Neil Gaiman and Terry Pratchett's brilliantly dark and screamingly funny take on humankind's final judgment is back -- and just in time -- in a new hardcover edition (which includes an introduction by the authors, comments by each about the other, and answers to some still-burning questions about their wildly popular collaborative effort) that the devout and the damned alike will surely cherish until the end of all things.

Sir Anthony Kenny tells the fascinating story of the development of philosophy in the modern world, from the early nineteenth century to the late twentieth century. Alongside (and intertwined with) extraordinary scientific advances, cultural changes, and political upheavals, the last two centuries have seen some of the most intriguing and original developments in philosophical thinking, which have transformed our understanding of ourselves and our world. In the first part of the book Kenny offers a lively narrative introducing the major thinkers in their historical context. He then proceeds to guide the reader lucidly through the nine main areas of philosophical work in the period, offering a serious engagement with the ideas and arguments. Among those we meet are the great figures of continental European philosophy, from Schopenhauer, Kierkegaard, and Nietzsche to Heidegger and Sartre; the Pragmatists who first developed a distinctively American philosophical tradition; Marx, Darwin, and Freud, the non-philosophers whose influence on philosophy was immense; Wittgenstein and Russell, friends and colleagues who set the agenda for analytic philosophy in the twentieth century. Philosophy in the Modern World brings to completion Kenny's magisterial New History of Western Philosophy. The four volumes have been designed to dovetail with each other: they offer a unified overview of the entire development of philosophy, allowing readers to trace themes through the centuries, from antiquity to the present day. The story is illuminated by a selection of intriguing and beautiful illustrations.

### Song of Edmon47North

When he rebelled against his father, Edmon Leontes lost everything, but a lot has happened in the twelve years since he left his remote home planet of Tao. He has made a new life for himself as the medic aboard a starship, earning his keep traversing the galaxy with a misfit crew. Edmon thinks he has left his tumultuous past behind him, yet all that changes when his father dies. Phaestion, the man he once called brother, has inherited Edmon's birthright. But Phaestion's ambitions of domination are not limited to Tao, and he is not inclined to let a rival--even one in exile--continue living. Phaestion's pursuit of power spans the universe, running afoul of powers no one is fit to be meddling with. Edmon will need to confront his past as he and his crew race across worlds to uncover the origins of the Fracture...and save the universe from complete destruction.

"Everything epic fantasy should be: rich, cruel, gorgeous, brilliant, enthralling and deeply, deeply satisfying. I loved it."—Lev Grossman, author of The Magicians  
When destiny calls, there's no fighting back. Kihrin grew up in the slums of Quur, a thief and a minstrel's son raised on tales of long-lost princes and magnificent quests. When he is claimed against his will as the missing son of a treasonous prince, Kihrin finds himself at the mercy of his new family's ruthless power plays and political ambitions. Practically a prisoner, Kihrin discovers that being a long-lost prince is nothing like what the storybooks promised. The storybooks have lied about a lot of other things, too: dragons, demons, gods, prophecies, and how the hero always wins. Then again, maybe he isn't the hero after all. For Kihrin is not destined to save the world. He's destined to destroy it. Jenn Lyons begins the Chorus of Dragons series with The Ruin of Kings, an epic fantasy novel about a man who discovers his fate is tied to the future of an empire.

This is the fascinating story of the emergence, from the early 16th to the early 19th century, of great ideas and intellectual systems that shaped modern thought. Introducing some of the world's most influential thinkers, including Descartes, Kant and Hume, Kenny looks closely at the main areas of philosophical exploration in this period. A selection of intriguing and beautiful illustrations offer a vivid evocation of the human and social side of philosophy.

From Steve McHugh, the bestselling author of The Hellequin Chronicles, comes a new urban fantasy series packed with mystery, action, and, above all, magic. Layla Cassidy has always wanted a normal life, and the chance to put her father's brutal legacy behind her. And in her final year of university she's finally found it. Or so she thinks. But when Layla accidentally activates an ancient scroll, she is bestowed with an incredible, inhuman power. She plunges into a dangerous new world, full of mythical creatures and menace--all while a group of fanatics will stop at nothing to turn her abilities to their cause. To protect those she loves most, Layla must take control of her new powers...before they destroy her. All is not yet lost--there is a light shining, but

Layla must survive long enough to see it.

The assault on Earth was thwarted by the destruction of the aliens' seed ship, but with Mars still under Lanky control, survivors work frantically to rebuild fighting capacity and shore up planetary defenses. Platoon sergeant Andrew Grayson must crash-course train new volunteers--all while dulling his searing memories of battle with alcohol and meds. Knowing Earth's uneasy respite won't last, the North American Commonwealth and its Sino-Russian allies hurtle toward two dangerous options: hit the Lanky forces on Mars or go after deserters who stole a fleet of invaluable warships critical to winning the war. Assigned to a small special ops recon mission to scout out the renegades' stronghold on a distant moon, Grayson and his wife, dropship pilot Halley, again find themselves headed for the crucible of combat--and a shattering new campaign in the war for humanity's future.

He'd fight an empire to save his family. When his father and crewmates are attacked and killed by a ruthless alien commander, young Galen Bray becomes the new captain of the GHOST STAR, a notorious smuggling vessel. Barely escaping capture, Galen sets out to rescue the only other survivor of the vicious attack, his sister Trem. Along the way, he discovers a mysterious people thought wiped out long ago, his family's surprising origins, and a destiny he never imagined...

In Adam Burch's thrilling series debut, a young man must choose between violence and peace in a distant world divided between those who thrive in endless sunlight and those who survive in eternal darkness. The isolated planet of Tao is a house divided: the peaceful Daysiders live in harmony while the pale Nightsiders pursue power and racial purity through the violent ritual of the Combat. Edmon Leontes, the gentle son of a ruthless warrior noble and a proud Daysider, embodies Tao's split nature. The product of diametrically opposed races, Edmon hopes to live a quiet life pursuing the music of his mother's people, but his Nightsider father cruelly forces him to continue in his bloody footsteps to ensure his legacy. Edmon's defiance will cost him everything...and spark a revolution that will shake the foundations of Tao. His choice—to embrace the light or surrender to the darkness—will shape his own fate and that of his divided world.

"If Donald Westlake had given Dortmund a sword, if Douglas Adams had hitchhiked with a unicorn, Weekes has crafted that rare fantasy novel that both embraces and challenges the genre . . . this is, simply, a terrific damn novel." - Greg Rucka, New York Times bestselling author of Alpha, The Punisher, and Batman  
Loch is seeking revenge. It would help if she wasn't in jail. The plan: to steal a priceless elven manuscript that once belonged to her family, but now is in the hands of the most powerful man in the Republic. To do so Loch — former soldier, former prisoner, current fugitive — must assemble a crack team of magical misfits that includes a cynical illusionist, a shapeshifting unicorn, a repentant death priestess, a talking magical warhammer, and a lad with seemingly no skills to help her break into the floating fortress of Heaven's Spire and the vault that holds her family's treasure — all while eluding the unrelenting pursuit of Justicar Pyvic, whose only mission is to see the law upheld. What could possibly go wrong?
