In this “compelling, bighearted, emotionally precise page-turner” (Sunday Times), the New York Times bestselling writer and acclaimed television host explores the aftermath of a tragedy on a small-town to illuminate the shame and longing that can flow through generations—and how the secrets of the heart cannot stay buried forever. It is 1987 and a small Irish community is preparing for a wedding. The day before the ceremony, a group of young friends, including the bride and groom, are involved in an accident. Three survive. Three are killed. The lives of the families are shattered and the rifts between them ripple throughout the small town. Connor survived, but living among the angry and the mourning is almost as hard as carrying the shame of having been the driver. He leaves the only place he knows for another life, taking his secrets with him. Travelling first to Liverpool, then London, he eventually makes a home—of sorts—for himself in New York, where he finds shelter and the possibility of forging a new life. But the secrets—the unspoken longings and regrets that have come to haunt those left behind—will not be silenced. Before long, Connor will have to confront his past. A powerful and timely novel of emigration and return, *Home Stretch* demonstrates Norton’s keen understanding of the power of stigma and secrecy—and their devastating effect on ordinary lives.

Alice in Wonderland (also known as *Alice's Adventures in Wonderland*), from 1865, is the peculiar and imaginative tale of a girl who falls down a rabbit-hole into a bizarre world of eccentric and unusual creatures. Lewis Carroll's prominent example of the genre of "literary nonsense" has endured in popularity with its clever way of playing with logic and a narrative structure that has influenced generations of fiction writing.

Winner of the Pulitzer Prize in Fiction Shortlisted for the Man Booker Prize New York Times Bestseller A New York Times Notable Book and a Washington Post, Time, Oprah Magazine, Newsweek, Chicago Tribune, and Kirkus Reviews Best Book of 2018 "The best novel ever written about trees, and really just one of the best novels, period." —Ann Patchett *The Overstory*, winner of the 2019 Pulitzer Prize in Fiction, is a sweeping, impassioned work of activism and resistance that is also a stunning evocation of—and paean to—the natural world. From the roots to the crown and back to the seeds, Richard Powers’s twelfth novel unfolds in concentric rings of interlocking fables that range from antebellum New York to the late twentieth-century Timber Wars of the Pacific Northwest and beyond. There is a world alongside ours—vast, slow, interconnected, resourceful, magnificently inventive, and almost invisible to us. This is the story of a handful of people who learn how to see that world and who are drawn up into its unfolding catastrophe. One of the Millions's Most Anticipated Books of 2021 *America's* modern culinary history told through the lives of seven pathbreaking chefs and food writers. Who's really behind America's appetite for foods from around the globe? This group biography from an electric new voice in food writing honors seven

extraordinary women, all immigrants, who left an indelible mark on the way Americans eat today. *Taste Makers* stretches from World War II to the present, with absorbing and deeply researched portraits of figures including Mexican-born Elena Zelayeta, a blind chef; Marcella Hazan, the deity of Italian cuisine; and Norma Shirley, a champion of Jamaican dishes. In imaginative, lively prose, Mayukh Sen—a queer, brown child of immigrants—reconstructs the lives of these women in vivid and empathetic detail, daring to ask why some were famous in their own time, but not in ours, and why others shine brightly even today. Weaving together histories of food, immigration, and gender, *Taste Makers* will challenge the way readers look at what's on their plate—and the women whose labor, overlooked for so long, makes those meals possible.

THE COMPELLING STORY OF THE EXTRAORDINARY LIFE OF THE MOTHER OF AMERICAN CIVIL RIGHTS ICON, MALCOLM X. SHORTLISTED FOR THE BIOGRAPHERS' CLUB, TONY LOTHIAN PRIZE AND THE RANDOM HOUSE BEST FIRST CHAPTER this story is "told with passion and immediacy" and "a major contribution to Black history". Louise Little was the mother of Malcolm Little, the man who would become the American civil rights icon Malcolm X. Drawing on a wide range of previously unseen sources, *The Life of Louise Norton Little* tells of Louise's early life in Grenada and journey to Canada and the United States. Louise was a proud and independent black woman. She and her children endured many injustices at the hands of the welfare system. In later life, unfairly judged insane after the birth of her eighth child, she was incarcerated for over 25 years in Kalamazoo State Hospital, until her family eventually secured her release. Malcolm described his hospital visits to Louise as: "trying to walk up the side of a hill of feathers. I looked at her. I listened to her 'talk'. But there was nothing I could do." Despite its tragedies, Louise's story is ultimately one of courage and an abiding sense of civil rights and social justice. These are the values she passed to all of her children and their descendants. 25% every book bought contributes to a fund benefitting women of color and to further the legacy of Louise Norton Little. The funding will be administered by her youngest daughter Yvonne Little's daughters.

