Rebecca Donnelly's *How Slippery Is a Banana Peel?* is a picture book companion to *Cats Are a Liquid* celebrating the science and the slipperiness of banana peels—a perfect introduction to friction, featuring illustrations by Misa Saburi. Volcanoes roar, But banana peels race. Rockets soar, Like bananas through space. A group of kid-experimenters at a science fair explore the slipperiness of banana peels—a perfect introduction to scientific concepts! It's funny and STEM-inspired, with back matter on friction and a kitchen science experiment. These playful and mischievous banana peels will capture the imagination of readers. Takes the reader and child through a number of adventures with unique human and animal characters. The child learns a code to live by, including character building traits like honesty, courage, and loyalty.

If you can build websites with CSS and JavaScript, this book takes you to the next level—creating dynamic, database-driven websites with PHP and MySQL. Learn how to build a database, manage your content, and interact with users. With step-by-step tutorials, this completely revised edition gets you started with expanded coverage of the basics and takes you deeper into the world of server-side programming. The important stuff you need to know: Get up to speed quickly. Learn how to install PHP and MySQL, and get them running on both your computer and a remote server. Gain new techniques. Take advantage of the all-new chapter on integrating PHP with HTML web pages. Manage your content. Use the file system to access user data, including images and other binary files. Make it dynamic. Create pages that change with each new viewing. Build a good database. Use MySQL to store user information and other data. Keep your site working. Master the tools for fixing things that go wrong. Control operations. Create an administrative interface to oversee your site.

This powerful drama examines the fears of parents driven to do "the right thing" when the safety of their daughter is in doubt. A mother and father who learn that the next door neighbor is a convicted child molester consider both vigilance and vigilantism before being forced into action by a pair of child advocacy crusaders. The shocking climax hits a raw nerve, leaving the audience to consider where the line between right and wrong lies. *Mr. Bundy* was a hit at the 1998 Humana Festival at Actors Theatre of Louisville. -- Publisher's website.

After relentlessly studying the teachings of legendary healers, such as Dr Arnold Ehret and Dr Robert Morse, we set out on a journey of healing ourselves and reversing our very own conditions. Within our group, we were suffering from a range of diverse diseases and conditions, including Heart Disease, Kidney Disease, Diabetes, a variety of Autoimmune Diseases and Leaky Gut. During our healing journeys, we formed a journal that we would use on a daily basis, and this helped us to incorporate all of the lessons and tips that we had learnt and refined along the way - in short, it acted as a check list. It was important to us to not miss out on any knowledge and practices that had served us well. This journal is designed to guide and support you through your own

journey with the core healing protocols included within its theme. One of the key conclusions that we reached through our individual journeys was that whether you are a sufferer of Holoprosencephaly-Caudal Dysgenesis Syndrome, or any other condition, the same protocol that we used applies. However, dependant on the severity of your Holoprosencephaly-Caudal Dysgenesis Syndrome, you may need to follow the protocols for longer, using specific herbs in order to achieve positive results, but you can make your own adjustments as you learn more. The great news is that all information and resources are readily available for personal study and application. Dr Arnold Ehret's books can be downloaded freely if you search for "arnold ehret books pdf". Visit rawfigs.com for Dr Robert Morse videos which can be searched through by keywords via the search bar. With this journal and your newly acquired knowledge, we trust that you will also soon start to experience the positive results that we did, along with the many others that send us regular positive feedback. We wish you all the best. The Health Formation Team

In How to Super Tune and Modify Holley Carburetors, best selling author Vizard explains the science, the function, and most importantly, the tuning expertise required to get your Holley carburetor to perform its best for your performance application.

First published in 1927, J. W. N. Sullivan's "Beethoven - His Spiritual Development" explores the subject of Beethoven's spirituality, which the author believes he expressed through his greatest musical compositions. Contents include: "Art and Reality", "Music as Isolated", "Music as Expression", "Beethoven's Characteristics", "The Morality of Power", "The Mind of Beethoven", "The Hero", "The End of a Period", "Love and Money", "The Hammerclavier Sonata", "God the Companion", etc. A fascinating study of Beethoven's work not to be missed by fans of classical music. John William Navin Sullivan (1886–1937) was a popular literary journalist and science writer who wrote some of the first accounts of Albert Einstein's General Theory of Relativity for the laymen. Sullivan was acquainted with a number of important writers in 1920s London including T. S. Eliot, Aldous Huxley, and Aleister Crowley. Read & Co. Books is republishing this classic work now in a new edition complete with a specially-commissioned new biography of the author.

A book that is a little mystical and asks the question whether or not a fallen feather is part of the very Bird it has fallen off or is it not? Also, how the Lord God Almighty notes and notices each and every feather that falls off the very Bird's of the Air!

