The behind-the-scenes access of Almost Famous meets the searing revelations of metoo in this story of a teen journalist who uncovers the scandal of the decade. Ever since seventeen-year-old Josie Wright can remember, writing has been her identity, the thing that grounds her when everything else is a garbage fire. So when she wins a contest to write a celebrity profile for Deep Focus magazine, she's equal parts excited and scared, but also ready. She's got this. Soon Josie is jetting off on a multi-city tour,

rubbing elbows with sparkly celebrities, frenetic handlers, stone-faced producers, and eccentric stylists. She even finds herself catching feelings for the subject of her profile, dazzling young newcomer Marius Canet. Josie's world is expanding so rapidly, she doesn't know whether she's flying or falling. But when a young actress lets her in on a terrible secret, the answer is clear: she's in over her head. One woman's account leads to another and another. Josie wants to expose the man responsible, but she's reluctant to speak up, unsure if this is her story to tell. What if she lets down the women who have entrusted her with their stories? What if this ends her writing career before it even begins? There are so many reasons not to go ahead, but if Josie doesn't step up, who will? From the author of Full Disclosure, this is a moving testament to the MeToo movement, and all the ways women stand up for each other. "Brave, necessary, and unflinchingly real, Off the Record is an instant classic." --Marieke Nijkamp, #1 New York Times Bestselling author of This Is Where It Ends

Principles of Accounting is designed to meet the scope and sequence requirements of a two-semester accounting course that covers the fundamentals of financial and managerial accounting. This book is specifically designed to appeal to both accounting and non-accounting majors, exposing students to the core concepts of accounting in familiar ways to build a strong foundation that can be applied across business fields. Each chapter opens with a relatable real-life scenario for today's college student.

Thoughtfully designed examples are presented throughout each chapter, allowing students to build on emerging accounting knowledge. Concepts are further reinforced through applicable connections to more detailed business processes. Students are immersed in the "why" as well as the "how" aspects of accounting in order to reinforce concepts and promote comprehension over rote memorization.

A “persuasive and essential” (Matthew Desmond) work that will forever change how we look at life after prison in America through Miller’s “stunning, and deeply painful reckoning with our nation’s carceral system” (Heather Ann Thompson) Each year, more than half a million Americans are released from prison and join a population of twenty million people who live with a felony record. Reuben Miller, a chaplain at the Cook County Jail in Chicago and is now a sociologist studying mass incarceration, spent years alongside prisoners, ex-prisoners, their friends, and their families to understand the lifelong burden that even a single arrest can entail. What his work revealed is a simple, if overlooked truth: life after incarceration is its own form of prison. The idea that one can serve their debt and return to life as a full-fledge member of society is one of America’s most nefarious myths. Recently released individuals are faced with jobs that are off-limits, apartments that cannot be occupied and votes that cannot be cast. As *The Color of Law* exposed about our understanding of housing segregation, *Halfway Home* shows that the American justice system was not created to rehabilitate. Parole is structured to keep classes of Americans impoverished, unstable, and disenfranchised long after they’ve paid their debt to society. Informed by Miller’s experience as the son and brother of incarcerated men, captures the stories of the men, women, and communities fighting against a system that is designed for them to fail. It is a poignant and eye-opening call to arms that reveals how laws, rules, and regulations extract a tangible cost not only from those working to rebuild their lives, but also our democracy. As Miller searchingly explores, America must acknowledge and value the lives of its formerly imprisoned citizens.

If your loved one were to die unexpectedly, would you know where to find his or her life insurance policy? What about the 401(k) plan that your spouse forgot to move/ roll over from Company X? Do you know whom to contact to access this account, or have the account number? Do you know where to find the will, military discharge papers, or stock certificates purchased decades ago? Do you know your spouse's online passwords? If you cannot answer these questions, this workbook may be the best investment you ever made. "The Household Financial Record Book," with its easy-to-use format and examples, allows you or your loved one to list important financial accounts and personal assets and to create a hard copy of online information and critical passwords. Don't be left in the dark. In the event of your loved one's death, online financial account information that has not been systematically ORGANIZED and RECORDED will likely evaporate in cyberspace-but this need not be the case. Imagine the relief your spouse and heirs will feel, when they quickly have the answers they need at their fingertips in this handy "Household Financial Record Book."
