The discovery of the mutilated corpse of a legal secretary in the garden of her employer's house presents an intriguing problem for the west Yorkshire police force. The absence of any motive or credible suspects make it seem that they are heading for a dead end. Unknown to the police, this murder was an act of revenge, carried out by an unsuspecting man, manipulated by a malevolent controller who has infiltrated his mind. For the controller, this act was retribution, but he soon escalates it to another level, regarding it as a game. He presents the police with yet another murder and as suspects line up, confusion reigns. He cares little about who suffers in this bizarre game. The outcome is uncertain and the reader is challenged to identify the real perpetrator. The first part of a trilogy, this book merely whets the appetite. “A poignant, unapologetically southern, laugh out loud look at what it means to truly be seen and loved.” – Kait Nolan A sexy military pilot is about to meet his match in an unpredictable physics professor! Kaci Boudreaux is every Southern mama's nightmare, including her own. This former Miss Grits would rather tromp around in boots shooting off potato guns—and her mouth—than dress pretty and play nice with the boys. Especially her chauvinistic fellow professors, her ex-husband, and those military cargo pilots she accidentally started a war with. Lance Wheeler is every Southern belle's dream, except his ex-fiancé's. After being left at the altar, he'd love to take his C-130 and fly far, far away. But since his bird technically belongs to Uncle Sam (as does he), a distraction in the form of a feisty fireball of a physics professor will do while he's waiting for his next deployment with the Air Force. He's into her for the fun. She's into him for the challenge. But when their secrets start slipping out, their hearts will be on the line. She needs roots. He wants to see the world. What will they do about needing each other?

She wants to see him get wild and he thinks she needs Jesus. When AJ Adams is coerced into

tutoring Brock Larson, she can't help but wonder what she's done to deserve such an epic punishment. He's the very definition of an All-American good boy-and a total kiss ass. He's the perfect son, the perfect student, and according to rumor, by far the best golfer the university has ever seen. Puh-lease. If he's so perfect, why does he need tutoring? With his British Literature grade circling the drain, Brock knows he needs help. But when he meets his tutor, he can't believe his friggin' luck. Abby Jane no longer resembles the childhood best friend he used to play hide and seek with. No, she's all attitude and pink hair and tattoos. Oh, and she hates him, so that's a plus. Brock and AJ couldn't clash more and antagonizing one another is just too easy. But, as they spend more time together, the lines begin to blur, leading them to realize they have more in common than what meets the eye. Hate. Lust. Love. They all look the same when you're in denial, and everyone knows you can't control your rebel heart.

All three books in the highly praised Dust Lands trilogy, which MTV's Hollywood Crush blog called "better than The Hunger Games," are now available in a collectible paperback boxed set. In *Blood Red Road*, Saba is forced to flee Silverlake, a dried-up wasteland ravaged by constant sandstorms, when four cloaked horsemen capture her beloved twin brother Lugh. Suddenly thrown into the lawless, ugly reality of the outside world, Saba discovers she is a fierce fighter—and when she teams up with a handsome daredevil named Jack and a gang of girl revolutionaries, Saba stages a showdown that will change the course of her civilization. The action continues in *Rebel Heart* when a new enemy arises, and Saba needs all of her warrior's strength just to survive. The stakes only get higher in *Raging Star*. Because although Saba knows how to fight—she's not called the Angel of Death for nothing—sometimes there are fights that cannot be won. How much will she sacrifice to save the people she loves? This riveting trilogy is "a natural for Hunger Games fans" (*Publishers Weekly*) that makes an ideal gift. Saba has rescued her kidnapped brother and defeated the fanatical Tonton. For ten years Kevin Toolis investigated the lives of the IRA soldiers who wage a secret battle against the British State. His journeys took him from the back kitchens of Belfast, where men joked while making two-thousand-pound bombs, to prisons for interviews with men serving life sentences, and to the graveyards where mourners weep. Each chapter explores a world where history, faith, and human savagery determine life and death. At once moving and harrowing, *Rebel Hearts* is the most authoritative and insightful book ever written on the IRA. Daniel Nash struggles to reconcile his feelings of