"Solveig Hisdal is not only aware of the knowledge housed in Norway's museums, she has also learned how to use it. She has visited museums throughout the country, searching eagerly for the treasures that her ancestors left behind. She has found textiles, chests, cabinets and old folk costumes that have later become her greatest source of inspiration. This book is a result of her quest, and it shows how the creativity of the past has inspired her to make beautiful knitted designs. It contains wonderful knitting ideas for almost all occasions, from a child's christening outfit to an exquisite, knitted bridal cardigan with beads and silk. Whether you wish to be inspired by the beautiful pictures, or knit some of the outfits -- enjoy the book!"--P. [4] of cover.

The second in the Electra McDonnell series from Edgar-nominated author Ashley Weaver, *The Key to Deceit*, is a delightful World War II mystery filled with spies, murder, romance, and wit. London, 1940. After years of stealing from the rich and giving to the poor—well, to themselves, anyway—Ellie McDonnell and her family have turned over a new leaf as they help the government's war effort. It's true that the straight-laced Major Ramsey didn't give them much choice, but still, Ellie must admit she doesn't miss breaking and entering as much as she might have thought. What she does miss is the challenge of unlocking an impossible code and the adrenaline rush that comes from being somewhere she shouldn't. So when Major Ramsey turns up unannounced with another job, she can't say no. A woman's body has been

ideas in differential topology. Among the topics covered are smooth manifolds and maps, the structure of the tangent bundle and its associates, the calculation of real cohomology groups using differential forms (de Rham theory), and applications such as the Poincaré-Hopf theorem relating the Euler number of a manifold and the index of a vector field. Each chapter contains exercises of varying difficulty for which solutions are provided. Special features include examples drawn from geometric manifolds in dimension 3 and Brieskorn varieties in dimensions 5 and 7, as well as detailed calculations for the cohomology groups of spheres and tori.

Finalist for the Edgar Award: "McCoy is so noir he makes most other Scottish cops seem light grey." —The Times An up-and-coming footballer has met an untimely end—and in a spectacularly gruesome fashion, topped off with the words Bye Bye carved into his chest. Harry McCoy knows this kind of violence indicates a personal, passionate motive, and since the footballer's future father-in-law is a notorious local gangster, that's where Harry starts his investigation. The case will take him into the seamy, drug-drenched underworld of 1970s Glasgow, and into his own dark childhood memories, in this intense crime thriller from Alan Parks, considered in "the top class of Scottish noir authors" (The Times). "Dissects a city where cops and crooks depend on one another to maintain order." —The Wall Street Journal "Riveting . . . The macabre and morally ambivalent February's Son is not one that will be quickly or easily forgotten." —The National "McCoy's Glasgow is a dark, brooding city, where the line between the police and the underworld is frequently blurred." —Herald Ending Up is a grimly hilarious dance of death, full of bickering, bitching, backstabbing, drinking (of course), and idiocy of all sorts. It is a book about dying people and about a dying England, clinging to its memories of greatness as it succumbs to terminal decay. Everyone wants a comfortable place to die, and Kingsley Amis's characters have found it in Tuppenny-happeney Cottage, where assorted septuagenarians have come together to see one another out the door of life. There's grotesque Adela, whose sole passion is her cheapness; her brother Brigadier Bernard Bastable, always strategizing a new retreat to the bathroom before sallying forth to play some especially nasty practical joke; Shorty, the servant, who years ago had a fling with the brigadier in the barracks and now organizes his day around a trail of hidden bottles; George Zeyer, the distinguished professor of history, bedridden and helpless to articulate his still-coherent thoughts; and Marigold, who slowly but surely is forgetting it all. And now it is Christmas. Children and grandchildren are coming to visit their ailing elders. They don't know what lies in store before the story ends. None of us do.

The barista drew an imprint of a rose in the foam in the cup of espresso, but no one would notice it. The customer would drink it without ever taking a moment to admire his masterpiece. Nothing ever changed. Each cup he brewed wounded his spirit. But the course of the Lebanese youth's life changes forever when he meets a Spanish nomad named Raphael, who tells him about the Great Guru in Rishikesh, India. "I have to remind you, there is no guarantee that the Great Guru

will see us," Raphael warned. "In my brief meditation, I heard the song, and now I seek the choir," Matias said. "I have to try." As we follow Matias' journey from an ambitious youth to a seeker of truth, we learn life lessons along with him and call out our innocence from its hiding place in our hearts.

FINAL RECKONING With the Montana Militia's ringleader still at large, the manhunt intensified. Big Sky forged a plan to take Boone Fowler down after they discovered he had set up shop on Courtney Rogers's spread. A master of disguise, Riley Watson infiltrated the Golden Saddle ranch to capture the sinister fugitive and unveil his terrorist bankroller. Riley was unexpectedly caught off guard by the very pregnant ranch owner who had been targeted by his enemy. Electric currents sparked between them after he snatched Courtney out of harm's way—and thawed her icy reserve with red-hot passion. Now, with innocent lives at stake, this tenacious bounty hunter vowed to protect Courtney from the deadly showdown...without blowing his cover!
