High school junior Wesley Harris is a stereotypical shy,

soft-spoken nerd. He is obsessed with crafts and art and doesn't even need to come out of the closet to become the target of antigay bullying. Though he has the support of close friends and liberal-minded mother, he finds it hard to believe in himself.

OPERATING INSTRUCTIONS FOR AN EXPLODED POST-NOVEL This is not a novel. Don't think you can just hold your nose and jump into this. You might get boiled or vaporized. Anodized. **THIS IS NOT A NOVEL** Before you start reading an exploded post-novel, you should think strategy. While we do recommend reading this book from front to back--left to right--you can skip around as you please. It is disguised as a scrapbook. You can channelsurf it. Or graze through sections, munch munch munch. After you acquire the taste, you'll feel strong enough to start at the beginning and read through to the end, in precisely that order. Don't take too much at one sitting. Do not overdose. It's dense, fast. Things get technical. There's a relentless quality to the first-person narrative that may exhaust you secondhand. Read only until the vertigo overwhelms you. When you find yourself crying out, "For god's sake, give it a

break!!!." . . well, exactly. Put the book down. . . gently. Rest. Watch TV. Read Ben Is Dead. Go somewhere watery and lie in the hard radiation. Read a nonexploded novel. Take up crime. Then. . . Read a little at a time. Swallow it slowly like creme br-lee. Or hold it in your cheek like Copenhagen Smokeless. But do not rush. If you go slowly enough, by the time you're done, the made-for-TV movie will be out. Starring Steven Seagal as R. U. Sirius and Whoopi Goldberg as St. Jude. Readers can feel the texture of puppies' coats, tongues, and ribbons. On board pages.

Another tender romance about the healing power of love by Jeff Erno, one of the best loved authors of gay fiction. At thirty-eight years of age, Chandler finds himself single and caring for his brother Raymond, who suffers numerous health problems. Mired in grief from the multiple deaths of close family members, he recedes into himself, crippled with anxiety and obsessive-compulsive tendencies. Early one morning Chandler's life is flipped on its end when he encounters his neighbor, twenty-five year old Marcus. Nothing about a relationship with this young man makes sense. For one thing, Marcus is... well... YOUNG. He's also biracial and has all kinds of tattooed muscles! The streetwise Marcus introduces Chandler to an entirely different lifestyle, pulling the would-be hermit from his shell, albeit kicking and screaming. But how long can such a relationship last, and what about Raymond? Chandler fears a guy like Marcus, seemingly perfect in every way, won't be able to truly accept Chandler with all his baggage. An unexpected bombshell detonates and Chandler learns

some unsavory details about Marcus, who he really is, and what he's done in the past. Finally, it's Chandler who must decide if he can accept Marcus' baggage.

More than any other writer, Raymond Chandler (1888-1959) is responsible for raising detective stories from the level of pulp fiction to literature.

Chandler's hard-boiled private eye Philip Marlowe set the standard for rough, brooding heroes who managed to maintain a strong sense of moral conviction despite a cruel and indifferent world.

Chandler's seven novels, including *The Big Sleep* (1939) and *The Long Goodbye* (1953), with their pessimism and grim realism, had a direct influence on the emergence of film noir. Chandler worked to give his crime novels the flavor of his adopted city, Los Angeles, which was still something of a frontier town, rife with corruption and lawlessness. In addition to novels, Chandler wrote short stories and penned the screenplays for several films, including *Double Indemnity* (1944) and *Strangers on a Train* (1951). His work with Billy Wilder and Alfred Hitchcock on these projects was fraught with the difficulties of collaboration between established directors and an author who disliked having to edit his writing on demand. *Creatures of Darkness* is the first major biocritical study of Chandler in twenty years. Gene Phillips explores Chandler's unpublished script for *Lady in the Lake*, examines the process of adaptation of the novel *Strangers on*

a Train, discusses the merits of the unproduced screenplay for Playback, and compares Howard Hawks's director's cut of The Big Sleep with the version shown in theaters. Through interviews he conducted with Wilder, Hitchcock, Hawks, and Edward Dmytryk over the past several decades, Phillips provides deeper insight into Chandler's sometimes difficult personality. Chandler's wisecracking Marlowe has spawned a thousand imitations. Creatures of Darkness lucidly explains the author's dramatic impact on both the literary and cinematic worlds, demonstrating the immeasurable debt that both detective fiction and the neo-noir films of today owe to Chandler's stark vision.

2nd Edition Dumb Jock: Book Three At age sixteen, Todd Hoffman is a social outcast. He lives with his mother in a rundown mobile home and doesn't wear the nice clothes or drive fancy cars like the other students. When Galen Caulfield, Todd's real life object of affection, notices him and asks him out, Todd feels like he's living his fantasy. Soon enough he realizes that fantasy and reality are two very different propositions. Galen is the high school soccer team captain, clearly out of Todd's league. On top of that, he's popular, good-looking, and confident, so everyone thinks he's straight. Now it's up to Todd to decide whether

Galen is the boy of his dreams or just another dumb jock. 1st Edition published by Amazon Digital Services, Aug 24, 2012.

So. Were you glad, deep down? Were you glad to be rid of her? Your perfect sister? Were you secretly glad when she was killed? But when Katherine meets the gregarious and beautiful Alice Parrie her resolution to live a solitary life becomes difficult. Alice's joie de vivre is transformative; it helps Katherine forget her painful past and slowly, tentatively, Katherine allows herself to start enjoying life again. Shocking and utterly absorbing, Rebecca James's strong narrative will grip readers from the very first page. BEAUTIFUL MALICE has become a

The first book by the reclusive inventor of the world's most iconic puzzle THE RUBIK'S CUBE.

