

## R Ry Basic English Grammar Structures And Vocabulary

English Grammar: The Basics Routledge

English Grammar: The Basics offers a clear, non-jargonistic introduction to English grammar and its place in society. Rather than taking a prescriptive approach, this book helps the reader become aware of the social implications of choices they make to use standard or non-standard (regional/dialect) forms. Readers will consider: • what grammar is and how it fits into the structure of language; • how grammar functions in the school curriculum, the press, broadcasting and social media, as well as how these outlets reflect and reinforce our attitudes towards grammar; • differences between speech and writing, as well as between formality and informality; • major different approaches to theorising and describing grammar from important grammarians, including Noam Chomsky and Michael Halliday. Featuring a glossary of key terms and practical tips and insights from the author's 50+ years of language teaching experience around the world, this book is for anyone who has ever found themselves questioning the 'rules' of the English language.

This book was first published in 1954, A Modern English Grammar on Historical Principles is a valuable contribution to the field of English Grammar and Linguistics.

Noun - ????????????, Adjective - ????????????, Article - ??????????????????, Adverb - ??????????????, Preposition - ??????????????????, Conjunction – ??????????????????.

A new edition of the ground-breaking undergraduate textbook on modern Standard English grammar, now completely rewritten and updated.