What is race and why does it matter? Why does the presence of Others make us so afraid? America's foremost novelist reflects on themes that preoccupy her work and dominate politics: race, fear, borders, mass movement of peoples, desire for belonging. Miniature people who live in an old country house by borrowing things from the humans are forced to emigrate from their home under the clock.

A New York Times bestseller From Graham Norton—the BAFTA Award-winning and hugely popular BBC America television host—comes a charming debut novel set in an idyllic Irish village where a bumbling investigator has to sort through decades of gossip and secrets to solve a mysterious crime. "With its tale of provincial life, gimlet-eyed spinsters, and thwarted love...it feels almost like a Miss

Marple mystery written by Colm Tóibín” (The New York Times). The remote Irish village of Duneen has known little drama, and yet its inhabitants are troubled: Sergeant P.J. Collins hasn’t always been this overweight; Brid Riordan, a mother of two, hasn’t always been an alcoholic; and elegant Evelyn Ross hasn’t always felt that her life was a total waste. So when human remains—suspected to be those of Tommy Burke, a former lover of both Brid and Evelyn—are discovered on an old farm, the village’s dark past begins to unravel. As a frustrated P.J. struggles to solve a genuine case for the first time in his professional life, he unearths a community’s worth of anger and resentments, secrets and regrets. Darkly comic, at times profoundly sad, and “especially inviting because of its tongue-in-cheek wit” (Kirkus Reviews), *Holdings* is a masterful debut. Graham Norton employs his acerbic humor to breathe life into a host of lovable characters, and explore—with searing honesty—the complexities and contradictions that make us human.

A sumptuously annotated edition of a classic work by the author of the Caldecott Medal-winning *Goodbye Window* incorporates interviews with the author and illustrator, excerpts from Juster's drafts, and cultural and literary commentary.

An engrossing examination of the science behind the little-known world of sleep. Like many of us, journalist David K. Randall never gave sleep much thought. That is, until he began sleepwalking. One midnight crash into a hallway wall sent him on an investigation into the strange science of sleep. In *Dreamland*, Randall explores the research that is investigating those dark hours that make up nearly a third of our lives. Taking readers from military battlefields to children’s bedrooms, *Dreamland* shows that sleep isn’t as simple as it seems. Why did the results of one sleep study change the bookmakers’ odds for certain Monday Night Football games? Do women sleep differently than men? And if you happen to kill someone while you are sleepwalking, does that count as murder? This book is a tour of the often odd, sometimes disturbing, and always fascinating things that go on in the peculiar world of sleep. You’ll never look at your pillow the same way again.

When New York Times bestselling author and comedian Jim Norton isn't paying for massages with happy endings, or pretending to be fooled by transsexuals he picks up, he spends his time wondering what certain people would look like on fire... What do Heather Mills, the Reverend Al Sharpton, and Dr. Phil have in common? Jim Norton hates their guts. And he probably hates yours, too, especially if you're a New York Yankee, Starbucks employee, or Steve Martin. In thirty-five hilarious essays, New York Times bestselling author and comedian Jim Norton spews bile on the people he loathes. Enjoy his blistering attacks on Derek Jeter, Hillary Clinton, fatso Al Roker, and mush-mouthed Jesse Jackson. It's utterly hilarious -- and utterly relatable if you've ever bitten a stranger's face or thrown a bottle through the TV screen while watching the news. But don't think Jim just dishes loads of shit on his self-proclaimed enemies; he is equally atrocious to himself. He savages himself for his humiliating days as a white homeboy, his balletlike spins in the outfield during a little league game, and his embarrassingly botched attempt at a celebrity shout-out while taping his new HBO stand-up series.

Uncomfortably honest, *I Hate Your Guts* is probably the best example of emotional vomiting you'll ever read. But there is hope; at the end of each essay, Jim generously offers helpful suggestions as to how the offender can make things right again: Eliot Spitzer: If you run for re-election, instead of shaking hands with voters, let them smell your fingers. Reverend Al Sharpton: The next time you feel the need to protest, do so dressed as an elk in Ted Nugent's

backyard. Hillary Clinton: When you absolutely must make a point of laughing publicly, don't fake it. Just think of something that genuinely makes you laugh, like lowering taxes or any random male having his penis cut off. For the legions of devoted fans who know Jim Norton for his raw, sometimes brutal comedy, *I Hate Your Guts* is what you've been waiting for. But even more important -- it's a great book to read while taking a shit.