Erno Rubik inspires us with what he's learned in a lifetime of creating, curiosity, and discovery. Erno Rubik was a child when he first became obsessed with puzzles of all kinds. "Puzzles," he writes, "bring out important qualities in each of us: concentration, curiosity, a sense of play, the eagerness to discover a solution." To Rubik puzzles aren't just games—they're creativity machines. He encourages us to embrace our inner curiosity and find the puzzles that surround us in our everyday lives. "If you are determined, you will solve them," he writes. Rubik's own puzzle, the Cube, went on to be solved by millions worldwide for over forty years, become one of the bestselling toys of all time, and to be featured as a global symbol of intelligence and ingenuity. In *Cubed*, Rubik covers more than just his journey to inventing his eponymous cube. He makes a case for always being an amateur—something he has always considered himself to be. He discusses the inevitability of problems during any act of invention. He reveals what it was like to experience the astonishing worldwide success of an object he made purely for his own play. And he offers what he

thinks it means to be a true creator (hint: anyone can do it). Steeped in the wisdom and also the humility of a born inventor, Cubed offers a unique look at the imperfect science of creation.

"Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

One accident has turned Jackson's life completely upside down. When Jackson's sister inadvertently posts an ad for a puppy play book instead of his dog training business, his inbox explodes with the most interesting emails he's ever seen. In a sea of kink that he's never even considered, one sweet letter stands out. It's polite and earnest, and something about the two men's words touches him in a way he never expected...but they're not just looking for a lover...they're looking for a master. If finding a master for one pup was hard, finding a master who wanted two was almost impossible. Cooper and Sawyer know that they have a better chance of winning the lottery than meeting the man of their dreams.

Mature, sweet, dominant masters don't just drop out of the sky...and when they add in the fact that they're looking for a man who will love them both, the odds

are astronomical. When they see Jackson's ad online, Cooper couldn't be more excited. He's confident that the mysterious man who hints at being a master will be perfect for them. Sawyer, on the other hand, isn't so sure that everything will go the way Cooper imagines, but saying no to Cooper is like stopping an excitable, well-meaning train. However, when Jackson actually responds to their email, suddenly the impossible seems to be right within their grasp. Sparks and laughter fly as Cooper and Sawyer get to know the man who just might become their accidental master. 65k Words

Intersecting Film, Music, and Queerness uses musicology and queer theory to uncover meaning and message in canonical American cinema. This study considers how queer readings are reinforced or nuanced through analysis of musical score.

Taking a broad approach to queerness that questions heteronormative and homonormative patriarchal structures, binary relationships, gender assumptions and anxieties, this book challenges existing interpretations of what is progressive and what is retrogressive in cinema. Examined films include *Bride of Frankenstein*, *Louisiana Story*, *Rudolph the Red-Nosed Reindeer*, *Blazing Saddles*, *Edward Scissorhands*, *Brokeback Mountain*, *Boys Don't Cry*, *Transamerica*, *Thelma & Louise*, *Go Fish*

and *The Living End*, with special attention given to films that subvert or complicate genre. Music is analyzed with concern for composition, intertextual references, absolute musical structures, song lyrics, recording, arrangement, and performance issues. This multidisciplinary work, featuring groundbreaking research, analysis, and theory, offers new close readings and a model for future scholarship.

Long, long ago in a faraway land, men were men (except when they were wolves), meddling aunts were meddling aunts, evil opportunists were evil opportunists, and heroes weren't always the sharpest swords in the scabbard. By the time Galen Olaf-kin woke up and smelled the spiced ale, it was too late, and he never finished the wicked deed for which he stood trial. Banished from his home, he flees to the forest, taking nothing but the unwanted infant he's rescued. Perhaps the legends are true and the forest lord will take them both in. The lord is said to give sanctuary to outcasts, but none of the stories mention the naughty, tempting things he whispers, or that he shares Galen's forbidden passions. Lord Erik rolls his eyes at the prophecy that says when human hands deliver a babe to the forest, he'll meet the mate destined to reunite forest folk with humankind. What interest has he in a child? The handsome human who brings the babe is another matter entirely, and little things like destiny and his own bumbling won't keep Erik from claiming Galen as his own.

The mystery of the body in motion. The surprise of seeing what seems impossible. And the pure, joyful optimism of it all. *Dancers Among Us* presents one thrilling photograph after another of dancers leaping, spinning, lifting, kicking—but in the midst of daily life: on the beach, at a construction site, in a library, a restaurant, a park. With each image the reader feels buoyed up, eager to see the next bit of magic.

Photographer Jordan Matter started his *Dancers Among Us* Project by asking a member of the Paul

Taylor Dance Company to dance for him in a place where dance is unexpected. So, dressed in a commuter's suit and tie, the dancer flew across a Times Square subway platform. And in that image Matter found what he'd been searching for: a way to express the feeling of being fully alive in the moment, unself-conscious, present. Organized around themes of work, play, love, exploration, dreaming, and more, Dancers Among Us celebrates life in a way that's fresh, surprising, original, universal. There's no photoshopping here, no trampolines, no gimmicks, no tricks. Just a photographer, his vision, and the serendipity of what happens when the shutter clicks.

Bobby has an image to maintain and flatly denies the possibility that his same-sex attractions even exist. He's just too cool to be gay. When they finally connect, their preconceptions are suddenly dwarfed

by what they feel for each other.

This book brings together authoritative voices in animal and environmental ethics, who address the many different facets of changing human-animal relationships in the Anthropocene. As we are living in complex times, the issue of how to

establish meaningful relationships with other animals under Anthropocene conditions needs to be approached from a multitude of angles. This book is of interest to both animal studies scholars and environmental ethics scholars, as well as to practitioners working with animals, such as wildlife managers, zookeepers, and conservation biologists.