Graham Norton, whose impish charm and quick wit has earned him a place in our hearts, looks back at his life so far. In his own words, *SO ME* is 'a real romp through a journey from living in a cockroach-infested council flat in Hackney to buying Claudia Schiffer's townhouse in Manhattan, from my mother dragging me to school to me dragging her to Sharon Stone's house for New Year's brunch'. From a not-so miserable Irish childhood to dropping out of Cork University and joining a commune of hippies in San Francisco, from his disastrous attempts at becoming a serious actor to the rise of his comedy career in London, this is a hilarious, insightful and moving account of a colourful life.

In Frederick Douglass' 1845 memoir, the former slave and famous orator, describes the events of his life including the brutal treatment that he experienced and witnessed, at the hand of slave masters. This book is the most famous narrative, told from a former slave during this time period. The memoir is considered to be one of the most influential pieces of literature that fueled the abolitionist movement in the United States.

Tommy's so excited that his mom is having a baby, and he asks her for a baby sister with a red ribbon in her hair. But he didn't ask for stern Nana Fall-River to come while his mom is in the hospital. Tommy and Nana don't get along very well, but when little Maureen is born, all the trouble is forgotten.

A journey through a land where Milo learns the importance of words and numbers provides a cure for his boredom.

From Graham Norton—the BAFTA Award–winning Irish television host and author of the “charming debut novel” (*New York Journal of Books*) *Holding*—a masterly and haunting tale of secrets and ill-fated love follows a young woman as she returns to Ireland after her mother’s death and unravels the identity of her father. When Elizabeth Keane returns to Ireland after her mother’s death, she’s

focused only on saying goodbye to that dark and dismal part of her life. Her childhood home is packed solid with useless junk, her mother's presence already fading. But within this mess, she discovers a small stash of letters—and ultimately, the truth. Forty years earlier, a young woman stumbles from a remote stone house, the night quiet except for the constant wind that encircles her as she hurries deeper into the darkness away from the cliffs and the sea. She has no sense of where she is going, only that she must keep on. With wistful and evocative prose, *A Keeper* is sure to appeal to “fans of sensitive character studies” (*Publishers Weekly*) and brilliantly illustrates Graham Norton's clear-eyed understanding of human nature and its darkest flaws.

Rush's *Mating*, Ann Patchett's *State of Wonder*, Barbara Kingsolver's *The Poisonwood Bible*, and Peter Matthiessen's *At Play in the Fields of the Lord*—will be drawn to this astonishingly gripping and accomplished first novel. A decade in the writing, this is an anthropological adventure story that combines the visceral allure of a thriller with a profound and tragic vision of what happens when cultures collide. It is a book that instantly catapults Hanya Yanagihara into the company of young novelists who really, really matter. In 1950, a young doctor called Norton Perina signs on with the anthropologist Paul Tallent for an expedition to the remote Micronesian island of Ivu'ivu in search of a rumored lost tribe. They succeed, finding not only that tribe but also a group of forest dwellers they dub "The Dreamers," who turn out to be fantastically long-lived but progressively more senile. Perina suspects the source of their longevity is a hard-to-find turtle; unable to resist the possibility of eternal life, he kills one and smuggles some meat back to the States. He scientifically proves his thesis, earning worldwide fame and the Nobel Prize, but he soon discovers that its miraculous property comes at a terrible price. As things quickly spiral out of his control, his own demons take hold, with devastating personal consequences.

From humble beginnings in 1907 to a last flash of glory in 1961 Norton was in the forefront of international Grand Prix racing. Rem Fowler's win at the inaugural 1907 Isle of Man Tourist Trophy was the precursor of a remarkable 34 victories at that challenging circuit. Their 'works' riders were the very best of that era; names such as Guthrie, Woods, Hunt and Simpson who left an indelible imprint on the racing scene. In a post-war scenario new names emerged; the greatest of their time; Bell, Duke, Surtees and other greats; alas by that stage the circuits were dominated by Italy with their multi-cylinder designs. Nevertheless in 1961 Norton glory at the TT was briefly restored by Mike Hailwood's Senior win and Phil Read's Junior victory. The popular stand-up comedian offers an offbeat, frequently raunchy memoir of his life, in which he shares his affinity for hookers, the time he stalked Black Sabbath and Alan Alda, his experiences with Opie and Anthony, his arrest on the infamous Voyeur Bus, and other controversial events. Reprint.
